## Fanning Says That Merit Will Always

Be Recognized Here

ent" Miss Huneker was delighted with Chinese scenery of which we in America hear very little. One city in particular she mentioned which is called the Venice of the East. Like Venice, it has beautiful canals and artistic sights. This Chinese Venice is located fifty miles from Soochow. The ocean voyage was very pleas-ant. Miss Huneker came by the northern route through the inland sea of Japan. With all the wonderful scenes which she saw she has lost none of her loyalty to her own coun-try, for she says that the mountain "Efficiency and seniority will be recognized by me as long as I am in charge of the postoffice," stated Post-master Fanning, who added: "I am not contemplating any changes at this time, and if there should be any changes they will be for definite cause. I told the staff that as long as they do the work as it should be dong and satisfy the public they serve, they need not fear any shake-up. Political considerations will have no place in my administration." Since Colonel Fanning assumed his new office at the postoffice there have been all sorts of rumors of a shakee list of Greater Omaha voters for the convenience of candidates and others interested. This long list will carry the names of about 38,000 qualified uters, showing their party affiliation, address and nationality. Three weeks will be required in the preparation of the work, the sheets to be at the dis-toosal of those wishing them at cost. The registration last year was but lit-te short of 40,000, the removal to other cities, death and other causes reducing the total. **Kugel Returns from His** ld employes were be-nervous and all sorts Legal Talent Al Ready, But Frank Gaines Missing neen circulated. Lobingier went to Shanghai in Feb-ruary, 1914. Mias Huneker found the Orient ex-tremely interesting because of its rad-ical difference from the Occident. Shanghai, because of its large Eng-lish and American population, was particularly notable. On the streets, old Chinese customs and sights jos-tled with the new world peoples and scenes. My sister, Mrs. Lobingier, is president of this club, and organized the first woman's club in Manila. "Just before I left (on July 5) I witnessed an unusual sight. Ameri-can Shanghai celebrated the Fourth of July. First there was a parade of the American volunteers and of the naval men from the Asiatic fleet. Then the American ambasador from Pe-king delivered an address. These were followed by a very American dinner at the Astor house and a ball in the evening. Women Remarkable. But Four Houses

In Greater Omaha

Omaha is a healthy city, as the health department records show. During July the following con-tagious and infectious diseases were reported: Diphtheria, 13; scarlet fever, 15; measles, 16; infantile par-alysis, 2; typhoid fever, 2; smallpov. 2; tuberculosis, 2; ersipelas, 1. This is an unusual showing for a city of 200,000 population. At this time there are only four houses in Greater Omaha quarantined for scarlet fever and only one for diphtheria. Other cases of these dis-cases are in the City Emergency hos-pital.
