

NEWS of SCHOOLS and COLLEGES

HOW TO EARN WAY THROUGH COLLEGE

Subject Treated in a Pamphlet Recently Issued by Employment Bureau.

MANY DO IT EVERY YEAR

"How can I earn my way through college?" is a question that is puzzling many an ambitious young man and woman at this time.

The opening of the new school year draws on and with many it is a choice between earning their way through to a higher education or not getting any higher education at all.

Therefore, a pamphlet which has been issued recently by the student employment bureau of the University of Wisconsin on this subject is of interest.

The bureau, which is maintained under the direction of the alumni association, assisted 416 students in getting work during the last year. About 446 of them came from Wisconsin. Permanent positions were obtained for 119 students and 411 jobs were secured.

Kinds of Work. The new pamphlet contains detailed information as to the kinds of work to be had and instructions to new students as to how to get in touch with it. In addition, the regular expenses of a new student at the university are listed, together with some estimates in regard to unexpected expenses that may arise.

Students trained along some line such as stenography or carpentry are very much in demand, but for untrained labor there are often four or five candidates for each job. Students who are willing to bear a heavy load of labor or to take care of lawns or attend to furnaces are often enabled to make a large part of their extra expenses and sometimes to earn as much as \$15 during the year at odd jobs.

New students are warned against coming to the university with less than \$150 above their entrance fees because of the many incidental expenses and the difficulties which may arise if their studies suffer because of too much time devoted to outside work. This pamphlet may be secured from the alumni headquarters.

Moyer Again Chosen President of W. F. M.

Great Falls, Mont., July 23.—Charles H. Moyer was re-elected president of the Western Federation of Miners, defeating George Powell, candidate of the anti-administration faction, by 1,566 votes, according to the report of the canvassing committee made yesterday.

The report was adopted by the committee after a wordy engagement of half an hour, during which it was charged that the canvassing committee was being muzzled. The vote for president was: Charles H. Moyer, 4,510; George Powell, Miami, Ariz., 2,984.

Vice President C. E. Mahoney, who occupied the chair, ruled that the committee had canvassed the vote, as shown on the face of the election returns from the various locals, and that the number of votes could not be changed by an investigation.

Secretary's Piercing Pain. You can depend upon Sloan's Lintment to kill the nerve pains of sciatica; it penetrates without rubbing. Only 35c.—Adv.

"I START YOU AT \$900.00 PER YEAR (Cred. Sum.)"

Hibernians Close Convention After Electing Officers

Boston, July 23.—The national convention of the Ancient Order of Hibernians was brought to a close yesterday with the re-election of the officers of the last administration and the selection of San Francisco as the place of the next convention. The victory for the administration forces over the opposition, which was represented largely by delegates interested in the teaching of Irish history in the schools, was a pronounced one.

The national president, Joseph McLaughlin of Philadelphia, was re-elected over Michael G. Rohan of Milwaukee, a professor in Marquette university, who had been chairman of the Irish history committee of the order. President McLaughlin received 250 votes and Prof. Rohan 159. Other officers elected were: Patrick F. Cannon, Clinton, Mass., vice president; Peter J. Doyle, Montreal, Canadian vice president; Thomas J. Mathews, Providence, R. I., secretary, and Michael W. Delaney, Chicago, treasurer.

Philip J. Sullivan of Thompsonville, Conn., the retiring secretary, was chosen a national director. Edward R. Hayes, New Brunswick; James Clancy, Ishpeming, Mich.; John E. Healy, Wilmington, Del., and Myles McParland, Brooklyn, N. Y., were re-elected directors. The vote on the selection of the next convention city resulted in a victory for San Francisco over Wilmington, Del., by 139 to 40.

The sum of \$3,200 was pledged for relief of dependents of Irishmen killed in the recent rebellion in Dublin. Members of the ladies' auxiliary chose as their president Mrs. Mary F. McWhorter of Chicago. Mrs. Adella Cristy of Cleveland was elected vice president and Mrs. Susan H. McNamee of Medford, Mass., national secretary. Miss Margaret McCandless of Pennsylvania was re-elected treasurer.

Syrians Want Books In Their Own Tongue

An indication of the cosmopolitan character of the population of Omaha is found in a request received Saturday by Miss Edith Tobit, librarian of the public library. Forty-five or fifty inhabitants of Omaha of Syrian birth have requested that the library purchase some Syrian books.

Miss Tobit confesses that she is unable to read the Syrian script, which commences on the right-hand margin of the page and reads to the left, but she will send the list to the New York public library, which maintains a staff of translators and linguists who will make an estimate as to the probable expense of the books. The library now has a small list of Russian classics for the benefit of the Russian readers of the city.

Senate Cuts Budget Of Several Million For "Mexican War"

Washington, July 23.—Millions of dollars in appropriations provided in the army bill in anticipation of a Mexican campaign were voted out of the measure yesterday in the senate on recommendations of the military committee and Chairman Chamberlain's declaration that there now seemed little likelihood of a conflict and that the possibility of the National Guard crossing the border seemed remote.

More than \$36,000,000 provided for foreign service pay, maintenance, transportation and other expenses for an army field on a campaign, were lopped off the \$300,000,000 bill. Senator Wadsworth declared mobilization of the Guard was a "glorious success," and doubted if any army in the world had been transported so long a distance with such good accommodations for the troops.

Still a Hitch in the Mexican-U. S. Parleys

Washington, July 23.—Acting Secretary Polk held his fifth conference yesterday with Eliseo Arredondo General Carranza's ambassador-designate, in an effort to arrive at an agreement regarding the proposed negotiations for settlement of matters in dispute between the two governments. Despite the fact that no announcement followed, today's meeting was construed to mean that a satisfactory reply had not been received from Mexico City to Washington proposals to the commission plan suggested by General Carranza.

It has not been disclosed whether a serious disagreement has arisen, although both conferees said progress was being made, indicating their belief that any misunderstanding that may have arisen as to the scope of the proposed negotiations might be cleared away by further exchange of views.

Mexican Paper Hears U. S. Force Withdrawn

El Paso, Tex., July 23.—A two-column story, purporting to be a dispatch from El Paso, announcing the withdrawal from Mexican soil of the American expeditionary forces, was printed July 19 in El Democrita of Chihuahua City, copies of which reached here today. The story said that the action was taken upon order of "General Baker," American secretary of war, and added that he had an idea the guardsmen at the border would now be sent to their respective states.

Will mail a full line of Chiropractic Literature on request to do so.
10 Years in Business. 4,000 Graduates. 500 Students in Classes. No Correspondence Courses.

Arab Rebels Battle Turks in Old Medina

London, July 23.—Authentic news has been received in Cairo, Egypt, says Reuter's correspondent there, that serious engagements took place recently near Medina, Arabia, between Arab revolutionists and the Turkish garrison. The garrison made a sortie against the Arabs, who were besieging the town from the southern side.

In the fighting that followed the Turks are said to have lost 2,500 men, while the losses of the Arab forces under command of the grand shah of Mecca, leader of the rebels, lost 500. The Arabs captured a large quantity of arms.

Sherif Abdullah now is bombarding the barracks at Taif, where the Turks still are holding out. The rebels, however, expect that the garrison at Taif will capitulate soon.

Russia Goes Ahead Buying Munitions of Peace Here

New York, July 23.—Russian agents are in New York with authority to buy enormous quantities of materials for construction of new public utilities, W. Aisenman, chief of the Russian trade division of the National Association of Manufacturers announced tonight. The new projects, he said, include water works, gas works, electric light plants, electric railroads, harbors, breakwaters, piers, grain elevators and central markets with refrigerating and cold storage plants, at an estimated cost of \$300,000,000.

It adds that General Pershing, himself, requested that "The Yankee forces be withdrawn."
