

SEEKING A PLAN TO PREVENT THE PROPOSED STRIKE

Government Officials Suggest Intervention if Railroad Managers and Men Cannot Agree.

SET UP TO PRESIDENT

Wilson and Chambers Meet and Go Over Proposition, Discussing the Phases.

WOULD AVERT WALKOUT

Washington, Aug. 3.—While the strike vote of 400,000 railroad employees was being counted in New York, every agency of the federal government affected by the situation was preparing today to do all possible to avert a final break between the railroads and men.

William L. Chambers, commissioner of the board of mediation and conciliation, was in communication with President Wilson during the day, though board officials pointed out that nothing of a formal character could be done until the railroad managers and representatives of the employees resume negotiations next week.

Meeting for Today

A call was issued for a meeting tomorrow morning of the senate commerce committee, to decide whether hearings would be held on Chairman Newlands' resolution proposing an investigation by the interstate commerce commission of hours and labor on railroads, and urging the employers and employees to postpone a settlement of their differences until a report can be made.

The chamber of commerce of the United States, which yesterday appealed to President Wilson for federal intervention to prevent a strike, is urging action on the resolution. The chamber is considering calling a conference of representatives of commercial organizations to impress on the congress the necessity of taking some immediate step.

Hanger on Board

The president today designated G. W. Hanger, assistant commissioner of the board of mediation and conciliation, as a member of the board. The law stipulates that there shall be three members, but Judge Martin A. Knapp, chairman, and William L. Chambers, commissioner, have served alone because an official of the department of labor, designated as the third member when the board was formed, was not qualified for the place.

Judge Knapp and Mr. Chambers asked the president to increase the membership, because the work of the board already has become great and the threatened railroad strike has added to the necessity of having another member.

Administration officials said everything possible would be done to avert a strike. If all other steps fail, it is probable President Wilson will make a personal appeal to the railroad managers and the employees, urging them to effect a settlement in the interest of the public. The question may be discussed at tomorrow's cabinet meeting.

Denmark Likely To Accept Offer Made by Uncle Sam

Copenhagen, Aug. 3.—It is regarded as probable that the Rigsdag will accept the offer of the United States to purchase the Danish West Indies, in spite of opposition from several quarters, including the socialist who demand that the negroes of the island be given the vote immediately.

CASEMENT HANGED FOR HIGH TREASON

Mocking, Jeering Crowd Gathers About Prison at Hour Set for Execution.

HE MEETS DEATH CALMLY

London, Aug. 3.—Roger Casement, former British knight and consul, was hanged at 9 o'clock this morning in Pentonville jail for high treason. He was convicted of conspiring to cause an armed revolt in Ireland and with having sought German aid to that end.

Two hours before the execution a crowd of men, women and children gathered before the prison gates. Twenty minutes before Casement mounted the scaffold the great prison bell commenced to toll. The sound was greeted with cheers from the crowd, mingled with some groans.

At 9 o'clock the crowd had swollen to such proportions that it extended for two blocks from the prison front. At one minute after 9 a single stroke of the big bell announced that the trap had been sprung. It was the signal for a mocking, jeering yell from the crowd, which suddenly died away into dead silence.

Meets Death Calmly

Casement met his death with calm courage, according to eye witnesses. Earlier in the morning two priests of the Roman Catholic church administered the rites in the cell of the condemned man, and shortly afterward a little procession, preceded by the clergyman, with Casement following, a warden on either side, proceeded toward the execution shed, only five yards away. The priests recited the litany of the dying, Casement responding in low tones: "Lord, have mercy on my soul."

As the party reached the shed where the gallows was erected the special executioner, a hair dresser named Ellis, approached Casement and quickly pinioned him. The two chaplains, the under sheriff of London and the under sheriff of Middlesex, then took up their positions in front of the scaffold. Casement mounted the gallows steps firmly and commended his spirit to God as he stepped on the trap. A moment later the lever was pulled.

Immediately the trap was sprung the prison engineer and physician descended into the pit where, after the application of the usual tests Casement was pronounced dead at nine minutes after nine. According to the custom in the case of prisoners hanged for crimes similar to that of Casement, his body will be buried in (Continued on Page Two, Column Three.)

Moosers Discuss Means to Continue Party Organization

Indianapolis, Ind., Aug. 3.—When representatives of the progressive party, who disapprove the action of the national committee in endorsing Charles E. Hughes for president, met here at noon today to consider the advisability of calling another convention to nominate a candidate for president, sentiment of leaders was divided in regard to what action should be taken.

A majority of those present favored putting a third ticket in the field, but several influential leaders doubted the wisdom of the action. Every representative agreed, however, that it would be desirable to take some action which would perpetuate the progressive party as a national political organization.

The conference was called to order by Edwin M. Lee of Indianapolis, progressive state chairman for Indiana. Matthew Hale of Massachusetts, acting chairman of the progressive national committee, was chosen to preside at the conference, and J. A. Hopkins of New Jersey was elected secretary.

Chairman Hale was applauded when he said: "We have come here with two ideas. We wish to show that we do not approve of the action of the reactionary wing of the national committee in Chicago, June 26, in endorsing Hughes for president, and to take some action to perpetuate the progressive party."

German Gunboat Sunk in Duel With Belgian Gunboat

Have, Aug. 3.—(12:16 a. m.)—The sinking of the German gunboat Graf von Gotzen in a duel with the Belgian gunboat Netta, on Lake Tanganyika, is announced in an official statement issued by the Belgian war office. The text follows: "Lieutenant Colonel Moulart telegraphs that while cruising off the German shores of Lake Tanganyika, the Belgian gunboat Netta, commanded by Lieutenant Lenaerts, surprised, on July 28, the German gunboat Graf von Gotzen landing troops. The Netta engaged it and it sank in fifteen minutes, after vainly trying to escape. The Netta then scattered, by its fire, enemy troops and porters, who had just been landed. It is not known whether the crew of the Graf von Gotzen were saved. The Belgians had no losses."

Prices of Gasoline Will Be Lower

Pittsburgh, Pa., Aug. 3.—All grades of Pennsylvania crude oil with the exception of Ragland, were reduced 10 cents a barrel at the opening of the market today and Ragland was reduced 5 cents. The new prices are Pennsylvania crude, \$2.40; Mercer Cabell, \$1.92; Somerset, \$1.75; and Ragland, 75 cents. Refiners said that the next move in the market would be reduced quotations for gasoline.

DEUTSCHLAND FAR OUT ON THE WIDE ATLANTIC OCEAN

German Merchantman Evades Snares of Its Enemies and Sails Away From U. S.

SASSES OUT AT NIGHT

Submerges a Mile From the Coast and, Hid From View, Pulls for Home.

DASH WITHOUT INCIDENT

Norfolk, Va., Aug. 3.—Somewhere out in the Atlantic today the German merchant submarine Deutschland and allied warships were believed to be playing hide-and-seek as the andersca boat sped homeward after passing out the Virginia capes last night.

The Deutschland submerged a mile off the coast shortly before 9 o'clock and so far as known here was unobserved by the allied warship patrol guarding the capes against its escape. One of the last acts of Captain Koenig and his crew, according to Captain Hinch of the tug Timmins, which acted as its convoy from Baltimore to the capes, was to stand on the deck of the submersible and give three rousing cheers for America and the American people.

The final dash was virtually without incident. Eighteen of the miles up the Chesapeake bay, at the crossing of the Old Point and Cape Henry channels, the submarine began to gain speed and soon was hurtling toward the Atlantic. With only a slight delay after reaching the capes, it dashed into the sea and submerged. Only one warship, a United States torpedo destroyer, was sighted by the submersible in its entire trip from Baltimore.

At Cape Henry today one two-funnel warship was visible lying out beyond the three-mile limit.

Borland Insists That Meat Trust Is Still Active

Washington, Aug. 3.—Representative Borland of Missouri renewed his charges of a beef trust in the house today and demanded action on his resolution proposing an investigation of meat prices by the Federal Trade commission. He asserted that packers were dividing enormous dividends while they charged consumers war prices and had tried to stifle the proposal for an inquiry because they feared publicity.

The Borland resolution, he pointed out now, had been before the judiciary committee for six months, during which live stock prices had been going steadily upward.

Mrs. Chamberlain And Mr. Carnegie Married at London

London, Aug. 3.—Mrs. Joseph Chamberlain, widow of the late British statesman, and the Rev. William Hartley Carnegie, rector of St. Margaret's and canon of Westminster, were married at Westminster Abbey at 8 o'clock this evening. The ceremony was very simple and quiet.

Mrs. Chamberlain, before her marriage, was Miss Mary Endicott of Massachusetts, daughter of the late William C. Endicott, secretary of war in President Cleveland's cabinet. She married Joseph Chamberlain when he was colonial secretary under the late marquis of Salisbury.

Railroads Will Not Take Explosives Into Jersey City

Jersey City, N. J., Aug. 3.—The railroads entering Jersey City have agreed not to bring in high explosives into their terminals here and will not resist the edict of the city commission requiring an inspection of every freight train entering the city, it was announced today by Frank Hague, director of the public safety. The railroads asked the director today to meet representatives in a conference to discuss the situation.

Davis Elected Vice Chancellor by the Pythian Knights

Portland, Ore., Aug. 3.—Charles S. Davis of Denver, was elected supreme vice chancellor of the Knights of Pythias today after the supreme lodge had spent more than three hours in hearing speeches nominating four candidates for the office, which leads automatically to the highest office within the gift of the order.

One Zeppelin Raider Disabled

London, Aug. 3.—Six German airships took part in the raid on the eastern counties of England this morning, according to an official announcement issued this afternoon, which says that eighty bombs were reported to have been dropped. Nine horses were killed and three horses were injured, the statement adds.

GERMAN PRISONERS CARRYING THEIR WOUNDED—This is a picture of German soldiers carrying one of their wounded after being taken prisoners in the Somme battle.

STATE MERCHANTS BUYING HEAVILY

This Gives Railroads Full Car to Bring Grain to the Metropolis.

GRAIN IS MOVING EARLIER

Threshing is going on rapidly and all the railroads are running as heavy traffic as their equipment will allow. One feature which will help the movement of the crops, in the opinion of E. P. Hennessey of the Rock Island, is that western merchants are buying heavily for the fall and winter seasons and this brings many loaded freight cars into the west which can be filled with eastbound grain.

The Missouri Pacific has sent out cards to its agents and regular customers urging that cars should be loaded as soon after receipt as possible and requesting consignors not to order cars for delivery before they need them.

W. W. Johnston, freight agent of the Burlington, says that the railroads are going to be rushed, but he anticipates no such problem as all the railroads were called on to handle last year, when the weather during the harvest season was so wet that very little wheat was shipped until September and October and began to conflict with the movement of the new corn.

Winnipeg Officials Deny Extensive Damage by Rust

Winnipeg, Man., Aug. 3.—Assertions by private grain experts that black rust and blights have caused serious damage to the wheat crops of Manitoba and Saskatchewan, are denied in official statements issued by the respective provincial governments.

While the unofficial reports declared the wheat crop virtually was wiped out in some districts, the Manitoba department of agriculture, in a statement says today that 16 per cent of the spring wheat area is affected. The Saskatchewan government has denied all reports of black rust, but says there is some red rust in a few southern districts, where inconsequential damage has been done.

The Manitoba government says the affected fields are mostly in the Red river valley and its affluents, between Winnipeg and the international boundary, an area sixty miles deep and extending west as far as Morden. Everywhere else in the province excellent conditions are said to exist.

Even taking into consideration the unofficial reports, there is every prospect of a good average yield for the entire territory, local grain men say.

Man Accidentally Killed at Gering

Gering, Neb., Aug. 3.—(Special.)—A. O. Epley, a machine erector employed by the Great Western Sugar company here, died at 5 o'clock yesterday afternoon as the result of an internal hemorrhage which he sustained earlier in the afternoon while unloading a car of twelve-inch cast iron pipe. One of the pipes rolled off on the ground and then bounced and rolled over Mr. Epley. The pipe was for use in the addition to the sugar plant which is being built here.

Farm Loan Board Will Meet Aug. 7

Washington, Aug. 3.—Secretary McAdoo, chairman ex-officio of the new farm loan board, today notified the four appointive members of their confirmation by the senate and called a meeting here August 7, when the work of organizing the new system will be inaugurated.

The board will start hearings throughout the country for the purpose of dividing the United States into twelve federal land bank districts. President Wilson in the meantime will have named an executive head of the board to be known as the farm loan commissioner. Herbert Quick and George W. Norris are spoken of for the place.

Actual operation of the farm loan system probably will not be begun before next spring.

AUSTRIANS TAKE ITALIAN SUBSEA

Giacinto Pullino and Crew Captured in Upper Adriatic and Brought to Pola.

DROP SHELLS ON DURAZZO

Vienna, Aug. 2.—(Via London, Aug. 3.)—The Italian submarine Giacinto Pullino has been captured by the Austrians in the north Adriatic and brought to Pola, according to an official announcement. The submarine was almost undamaged and its entire crew of twenty-one were taken prisoner. The details of the capture have not been made public.

Austrians Bombard Bisceglie. Rome, Aug. 3.—(Via Paris.)—An official statement, issued today, says that two Austrian destroyers shelled Bisceglie, an Italian seaport on the Adriatic, near Bari. The statement follows: "Two enemy destroyers shelled Bisceglie, a district which possesses no defenses. Six persons were wounded, two of them women, seriously. The material damage was slight."

"Nine Italian aeroplanes bombard Durazzo this morning with great effect. A large number of bombs fell on wharves, buildings and the aerodrome. All the machines returned except one, which broke down and had to land in enemy territory."

Seventeen Known Deaths from High Water in Tennessee

Middlesboro, Ky., Aug. 3.—Members of a rescue party who returned from Tazewell, Tenn., this afternoon reported that seventeen persons are known to have lost their lives in the vicinity of Tazewell as a result of a cloudburst last night. Some persons still have not been accounted for and it is believed that the death list will reach thirty.

Tazewell, Tenn., Aug. 3.—Nine persons are known to be dead and thirty or more are reported missing as a result of a cloudburst on Barren creek, in Claiborne county last night. The property loss is heavy.

The territory deluged by the torrential rain extended a mile in width and six miles in length. An unconfirmed report states that about twenty miles of the Middlesboro branch of the Southern railway is under water and that one or more railroad trestles were carried away by the water.

The home of Crockett Edmundson was destroyed. No trace of the family has been found.

Farm Loan Board Will Meet Aug. 7

Washington, Aug. 3.—Secretary McAdoo, chairman ex-officio of the new farm loan board, today notified the four appointive members of their confirmation by the senate and called a meeting here August 7, when the work of organizing the new system will be inaugurated.

The board will start hearings throughout the country for the purpose of dividing the United States into twelve federal land bank districts. President Wilson in the meantime will have named an executive head of the board to be known as the farm loan commissioner. Herbert Quick and George W. Norris are spoken of for the place.

Actual operation of the farm loan system probably will not be begun before next spring.

Colpetzer Estate is Appraised at \$192,560

The report to county court of Anan Raymond, appraiser of the estate of the late Frank Colpetzer, president of the Chicago Lumber company, values the estate at \$192,560.

WAITING FOR THE WORD FROM MEXICO

Washington Ready to Iron Out Mexican Matters When Carranza Names Commission.

POWER OF THE BODY

Washington, Aug. 3.—The final word from General Carranza necessary to initiate organization of the joint commission for settlement of border disputes is expected to reach Washington in a day or so and officials say the commission's deliberations may begin within a week or ten days.

Official announcement in Mexico City today that Mexican commissioners had been selected was taken as a sign that the American suggestion broadening the scope of subjects to be considered at the conference probably had been accepted.

Likely Acceptable. While no formal comment was made at the department there was nothing to indicate that the three commissioners named, Messrs. Carrera, Bonillas and Pani, would not be entirely acceptable to department officials. President Wilson has a score of men under consideration for appointment as the American representatives, but it is understood he has not attempted so far to make a choice.

There are many indications that a high army officer would be one of those selected by the president because of the military nature of the matters to be considered. Major General Goethals has been mentioned. Other men under consideration include members of the United States supreme court and men in financial circles.

Won't Discuss Matter. Department officials have refused to discuss what matters in addition to the military situation on the border they desire the commission to treat. It is known, however, that the possibility of arranging financial aid for the defacto government has been talked over.

The commission's power will be only that of recommendation. Whatever plan it may propose, either for settling the border situation for withdrawal of American troops from Mexico or for any other purpose must be ratified before it is in any way binding upon either government.

Several Villista Leaders Captured

Chihuahua City, Mex., Aug. 3.—Several important Villista leaders have been captured or have surrendered to government troops within the last few days, General Jacinto Trevino announced today. Among the prisoners taken at Cerro Gordo and brought here today were Gabriel Valldivieso, a former Villa general; Gregorio Caso, formerly a Villa lieutenant colonel, and two so-called lieutenants.

General Hilario Rodriguez reported from La Mancha that he had received the surrender of Lazaro Avalos, who held a general's commission under Villa, together with fifty-one men, while Tereso Morales, a so-called colonel, with forty-five men, also has given himself up.

Colonel Jesus Leal, chief of staff to General Trevino, left today for an inspection trip to Saltillo, Torreón and Monterrey preliminary to the re-disposition of some of the forces of the army of the northeast.

Hughes Cannot Address Women's Convention

Colorado Springs, Colo., Aug. 3.—That Charles E. Hughes, nominee of the republican party for president, will be unable to deliver an address before the national conference of the woman's party, to be held in this city next week, was the announcement made in a message received today from Miss Alice Paul, suffrage leader in New York City. Mr. Hughes, in declining the invitation of the National Woman's party, it was said, expressed sincere regret at his inability to address the conference and stated that his numerous engagements would make it impossible.

FRENCH MAKING GAINS TO NORTH OF VERDUN FORTS

Paris Official Report Announces Substantial Progress to the South of Fleury.

FIGHTS NORTH OF SOMME

German Official Report Admits Loss of Trenches at Two Points.

RUSS EVADE GAS ATTACKS

Paris, Aug. 3.—North of the River Somme several German attempts last night against the French position at Monacu farm were repulsed, it was officially announced by the French war office this afternoon. The French troops organized their new positions between Monacu farm and Hem wood.

South of the Somme a German counter attack at Estrees failed. Several violent German counter attacks on the trenches taken by the French yesterday on the right bank of the Meuse, the statement adds, were everywhere stopped by the screen of infantry fire. In this region, which is north of the fortress of Verdun, the French made substantial progress to the south of Fleury. Since the first of August the French have captured 1,100 Germans on this bank.

On the left bank of the Meuse an intense artillery duel continues, but there has been no infantry action. In the Somme sector, Sergeant Chaintat of the French aviation corps, brought down two German machines, which makes a total of eight brought down by this aviator.

Germans Admit Reverse. Berlin, Aug. 3.—(Via London.)—French troops have penetrated the German lines on Monacu farm in the region of the River Somme, and have taken a trench section to the north of that position, says the official statement given out today by the German army headquarters.

In the region north of the fortress of Verdun, the announcement says the French have recaptured a trench section which they had lost in the Laufel wood.

Russians Evade Gas Attacks. Petrograd, Aug. 3.—(Via London.)—"On the night of August 2, in the region of Smorgon," says the official Russian statement issued today, "the enemy launched gas attacks on both sides of the railway. The attack opened at 1 o'clock in the morning and the gas was released six times with intervals between the waves. The gas attacks finished at 6 o'clock in the morning."

"The use of gas was discovered in good time, with the result that the Germans, who were following the gas attacks, were, on attempting to advance, met with rifle and machine gun fire and suffered severe losses. The enemy did not even succeed in getting outside of his own wire entanglements and rapidly returned to his trenches."

British Official Report. London, Aug. 3.—"During the night we continued the work of consolidating the ground which we had gained and in opening up communication trenches," says the British official statement, issued today. "Our guns were active and the enemy's artillery retaliated briskly during the evening along our front from Maltz farm to Longueval, also on the woods of Mametz, Ercourt and Becourt and the village of Pozieres. His fire slackened off at dawn. The enemy exploded a small mine near Souchez. It caused no casualties and did little damage."

Fresh Bush Fires Threaten Towns in Northern Ontario. Toronto, Ont., Aug. 3.—Refugees who arrived here today stated that a bush fire of alarming proportions was threatening Timko, twenty-six miles from Englehart.

Englehart itself is in danger from another bush fire and the people there are ready for a sudden departure by train if forced to give up their homes. The men are well organized to fight fire and they will endeavor to keep the flames from the houses.

Fires are reported also at Osborne, Bushell and Otto, some forty miles from Englehart, and at Boston Creek a serious fire is raging. All of these fires have sprung up since the rain. Many persons have left the threatened places and are at North Bay. Temiskaming and northern Ontario railroad men report a bad fire at McCool.
