

Nebraska HUGHES PRAISED BY STATE MOOSE Progressives Endorse Republican Nominee for President, Sutton and Kennedy. MORROW IS CHAIRMAN

LINCOLN, NEB., July 25.—(Special Telegram)—The progressive state convention proceeded to do business this afternoon by electing H. W. Morrow of Douglas county chairman and D. E. Hanson of Dodge secretary.

The state committee selected F. P. Corrick again to serve as state chairman with W. C. Crooks of Lincoln; John Lewis of Omaha; J. F. Hanson of Fremont; M. F. Stanley of Aurora; W. H. Miller of Bloomington, and J. P. Gibbons of Kearney, as the executive committee.

The resolution committee, consisting of A. H. Bigelow of Omaha, L. D. Day of Douglas and W. C. Crooks of Lincoln, brought in resolutions endorsing the national platform of the progressive party, declared loyalty to the principles of the platform of 1912 and 1914, and endorsed the republican nominees in the following resolutions:

We regret the chain of events which has denied to the American people, in these days of grave portent to the future of our nation and the welfare of its people, the leadership of that foremost American who bore aloft our party banner four years ago but believe with him that our nation's need is paramount to the need of any political party and we therefore endorse the action of our national committee in urging all those who have heretofore fought for progressive principles to unite in an enthusiastic and loyal support of the candidacy of Charles Evans Hughes, recognizing in him a true American of great attainments of highest character and of unflinching patriotism.

We declare the election of Hughes the vital need of the hour for reasons of the most Americanism the broadest nationalism the security of our national dignity and the perpetuity of our governmental ideals and the pledge the earnest cooperation of the people of this nation and our personal influence among our fellow citizens to the success of his campaign.

We commend the action of our progressive state central committee in nominating Abraham J. Sutton for governor and John L. Kennedy for United States senator as the best adopted in the history of America and under existing circumstances to the best interest of the people of our own state. Recognizing that their ability and confidence in their character urges their support by all citizens who have interests of good government and the common welfare at heart.

We call upon all good progressives to remain loyal to the principles for which our party came into existence and to the party organization which while for reasons of national safety is temporarily supporting candidates of another party is nevertheless still the party of progress in America and the recently adopted platform of which is and must be the proper program for true progress in all parties.

Body of Poet is Placed in Vault After Short Service

Indianapolis, Ind., July 25.—The funeral of James Whitcomb Riley, the Indiana poet, was held at his home on Lockerie street today.

The funeral was private, but the placing of the body in a vault in Crown Hill cemetery here was public. Large crowds assembled near the vault.

The body was placed in the vault pending arrangements for its final disposition. The vault was decorated with flowers of brilliant colors which the poet liked best. Beautiful rugs were spread on the floor. A short prayer at the cemetery concluded the services.

Extra Dividend On Steel Common

New York, July 25.—The United States Steel corporation today declared an extra dividend of 1 per cent on its common stock in addition to the regular quarterly dividend of 1 1/4 per cent.

The total earnings of the corporation for the quarter ended June 30 last were \$81,126,948, according to the quarterly report.

The regular quarterly dividend of 1 1/4 per cent on the preferred stock also was declared.

The figures for the quarter will break all records of previous earnings, comparing with total earnings for the quarter ended March 31 last, of \$60,713,624, the previous high record.

The net income for the quarter ended June 30 was \$71,380,222 and the surplus \$47,964,573. These figures compare with net income of \$51,218,559 and surplus of \$32,854,172 at the end of the previous quarter.

In announcing the distribution of an extra dividend of 1 per cent on the common stock the directors issued a statement that during the last quarter the plants and properties of the corporation were operated at maximum capacity, production as well as earnings exceeding those of any previous quarter.

"Its several subsidiary companies," the statement continued, "have many extensions and improvements under way, calling for expenditure of large sums of money. These improvements are mainly for the purpose of diversifying products and increasing economic efficiency."

"Unfilled orders on hand June 30, 1916, amounted to 9,640,458 tons, which will occupy the mills for several months. New business is coming in at a satisfactory rate, many contracts being entered for delivery of materials throughout 1917."

How Petition for Compensation Must State Particulars

(From a Staff Correspondent.) Lincoln, July 25.—(Special.)—A petition for compensation under the workmen's compensation act should set out the injury in its extent and character, and the judgment should conform thereto, determining plainly the extent and character of the injury, whether the disability is total or partial, and whether temporary or permanent; it should state definitely the time for which periodical payments must be made.

This is the opinion of the Nebraska supreme court in a suit for damages brought by George L. Hanley against the Union Stock Yards company, in which judgment was secured in the Lancaster county district court. Later the defendant made application to the court for an order relieving it from the payment of any further compensation to Hanley. The court denied the application and the defendant appealed.

Notes from Beatrice And Gage County

Beatrice, Neb., July 25.—(Special.)—Clarence Fisher, the young Pickrelk farmer who was dragged some distance yesterday by a mowing machine when his team ran away, is in a critical condition as an examination at a local hospital shows that one of the sickle guards penetrated his right lung. His right ankle was almost severed and the muscles of his right arm at the elbow were also cut off.

The young man is 22 years of age and the son of Henry Fisher, an old resident of the Pickrelk vicinity.

Elgin Wilcox yesterday began suit in the district court for a divorce from Claude Arthur Wilcox. The plaintiff charges extreme cruelty and non-support. The couple was married in Beatrice in February, 1913.

Albert Morris, a pioneer of the Fifth vicinity, died at a local hospital yesterday, where he was operated upon. The deceased was 59 years of age.

Mrs. Helen Gallagher, formerly of this city, died Sunday evening at Hastings and the body was brought here yesterday for interment. The deceased was 74 years of age and the mother of Mrs. John McKernan of this city. The funeral was held this morning at 9 o'clock from St. Joseph's Catholic church.

Hail Does Great Damage Near Sutherland

Sutherland, Neb., July 25.—(Special Telegram.)—A heavy hail storm did extensive damage to crops and buildings in this vicinity last night. In several places the ground was covered to a depth of six inches and many of the hail stones were six inches in diameter. The total amount of the damage has not been estimated.

High Land Cut Off Road Boosters Here for Lunch

President Lindberg of the High Land Cut Off Highway association, and the remnant of his crowd of road boosters, who drove to Omaha Monday from Polk, Central City and other towns on the cut off, were entertained at luncheon at the Commercial club rooms at noon. The Commercial club was host. Roads and short cuts were talked throughout the luncheon. Many of the cars had started home in the morning, so that only a remnant of the crowd was left for the luncheon.

PERSONAL PARAGRAPHS.

Nelson G. Pike, president of the Portland, Ore., Rotary club, is visiting in Omaha while on his way home after attending the international convention of Rotary clubs at Cincinnati.

A baby son was born to Rev. and Mrs. A. T. Lorimer, 1212 North Fifty-sixth street, Sunday afternoon. Rev. Lorimer is pastor of the Zion English Lutheran church. Ward Pater and William Sheets, well known Omaha musicians, left Monday evening for Chicago, where they have been engaged as cabaret entertainers in the Hotel Plaza.

Mrs. H. Hagood of Kansas City is in Omaha visiting her mother, Mrs. Victoria Darnell, 209 South Nineteenth street. Mrs. Hagood will remain here several weeks and will then go to California for a two months' visit with relatives.

Dr. O. Myers of the staff of police surgeons, has left his duties for a two-week vacation with his family at David City. Dr. Myers will return to Omaha and his work early in August.

WEAD ASKS ABOUT LAND GANK HERE

Wires Lobeck How Omaha Men Can Do Most to Locate Institution in City.

LINCOLN GUMS CARDS

(From a Staff Correspondent.) Washington, July 25.—(Special Telegram.)—How can a committee do most to assist you in locating a federal bank in Omaha? was a question received by telegraph from Fred D. Wead, chairman, addressed to Congressman Lobeck today.

What ever answer the congressman makes to the telegram may not tell the situation exactly as it now exists regarding the location of a land bank in the Gate City.

Before Senator Hitchcock left for Nebraska he filed applications for a federal land bank or a "rural credit bank" with Secretary McAdoo, from both Lincoln and Omaha, incidentally stating that in view of two cities in his state being candidates for such location he could do nothing more than be neutral. So much for Mr. Hitchcock.

What State Must Expect. The members of the house feel that they cannot do more than Senator Hitchcock has done, and while they have pronounced views on the subject, do not hesitate to say that if the state has two candidates for the location of a farm loan bank, then the state has no right to expect anything but what it will undoubtedly get.

It was charged against Bryan that his championship of Lincoln as a branch of the federal reserve bank against Omaha made the selection of either one impossible.

Bryan does not appear in the farm loan bank equation, but the result promises much the same.

If the judgment of the individual members of the delegation in congress from Nebraska could decide the location of the farm loan bank it would be in favor of Omaha. Lincoln has once more gunned the cards.

Everybody for Hughes. E. C. Houston and wife of Tekama, Dr. J. E. Wallace and wife of Oakland and Judge Foster of Omaha were capital visitors today. Mr. Houston said he had traveled as far east as Montreal and had talked to many people and as a result of those conversations believed that Hughes would be the next president.

When Judge Foster was told how the acting police judge of Omaha was fining automobilists for ignoring speed regulations, he quietly said, "I have been doing that for some time."

No Water in Pool at Riverview Because Of Too Small Pipe

There were several hundred disappointed bathers, or rather, would-be bathers, at Riverview park Monday evening. The evening was warm and large numbers of Omahans trekked out to the pool at Riverview to take a dip in the reported cooling waters there. But alas, there wasn't enough water in the pool, and those who had pinned their hopes on Riverview as a refresher either visited other bathing resorts or retreated to the friendly bath tub.

The water had been ordered shut off by Joe Hummel, park commissioner, following complaints from consumers in the neighborhood that they were unable to get water while the pool was being filled. There is only a four-inch main in the district in which the park is located, a fact that results in the consumers, they complained, being left "high and dry" while the pool is getting its quota of water.

Twenty-second Street Residents Make Complaint

Residents in the neighborhood of Twenty-second and G streets are complaining that the sewers along Twenty-second street have not been flushed recently, a fact, they add, that has resulted in much annoying dust. The city engineer explained that during a dry spell the flushings of the neighborhood ordinarily do not carry away all the dust and accumulations. The sewer inspector will be ordered to investigate the complaints.

Beats Man Who Stops Auto—W. C. Henzert, 124 South Fifteenth street, charged with assaulting Phil Minor, 1918 Dodge street, was fined \$25 and costs in police court. Minor is a young fellow and, according to the police, had stopped from the sidewalk in front of Henzert's machine, forcing the latter to bring his car to an abrupt stop. Henzert then alighted from the auto and attacked Minor, beating him severely.

Federal Aid to Prevent Spread of Infantile Paralysis

NEW YORK, July 25.—Efforts of the federal health service to prevent, if possible, the spreading of infantile paralysis to cities and towns outside of New York, were strengthened today when an order was issued that no child 16 years of age or under be permitted to leave New York without a certificate from the federal surgeon.

To obtain federal certificates children first must get certificates from the New York health department, showing there have been no cases of infantile paralysis in the house in which they have lived during the last six months. They also must pass an examination by federal surgeons.

The number of deaths and new cases increased during the twenty-four hours ending at 10 o'clock this morning. During that time thirty-eight deaths and 150 new cases were reported from the five boroughs of the city.

Commercial Club To Fight for Lower Insurance Rates

Lower fire insurance rates are due in Omaha, thinks the executive committee of the Commercial club. The club bases its opinion on the fact that the city's fire department has been motorized. The committee was given to understand that lower insurance rates would be contingent upon the motorization of the fire department.

"Now we are motorized," says the club. "Now where are the lower rates?" The committee expects to take the matter up with the National Board of Underwriters.

Colorado's Rockies Rivals the Swiss Alps The altitudes are just as great, the views from the summit just as inspiring, and the ascents present problems to test the most hardy climber—this is the testimony of Swiss mountain climbers, many of whom visit Colorado every year for the purpose of studying these peaks and their formations, together with the glaciers and glacial moraines so much in evidence in the "Switzerland of America." The United States Department of the Interior states that nowhere else in America can glaciers and their workings be studied to better advantage than the Colorado Rockies. In Rocky Mountain National Park and beautiful Estes Park there are over sixty peaks rising above 12,000 feet and a number in the neighborhood of 14,000 feet. These are but one of the attractions in this section of Colorado. Hotels and cottages located at the very feet of these highest peaks provide accommodations of the best at rates most reasonable.

None So Deaf as Those Who Will Not Hear "Not one word, if you please—not one word will I listen to against coffee!" That is the attitude of many good people, even after they have reason to suspect that coffee hurts them. True, some persons seem able for a time to use coffee without apparent harm, but sooner or later it does interfere with the health and comfort of many users. For a sure, easy test suppose you leave off coffee and use POSTUM This famous food-drink is made of prime wheat, roasted with a bit of wholesome molasses. It has a flavor much like that of the higher grades of mild Java coffee, but is absolutely free from the drug, caffeine, in coffee, or any other harmful substance—free from all coffee troubles. Postum is delicious and comes in two forms. The original Postum Cereal must be boiled. Instant Postum is a soluble powder—made in the cup by adding hot water. The flavor is the same and the cost about equal. Both kinds are good for young and old, and satisfy the craving for a hot, aromatic, meal-time beverage. "There's a Reason" for POSTUM
