Dividends were declared on 60.45 per cent of the outstanding railway stocks and the average rate declared was 3.8 per cent, the paper says. SOUTH SIDE AFFAIRS

New High School Building Is Attracting Considerable Attention.

OF PECULIAR U SHAPE

The new South Central school building that is being rushed to completion on the old school lot between Twenty-fifth and M streets, opposite engine house No. 5, is attracting attention. The peculiar U shape of the building is drawing compliments. Everyone seems to want to know who the designer of the new shaped school building is.

Superintendent of Buildings Finlayson, the designer, spent much time on the grounds directing the construction work. A gang of about twenty-five men are at work and it is hoped that the work will be completed before the opening of the fall school term, September 1.

Assistant Superintendent of Buildings W. Watson is directing men on other South Side public school buildings. Remodeling, painting and varnishing constitute the most of improvements being made on old buildings. The painting of the interior of the big auditorium will be postponed until after the school has opened, the reason being that there is more than enough work at the present time. The roofing will be replaced before the opening of the school term, however.

Kids Are Entertained. Superintendent Patrick Sheehy of the Cudahy packing plant was there in all the glory of his genial spirit when some 200 boisterous and hungry 'actinent' kids arrived at the plant a little after noon and proceeded to gorge themselves of any edibles available. North Side women responded graciously to the task of marshalling the children to the plant. Miss Morgan, who is in charge of the settlement, watched over the entire visit. The settlement will be maintained up until the first week in September when school opens at the West Side building where headquarters are.

Hogs Still Surprise. Hog values dropped another nickel yesterday, according to a review of the market. The day's run amounted to a few hundred less than yesterday, but held at the high figure of 13,500 head. Highest prices of the day were around \$7.40, while packers bought the larger part of their supply at \$8.25. Much interest is manifest as to whether the market will hold as well during the rest of the month as it has the first four days. All records of previous years for the same days have been broken and stockmen differ as to whether the supply can hold up.

Auto Hits Boy. A speeding automobile, whose number the police say is Neb. 25528, struck and knocked to the pavement Charles Wilhelm, 14-year-old school boy living at Twenty-seventh and I streets, while the latter was turning the corner at Twenty-fifth and I streets on his bicycle at 9:10 o'clock. The automobile drove right ahead, leaving the boy in the street. A woman was driving the machine.

Methodists Hold Conference. The quarterly conference of officials of the Grace Methodist church was held last evening at the church at Twenty-fifth and E streets. The financial committee reported finances of the institution in good condition. Dr. U. G. Brown, district superintendent, presided.

Two Fined \$25. I. Perelman, 4927 South Twenty-sixth street, was brought into court this morning by License Inspector

Dr. Frank F. Burhorn The Chiropractor 414-418 Rose Bldg., Phone D. 5347. I make a specialty in adjusting the cause of acute and chronic diseases. Investigation costs nothing, and means health and happiness. Chiropractic deals directly with the cause of ill health.

Tony Hoffman, who charged that the man had been operating a pawn shop without a license. Charles Riseman, assistant license inspector, appeared also as a witness and Perelman was fined \$25 and costs. Because Camiel Vlamineh, Belgian, took a notion to declare war on the world last evening at 7:45 o'clock, he was fined \$25 and costs by Judge Reed. Burt Spierman, 5126 South Fortieth street, testified that Vlamineh, armed with a 22-caliber rifle and a box of cartridges, had lodged himself in a bunch of weeds at Forty-second and Q streets and began shooting at anything and

everything that hove in sight. One of the bullets penetrated a window in the Spierman home and the latter called in officers. Any Man. Meny a man that sweaters now in hot clothes would be enjoying these hot days in one of our Palm Beach suits if they got next. If they know the difference, there's lots of nice, reasonable goods going cheap here now. Let us show you. JOHN FLYNN & CO. Magic City Gossip. Brown Park Mineral Spring shower baths 50c, day and night. Trunks to and from depot, 50c. Call Rapid Auto Exp. So. 3923. Mrs. Anna Bourne, representative of the Associated Charities in the South Side, is on her vacation. She is to be gone one

week and a north side member of the charities is filling her place. Principal Edmund Huwatt of the South Side high school, is expected to arrive in the South Side to make his permanent residence here. His contract with the city schools opened August 1. It is announced that he would arrive in the city this morning. The lawn social given by a Sunday school class of the Grace Methodist church was well attended last evening. The church lawn was crowded to capacity. Rev. Albert N. Porter, pastor of the United Presbyterian church, will preach the vespers service sermon to congregations of South Side churches Sunday evening at the First Christian church at Twenty-fifth and H streets. Mrs. A. J. Carlson, 1758 H street, is spending the summer with relatives at Broadwater, Neb. She has been gone a month and will stay until September 1.

Strike of New York Garment Workers Has Been Settled

New York, Aug. 3.—The garment workers' strike, which has virtually paralyzed the women's suit and cloak industry in this city for nearly four months, was settled tonight at a general meeting of the strike committee. The announcement was made after the result of balloting at twenty-nine halls, at which strikers were assem-

bled, had been determined. The vote was taken on the question of ratifying the amended agreement drawn up two weeks ago between representatives of the strikers and manufacturers, the original terms of which previously had been rejected by the strikers. Mexican Snipers Shoot at Guards. Douglas, Ariz., Aug. 3.—Mexican snipers, lying in the brush about two miles west of Agua Prieta and several hundred yards south of the international boundary are reported to have fired a number of shots at members of the border patrol of the Second Montana infantry Tuesday night.
