

WILSON STANDS PAT ON SUFFRAGE ISSUE

President Favors Votes for Women, But Says Franchise Regulation State Function.

OPPOSES FEDERAL ACTION

Washington, Aug. 2.—President Wilson has not changed his position that the woman suffrage question should be dealt with by the states, it was announced today at the White House.

The statement was brought forth by the announcement yesterday of Charles E. Hughes, the republican nominee, that he favored an amendment to the federal constitution giving the vote to women.

A delegation of suffragists saw the president yesterday and afterward indicated they believed he would make a new statement on the question before the convention of the American Woman Suffrage association in September.

At that time the policy to be pursued in the presidential campaign will be determined by the national suffrage organization.

Today Secretary Tamm discussed the question and afterward announced that Mr. Wilson's position on the subject was unchanged. This position, as outlined several times to suffragist delegations within the last three years, is that while he favors votes for women, he is opposed to federal action.

The president voted for woman suffrage in New Jersey last year.

It was indicated that today's announcement was final.

ROGER CASEMENT IS TO BE HANGED ON THIS MORNING

which there was reported an armed expedition from Germany nearly to the west coast of Ireland in April of this year, was blown up by its own crew when the latter foresaw that it was inevitable that the blockading English warships would capture it.

The tramp had been conveyed from Kiel by a German submarine, from which Casement and a companion landed on Irish soil, where they were taken into custody before their plans matured.

In May, Casement was given a preliminary hearing and was committed for trial on the charge of high treason. Late in June the trial was begun, Casement pleading not guilty and uttering a denial that he had worked in Germany's interests, and that he had accepted German gold as a bribe.

The court's verdict was guilty, and the sentence of death by hanging was, after appeal by his counsel, confirmed by the court of criminal appeal late in July.

The London press generally approved the fate legally fixed for Casement, but in America persistent efforts were made to save the noted prisoner from death.

In Washington a resolution was adopted in the senate requesting President Wilson to transmit to the British government an expression of hope that it would exercise clemency in the case of all the Irish political prisoners. In England, the Manchester Guardian and a number of other papers pleaded for mercy, and petitions asking for a reprieve were circulated in London.

Adherents of John Redmond forwarded to Premier Asquith a petition signed by six bishops, twenty-six members of Parliament and fifty-one other persons, including a number of educators.

Pope Benedict interceded in Casement's behalf, endeavoring to obtain grace for him from the British government, influential Irish nationalists having urged upon the pontiff that the prisoner was not a traitor, but was inspired by Irish patriotism.

Roger Casement, prior to the war, established a reputation through his investigation of the Congo and South American rubber atrocities, committed on natives by Belgian and British rubber hunters. The then Sir Roger headed a commission of inquiry which brought about reforms. In 1913 he became actively identified with the organization of the Irish national volunteers. He was in the United States when the war began and addressed an open letter to the Irish press, advising Irishmen to remain neutral. In October, 1914, he went to Norway and thence to Berlin, whence came the news that startled the world—Casement was plotting what his country looked upon as high treason. His friends, recalling his years of service in Africa and South America, claimed for him that the tropical sun had unbalanced him mentally. Casement was born Sept. 1, 1864.

Columbus Knights Re-Elect Board

Davenport, Ia., Aug. 2.—The supreme council of the Knights of Columbus, in session here, today re-elected the four members of the board of directors whose terms expire. They are John H. Reddin of Denver, W. D. Dwyer of St. Paul, Dr. N. A. Dussault of Quebec and Judge Paul Leche of Donaldsonville, La.

The board of directors will be authorized to spend what is needed to establish recreation and relief stations for the men enlisted in the militia because of the Mexican difficulty. Members in Canada and in Mexico will not be required to share the expense of this work.

when it would stop and that it seemed she was going right down to the capes.

If this proves true the Deutschland should be sighted at Old Point, Va., or at some point of observation in that neighborhood this forenoon.

The sailing plans of the Deutschland were a carefully guarded secret, but when it left Baltimore there was a belief that it would proceed direct to Newport News. On the other hand there was an expectation in some quarters that the submersible would seek a quiet inlet somewhere in lower Chesapeake bay and there await a favorable opportunity to make a dash through the allies' blockade off the capes.

Bremen is Expected Soon. No word has been heard from the Bremen, the Deutschland's sister ship, since it left Bremerhaven, according to Paul G. L. Hilken, a member of the Eastern Forwarding company, the American agents of the Deutschland.

Purely as a guess, Mr. Hilken said today the Bremen may arrive at Baltimore any time after tomorrow. He did not know the date on which it left the German port, he said. He admitted that preparations were going on at Locust Point pier, just vacated by the Deutschland, to receive another submarine. Mr. Hilken also said his company had cargo stored in every large port on the Atlantic seaboard.

Mr. Hilken talked concerning the line of submarine merchantmen which the Deutsche Ozean Rhederei, builders and owners of the Deutschland and Bremen, propose to establish between Germany and America. One of the submersibles of the line will be named the America, he said, and another will be called the Baltimore.

Five Nebraskans Will Take Part in Civilian Cruise

Two Omaha men, two from Lincoln and one from Cook will leave soon to take the "civilian cruise" under government auspices, the object being to give to 2,600 civilians a taste of navy life that may be useful in an emergency.

They have to pay their railroad expenses to seaboard and return and \$30 besides. The Nebraska men are these: Drexel Sibbernson, 503 City National bank building; Martin F. Seleck, 6204 Florence boulevard; L. W. Trester, 2638 W street, Lincoln; I. A. Pace, 944 H street, Lincoln, and W. L. Townsend, Cook, Neb. They must report on board the Louisiana at Norfolk, Va., by noon, August 15. The cruise will be for about a month.

Republican Race in Missouri Close

St. Louis, Aug. 2.—The republican gubernatorial nomination was in doubt at 9 o'clock this morning, returns from the Missouri primary held yesterday indicating a close race between Henry Lamm and John E. Swanger, both of Sedalia. Frederick D. Gardner of St. Louis seemed certain of the democratic nomination. United States Senator James A. Reed was renominated by the democrats and Walter S. Dickey of Kansas City seemed certain of the republican senatorial nomination by a big plurality.

Jefferson City, Mo., Aug. 2.—Returns here today indicated that Fred S. Gardner had been nominated on the democratic ticket for governor by a plurality estimated at 12,000. John E. Swanger has obtained the republican gubernatorial nomination by an estimated plurality of 11,000, according to available totals here.

Ford Party to Arrive in Fremont on Sunday

George F. Wolz, president of the Fremont Commercial club, has received a telegram from Detroit stating that the Henry Ford party will leave the Michigan metropolis Saturday morning and arrive in Fremont for the tractor show Sunday. In the party will be Henry Ford, his son, Ebel; E. R. Bryant, secretary of Henry Ford & Son, Inc., and G. E. Sorenson, superintendent of shops.

RAILROADS PREPARE TO PUT UP FIGHT

Join in Resisting Order Explosives Be Kept Out of Jersey City Switch Yard.

INJUNCTION IS PROPOSED

New York, Aug. 2.—After a conference of officials of railroads with terminals in Jersey City today, it was reported that the railroads would fight the resolution adopted yesterday by the Board of Commissioners of Jersey City, designed to prevent a recurrence of the Black Tom island or storage of high explosives within the city limits. The report was to the effect that the railroads would apply jointly to Federal Judge Restab in Trenton for an injunction, restraining the city commissioners from carrying their order into effect.

Director of Public Safety Frank Hague announced tonight that he is prepared to carry into effect the provisions of the commissioner's request.

There was another explosion came among Jersey City officials late today when Michael Mulligan, superintendent of the Lehigh Valley railroad reported that the smoldering fire from tons of sugar stored in five warehouses was spreading to two freight cars loaded with high explosives and shrapnel at the extreme end of Black Tom island. The cars had been buried under debris and could not be removed to a place of safety.

Acting Fire Chief William Kern made an inspection and reported that the blaze, while serious was under control of his firemen.

The fire and water poured on it has turned thousands of tons of sugar into a syrup that spread over much of the island. Drainage canals were cut from the burning warehouses to divert the flood of syrup into New York bay.

Sharpnel shells in the piles of debris were exploded by their intense heat in such numbers that more than fifty laborers working near the fire were ordered away and a dead line established under police supervision.

Two More Bodies Found Floating in New York Bay

Jersey City, N. J., Aug. 2.—Two more bodies were found today floating in New York bay within a few rods of the scene of the explosion. One of the bodies was identified as that of Captain Cornelius Leyden, chief of the Lehigh Valley Railroad police, and previously reported missing.

The finding and identification of Leyden's body paves the way for the prosecution of those who may be found responsible for the explosion. In complaints upon which warrants have been issued and served upon four persons, the death of Leyden is made the basis of manslaughter. To make out the case it was necessary to have the body found and identified and every effort was made to recover it.

The other body found today, bringing the death list up to six, has not been identified.

Forty-One Babies Die of Paralysis

New York, August 2.—Forty-one children died and 166 were stricken in the greater city during the last twenty-four hours in the epidemic of infantile paralysis. The seat of the plague shifts to Manhattan borough today and there were more deaths and new cases reported in that borough than at any previous time since the inception of the plague. Jersey City reported three more deaths and two cases and reports from other nearby cities indicated that the epidemic was far from being under control.

This is the largest number of new cases reported in a single day in the five boroughs. Since the epidemic began there have been 4,289 cases reported and 937 deaths.

Bound Over for Attack On Nine-Year-Old Girl

Peter Greenhagen, arrested in Salt Lake City and brought to Omaha by Captain Henry Heifeldt, was arraigned in police court on a charge of attacking a 9-year-old girl near her home about a month ago. He was bound over to the district court with bonds fixed at \$5,000.

War Summary

NEW ADVANCES along the Somme front, in northern France, have been made by both the French and British.

THE FRENCH GAIN, the more important, is admitted by Berlin. It was effected between Helm wood and Momen farm, near the river, where a strongly held German work was captured. The German trenches, says the Berlin report, had been completely demolished.

THE BRITISH MADE their progress east of Pozières as the result of hand-to-hand fighting. The Germans were on the aggressive west of High wood, but were unable to get beyond the British fire barrier in an attempt to recapture lost ground.

LITTLE INDICATION of the progress of events on the Russian front is contained in today's official report from Petrograd, which records merely rifle and artillery duels at various points and the repelling of minor attacks on Russian positions. The German war lines declare that several Russian attacks in the Stokhod sector were beaten off.

BEFORE VERDUN, where the Germans have been attacking east of the Meuse, they have captured a height northwest of Fort Souville. The French admit the forcing back of their lines for a short distance.

DEALING ANOTHER POWERFUL BLOW at German lines, the French last night took a strongly fortified position between the Helm wood and Momen farm, close to the River Somme, northwest of Pozières, according to this afternoon's Paris bulletin. South of the Somme, near Estree, a German trench is reported by Paris to have been won in a French attack.

APPARENTLY THE GERMANS are making a renewed effort to force the issue at Verdun. Paris last night reported heavy attacks east of the Meuse, in which the French lines were temporarily penetrated in some sectors. Today the French war office admits that in the continuation of these attacks the French lines have been pushed a little further back in the Vanz Le Chapitre wood and at Chenols, northeast of Verdun.

Five Charged With Murder in Frisco Bomb Explosion

San Francisco, Aug. 2.—Indictments charging murder were voted today by the grand jury against five of the persons now under arrest in connection with the preparedness parade bomb explosion of July 22, according to seemingly authentic reports.

Danish Parliament May Not Ratify Sale of Islands to U. S.

London, Aug. 2.—Messages received here today from Copenhagen say the Danish authorities have not confirmed the reports of the sale of the Danish West Indies to the United States. The newspaper Politiken says

the Rigsdag will hold a secret session on Friday, when the government will answer questions on the subject. The newspaper Kobenhavn has started a campaign against the sale of the islands. The Danish officials are all reticent and censorship on messages is being maintained.
