LOBERT OLEANS THE BASES
New York, Aug. 7.—New York made it three out of four in Chicago here today, winning the last game of the series, 3 to 2. In the fifth inning with Giant runners on second and third bases, Lavender purposely passed Raridan, filling the bases. McGraw sent in Lobert to bat for Schupp and he cleaned the bases with a double. A feature of the series just finished is that New York made only thirteen hits in the four games and won three games, in each of which it made only three hits. The score:

Receiver Asks for Assessment That He Might be Paid

With a balance in the treasury of but \$72.89 after a scud of bills have been paid, Receiver Charles T. Dickinson of the defunct Omaha & Nebraska Central railway has filed a report of his activities, the receipts and disbursements and a plea for another assessment on stockholders who have not already contributed to the fund of the defunct railway scheme.

Receiver Dickinson's figures show total receipts of \$4,468.75 and disbursements of \$4,395.87 during the long months he has been attempting to straighten up the affairs of the company between February 25, 1909, and April 24, 1915. He complains in the report that moneys received for receiver's and attorney's fees have not been skimped and urges the court to pay him the balance between \$1,127.80 and \$1,500, which latter sum, in his judgment, is a fair fee for the work. He further asks that attorney's fees of \$1,500 be authorized and that an assessment on stockholders be immediately authorized to meet these payments.

Little Relief at Chicago.
Chicago, Aug. 7.—Little if any relief from the present heat wave was in sight early today, particularly with reference to Chicago and immediate territory. The only degree of mitigation promised by the local weather forecaster was a partly cloudy sky, but even this was hailed with a measure of relief, in view of the discomforts of yesterday. Three deaths directly attributable to the heat of yesterday were reported last night, while others were drowned in seeking relief in the lake from the blazing sun.

High Humidity at New York.
New York, Aug. 7.—With two persons dead and many prostrations during the last twelve hours, indications were that today would break all previous records for excessive humidity. Although the temperature at 10 a. m. was only 78, three degrees lower than at the same hour yesterday, the humidity registered 99 per cent, 5 per cent higher than at the same hour yesterday and within 1 per cent of the highest attained any day this year.
