

Nebraska WHY SEND ALL THE EMPTY CARS AWAY? That is What Rail Body Wants to Know of Carriers When Grain Elevators Are Full. NONE FOR FORTNIGHT

(From a Staff Correspondent.) Lincoln, July 31.—(Special.)—The State Railway commission has called upon A. C. Ridgway, chief operating officer of the Rock Island railway, with station at Chicago, to explain why with elevators overflowing with grain on its Nebraska lines, it has sent out orders to its station agents in Nebraska to ship all empty box cars to points in Kansas.

Articles Are Filed. Articles of incorporation of the Farmers Co-operative Coal & Grain association of Litchfield, were filed with the secretary of state today with a capital stock of \$40,000. J. H. Mead, who filed the articles, visited the commission for the purpose of getting some information as to what course he would have to take to force the railroad company on which they desire an elevator built to grant them side track privileges.

Chief Clerk O'Donnell of the state penitentiary, lodged 7,259 big dollars over to the state house this morning and deposited them to the credit of the cash account of the institution. The receipts were for the sale of furniture made by the Handcraft Furniture company, which makes all kinds of reed furniture, keeping the convicts engaged in that labor.

Buy More Paving Bonds. The state board today purchased an additional \$12,000 of Kearney paving bonds as an investment for the state school fund. The state already holds several thousand dollars worth of these bonds.

Hold Men Charged With Sunol Murders. Sidney, Neb., July 31.—(Special Telegram.)—The preliminary examination of Frank Connell and R. Grange Lukens, charged with the murder of Paul Vacik and Ira Paup and the robbery of the Farmers' State bank at Sunol last Saturday, was held here this evening before County Judge Chambers. The courthouse was packed by an eager assemblage of citizens from all sections of the county.

Windham Satisfied With Convention. (From a Staff Correspondent.) Lincoln, July 31.—(Special.)—R. B. Windham of Plattsmouth, who annually makes a trip to Lincoln and spends ten days in camping out at the Epworth assembly, arrived in the city today on his pilgrimage and expects to enjoy himself while here. "Everything is perfectly lovely, politically," said Mr. Windham. "Cas county is perfectly satisfied with the situation and the result of the republican state convention. We have no kick on McNish for chairman nor on any of the selections made, nor with the platform. All this talk about people being dissatisfied with the convention is all tommyrot."

Eligibility of Grant Douglas As Candidate Not Questioned. (From a Staff Correspondent.) Lincoln, July 31.—(Special.)—The eligibility of Major Robert Grant Douglas as a candidate for the legislature will not be questioned by the United States attorney general, but the matter of eligibility is entirely left with the attorney general of this state to settle, according to a letter received by Adjutant General Hall this morning in answer to an inquiry sent to Washington last week by General Hall.

As Attorney General Reed has already decided for the office before he called for federal service, he is entitled to be a candidate, and it will be up to the legislature itself to judge of the qualifications of its own members, it would seem that there was nothing in the way of Major Douglas running for the place.

Notes From York. York, Neb., July 31.—(Special.)—York college has been meeting with good success in their canvass for the \$300,000 endowment fund. One hundred thousand dollars has been secured and twenty business men of the city have pledged themselves to raise \$100,000 in one year.

DEATH RECORD. Louis Eggbofer. York, Neb., July 31.—(Special.)—Louis Eggbofer of San Francisco, Cal., died Sunday at the home of his nephew, Andy Akoler. He came here Friday for a few weeks' visit. He was taken ill at 11 a. m. and died at 6 o'clock. Funeral services will be held Tuesday and the body will be buried at South Omaha Tuesday afternoon, beside his brother, Charles.

Nebraska COW PROTECTOR OF LAND'S HOMES

Dairymen Frame Up Scheme for Statue Giving Credit to Bovine Giver of Milk.

MEETING AT LINCOLN

(From a Staff Correspondent.) Lincoln, July 31.—(Special.)—Several dairymen of the state, interested in a successful display at the state fair this fall, met at the Lindell hotel this noon and partook of a nice lunch while discussing the things which should go to make up the sort of exhibit at the fair, which would be beneficial to the dairy interests of the state.

Among the number were Professor Frandsen of the state agricultural farm, president of the State Dairy association; R. W. McGinnis, secretary, and P. C. Hunter and Fred Caldwell, directors; H. C. Young, president of the Dairy Cattle Breeders' association; Professor Woodward of the state farm, secretary, and W. R. Mellor, secretary state board of agriculture, with William Andreas and John McGrier of the Beatrice Creamery company.

Butter Exhibit Statue. The matter of the proper kind of a statue for the butter exhibit was discussed at some length. It has always been the custom for the Beatrice Creamery company or some other butter concern to furnish butter for an exhibit showing some important epoch in the history of the state, the statues being life-size. It was finally agreed that the exhibit this year should show a woman standing by a cow, with one hand resting on the back of the animal while in the other hand she holds a milk pail. Standing by her side is a small boy with one hand holding the tail of the pail. Both are gazing longingly off to the distant border, where far away can be seen the form of the husband and father doing duty as a soldier on the Mexican border.

Notes from Beatrice And Gage County. Beatrice, Neb., July 31.—(Special.)—Harry Vernice Clayton of Alliance and Miss Merle Clark of Elk City were married last evening at 9 o'clock at the court house by Judge Walden. They gave their ages as 22 and 19, respectively.

Funeral services for the late Charles Overstreet were held from the Christian church Sunday afternoon at 3 o'clock, conducted by Rev. C. F. Stevens. F. D. Hughes was appointed deputy district clerk yesterday by Clerk F. E. Lenhart, to succeed D. C. Jenkins, resigned.

Hay Springs Farmer Killed by Lightning. Hay Springs, Neb., July 31.—(Special.)—Riley Long, a highly respected and prosperous farmer, living sixteen miles southeast of here, was instantly killed by lightning Saturday evening. Mr. Long was driving his team in from the field and when near the barn was struck by the bolt. He leaves a wife and son.

TWO MEN HELD IN JAIL AS BLAMED IN BIG EXPLOSION. (Continued From Page One.) eight-hour bombardment of shrapnel, iron bolts and spikes, pieces of steel and full of holes, while the homes of the army officers and stripped of their chimneys and walls and plaster are shattered. The loss there is estimated at \$100,000. The Statue of Liberty virtually is undamaged, but the doors to the pedestal are blown in.

Stories by those who narrowly escaped death verge on the miraculous. One man says he was blown off a light into the bay and swam to Bedloe's Island, but had to swim back again to the Jersey shore when the flaming barges bombarded the island. "The air seemed to be full of flame and I thought the end of the world had come," said another survivor. A third was blown fifty feet from the top of a freight car and landed near a building, which fell upon him.

Fourth Man is Dead. The Jersey City police today added to the list of dead Cornelius J. Leyden, chief of the Lehigh Valley railroad police, who has been missing since the explosion occurred. At least \$10,000,000, probably \$15,000,000, damage was caused by the destruction of thirteen of eighteen warehouses of the National Storage company in Jersey City, Edmund L. Mackenzie stated today. This loss is amply covered by insurance.

Raw Sugar Destroyed. The damaged goods included 30,000 tons of raw sugar, valued at between \$3,000,000 and \$4,000,000, and 24,000 bales of tobacco. On consignments of munitions and other supplies going to France loss will fall on insurance companies, owing to the fact that policies issued to the French government cover shipments from the beginning of the trip until delivery. English shipments are insured only in "waterside" in New York, while in the case of shipments to Russia, policies are written both ways.

HAPPENINGS IN THE MAGIC CITY

Farmers Lose Many Acres of Land by the Washing of the River.

DYKE CHANGES CURRENT

Sarpy county commissioners, headed by Chairman William Ely, will conduct an investigation into the automobile accident of Sunday morning. Commissioner Gates Lillie will be on the scene of the accident yesterday morning, and he and Mr. Ely will make a report to the commissioners at their next meeting.

Lee Watson and Tom Gladhill are the two farmers whose lands border the river at the point where the road runs abruptly at the river edge. Gladhill's land lies south of the road and Watson's land is immediately north. In the single year past these two farmers have lost by cave-ins as much as 160 acres of land, divided evenly. Estimates quoted by Sarpy county officials at the grounds yesterday noon made the number of acres of good farming land actually lost through cave-ins in the last ten years approximate 400 acres.

Help Raise Big Car. Captain Briggs and Officer Potach are two of the stalwart coppers who were instrumental in raising the big touring car that plunged into the Missouri river a half mile north of La Platte. These two men, both massive in physique, climbed into the water and by main force brought the car within reaching distance.

Armour Opening. The opening of the new Armour office building at Thirtieth and Q streets will be one of the big events in the history of the local plant. General Manager R. C. Howe will be in charge of the program. It is possible that removal will take place on Wednesday or Thursday of this week.

Tells Story of Losses. L. B. Shamblen, master mechanic for the Peters Milling company, who has traveled Sarpy county roads for the last twenty-five years, yesterday told the story of the losses due to the swamping of the river current and the subsequent loss of land.

Caving In for Years. The land has been caving in more than usual in the last three years, due, many of the farmers said yesterday, to the big two-mile dyke built by the Burlington railroad on the other side of the river to protect their railroad tracks running into Council Bluffs on that side.

Sold Weeks Ago. Mr. Watson said yesterday that he had sold his property several weeks ago. Mr. Gladhill still retains possession of his property and intends to start suit for damages sustained to his property.

"Snuffone" for Hay Fever. You can stop that sneezing, and secure a clear nose and eyes, by the use of Cook's Hay Fever Relief.

IOWA FRUIT MEN TO LOOK OVER NEBRASKA

To Inspect Orchards of Eastern Nebraska and Western Iowa. WILL START THIS WEEK

Horticulturists of Iowa and Nebraska have arranged for a three-day inspection tour of orchards in the eastern end of Nebraska and in western Iowa, the tour to be held August 2, 3 and 4. All persons desiring to make the trip are invited to join with the party. The Council Bluffs Grape Growers' association, the Nebraska State Horticultural society, the Department of Horticulture of the Nebraska State university and of the Iowa State college at Ames, and the Iowa State Horticultural society have co-operated in arranging the program.

To Meet in Omaha. On August 3 the party will meet at the Rome hotel, Omaha, at 7.30. Orchards near Florence, Papillion and South Omaha will be visited, and in the afternoon E. M. Pollard's place at Nehawka, the largest fruit farm in the state, will be visited. From Nehawka the party will go to Nebraska City to spend the night.

Demand for Artificial Limbs Greatly Increased. Paris, July 25.—One-armed and one-legged men are now so common as to raise a question as to why they are so numerous. Dr. Auguste Broca, while admitting that the changed conditions of warfare and the scale of the operations must necessarily multiply the number of amputated limbs, claims that a considerable part of the increase in the proportion of survivors who lack limbs is due to the progress of surgery since the war of 1870; in that conflict nearly all the amputated men died of purulent infection; in this war, thanks to progress in medical science, they are nearly all saved, he says.

Manuel Romero Minister To the Tokio Government. Tokio, July 21.—Colonel Manuel Romero, formerly special commissioner of the late President Huerta of Mexico to Japan and now a representative of the Carranza government here, arrived in Japan about the first of June announcing that he possessed credentials which made him minister to the Tokio government. He has not yet been presented to Emperor Yoshihito and until he has the Japanese government will consider Mr. Tellez, the charge d'affaires, as the official representative of the de facto Carranza government.

Organization of Italian Social Club Is Effected. The Italian Social club of Omaha was organized Sunday afternoon at Columbia hall. Twenty-second and Pierce streets. This organization is to do everything possible to promote clean athletics among the Italians and will promote good fellowship among its members. The following officers were elected: Fortunato Mauro, president; Carl Marfisi, vice president; Claudio Delitala, treasurer; Alfred Pini, secretary.

Let Her Romp--No Chafing Now. Schadel's Anti-Chafe Powder Keeps Little Ones Comfortable on Hottest Summer Days.

What tender skins the boys and girls have! How they suffer in hot weather from chafing and prickly heat! They are too cross to play. It's useless suffering. No need of it at all! Schadel's Anti-Chafe Powder will positively stop it. Use it every day on parts that are apt to chafe—it will prevent all freckles and burning and keep the skin fresh, firm and cool.

Reduce Your Fat Without Dieting

Years ago the formula for fat reduction was "diet"—"exercise." Today it is "Take Marmola Prescription Tablets." Friends tell friends—doctors tell their patients, until thousands know and use this convenient, harmless method. They eat what they like, live as they like, and still lose their two, three or four pounds of fat a week. Simple, effective, harmless Marmola Prescription Tablets are sold by all druggists—a large case for 75c. Or if you prefer you may write direct to the Marmola Company, 864 Woodward Ave., Detroit, Mich.

Leading Turk is Assigned to Hague

(Correspondence of The Associated Press.) The Hague, Netherlands, July 21.—The appointment as Turkish minister at The Hague of Muktar Bey, who, according to advices from Constantinople, is one of the best diplomats of the Young Turks, is interpreted by the Dutch press as showing that the porte imputes a special importance to this post in connection with the role which Holland and its queen are expected to play in eventual mediation for the opening of peace negotiations, and with the probability that such negotiations will take place here.

Japan Sanctions Plan To Raise Sunken Ship. (Correspondence of The Associated Press.) Tokio, July 21.—The government has sanctioned a plan to raise the Russian cruiser Dimitri Donskoi, which was torpedoed by the Japanese while she was running for Vladivostok during the Russo-Japanese war. The torpedo made the warship unsteerable, and the Russians sank the ship in twenty-two fathoms of water, themselves landing on a nearby island.

Money for Railroads

(Correspondence of The Associated Press.) Petrograd, July 21.—A bill has been approved by the council of ministers providing for the expenditure of 600,000,000 rubles (normally \$300,000,000) per annum for a period of five years for construction of railroads in Russia. It is proposed to build 6,000 versts (5,000 miles) of road per year during that term.
