

Nebraska BIG MID-SUMMER CLASSES AT UNI

Hundred and Twenty-six De- grees Are Granted by Uni- versity of Nebraska.

DE. WINSHIP IS ORATOR

(From a Staff Correspondent.)
Lincoln, July 29.—(Special.)—The largest summer class in the history of the University of Nebraska was given degrees here last night at the commencement exercises.
One hundred and twenty-six degrees were granted, including forty-four bachelors of arts, eight bachelors of science, twenty-nine masters of arts and one bachelor of fine arts.
Dr. Albert Winship of Boston was the commencement orator with "Education Must Educate" for his topic.
The board of regents held a short session after granting the degrees, but found it could not award the contract for the new agricultural engineering building at the state farm because of the price of material. War prices have practically put a stop to building activities under the extension fund, the cost of structural steel being nearly prohibitive. A few changes were made in the faculty.

I. W. W. Try to Open Safe at Missouri Valley

(Special.)—Two hundred men are said to pass over the Sioux City & Pacific each night for the wheat fields of Dakota, and the I. W. W. men threw a scare into California Junction at 1 o'clock, when they held up the train, fired many shots and yelled like a band of wild Indians. They broke into the elevator office and so damaged or tampered with the safe that the elevator manager could not unlock it.
Rumors are to the effect that two men were shot, but thus far the sheriff's office at Logan and the railroad detectives here are unable to confirm the report at the Junction, hospitals of Omaha, Council Bluffs or Sioux City.
Men will police the town of California Junction nights until the I. W. W. crowds cease to travel in such large numbers.

M. Whitehead of Red Cloud, Superintendent Glen Chatterton of Oxford and Superintendent E. D. H. Vicle of Norfolk.

Two Meetings Held.

Two meetings were held last week by superintendents who have been attending summer school at the state university, the last being held Thursday in Representative hall in which there was a large attendance.

Elevators Full and No Cars in Sight

Hebron, Neb., July 29.—(Special.)—Grain dealers on the Rock Island branch line to Nelson report that car service for loading grain is the poorest it has ever been on the road. In places the elevators are full and the dealers have had to refuse to buy wheat, which is being rapidly threshed and offered on the market. One dealer sold ten cars of corn for delivery in ten days, and at the expiration of the time he had not been furnished one car for loading.

Hebron, Neb., July 29.—(Special.)—The yield of wheat is one-third less than what was expected at harvest time.
