Some Misapprehension Exists

Because many handsome and costly homes have been built and are planned, that all lots in Dundee's New Restricted Residence District are high in price.

This is Not the Case

Beautiful, well located lots, with every convenience, are offered at

As Low as \$800

Building restrictions \$2.500 and upward, according to value of lot. Only \$25 cash required, monthly payments as low as \$8.00 per month.

These low priced lots are high, sightly and much below values on older settled streets nearby.

Admirable for Investment

Not many lots have been offered for resale. Those sold have brought from $15\,\%$ to $20\,\%$ in less than a year's time over original price.

arbitrary division of Chinese politics into the northern and southern par-ties is decidedly misleading. There are various factions in China which

a repullican as Lt Tuan-hung, the president.

While Li Yuan-hung is primarily a soldier, and has spent practically all of his life in naval and military effort, he is not an ultra-militarist. He believes in popular rule, and has never advocated an immense army.

Military Party Strong.

Yuan Shi-kar's methods were much the same as those of the old Manchu emperors, and during his administration North China was kept at peace by great military forces, which dominated the political situation and made it impossible for independent figures from the south to come to Peking, This military strength has been transferred to Tuan Chi-juit. The methods of the military have been so represensible that even new southern leaders are unwilling to risk their lives in Peking, and refuse to come at the consular districts and establish personal relations with the honorary consuls and vice consults with whom they have to co-operate. Special measures are also to be taken to enable them to become better acquainted with the Dutch colonies.
