

Nebraska
DEMOCRAT TO VOTE FOR HENRY CLARKE
Former Member of Democratic State Committee Outspoken in His Favor.
TELLS HIS REASONS WHY

(From a Staff Correspondent.)
Lincoln, Aug. 19.—(Special.)—There is one democrat in Nebraska who has not been carried away by the attacks of Vic Wilson, democratic candidate for state railway commissioner, upon the commission and the standing of Henry T. Clarke, candidate for re-election on the republican ticket.
L. A. Kinney, of Hastings, was formerly a member of the democratic state committee and president of the Hastings chamber of commerce, and is considered one of the level headed democrats of Adams county. Speaking of the candidacy of Mr. Clarke, Mr. Kinney says:
"For the best interests of these hipsters and consumers of Nebraska, Henry Clarke should be re-elected as state railway commissioner. I am a democrat and I have nothing against Vic Wilson, our party candidate for the commission, but I believe Mr. Clarke to be the man for the position. In fact I consider him the best man who has ever served on the commission. He has been a member since that body was organized and his ability is recognized. Even Commissioner Taylor is reported as saying that the commission could hardly have done without Mr. Clarke's services. I believe that the commission should be nonpartisan, but as long as it is not I am going to vote for the best man."

Notes From Beatrice.
Beatrice, Neb., Aug. 18.—(Special.)—The barn of Samuel Rinaker, who resides at the corner of Fifth and Washington streets, was destroyed by fire last night at 11 o'clock. An electric car belonging to Mr. Rinaker was destroyed. The loss is

placed at \$1,500, covered by insurance. It is thought the fire was of incendiary origin.
At a meeting of the Wymore city council last evening Sherman Taylor was appointed councilman by Mayor Rawlings to succeed the late Dr. S. E. Yoder, who died in Lincoln last week.

Johnson Farmers Will Continue to Fight Hog Cholera

Tecumseh, Neb., Aug. 18.—(Special.)—A large audience of farmers attended a hog cholera preventive meeting at the court house in Tecumseh Thursday afternoon. For three years the government has given the farmers of Johnson and Gage counties a free service in the treatment of their hogs. Wonderful results have been obtained. Now it is the purpose of the government to extend the service to at least twelve Nebraska counties, the counties to be favored being in this section of the state. Dr. S. E. Cosford, who has been stationed at Beatrice and who has general charge of the work, will be continued in the work and will likely be transferred to Lincoln. At the meeting here it was decided to continue the work under the old organization, namely the Johnson County Cholera Preventive association. The officers of this association are W. M. Putman, president; Herman Ernst, jr., vice president; and J. M. Weber, secretary. The committee will decide upon the plan of work in this county, securing the serum from a government approved plant, and the administration can be given by local veterinarians or by the farmers themselves, after the veterinarians instruct them. It is estimated that it costs from 50 to 60 cents per head to treat hogs of an average weight of 100 pounds where there are fifty or more hogs in the herd.

Excess Baggage Charges Illegal Say Travelers

Lincoln, Neb., Aug. 18.—As the result of complaints filed by members of the United Commercial Travelers and Travelers' Protective association, the Nebraska State Railway Commission has asked Attorney General Reed to start prosecution of the Chicago, Rock Island & Pacific railroad for alleged charge of higher excess baggage rates than the law allows. The traveling men have agreed to furnish the evidence. The same complaint is made in regard to the Missouri Pacific road. The Rock Island and Missouri Pacific are the two roads charging 3-cent fare in the state and the increase in fare carried with it an automatic increase in charges for excess baggage, although it is alleged no such increase could legally be made.

Many New Buildings Are Under Way at Holdrege

Holdrege, Neb., Aug. 18.—(Special.)—The large frame building at the corner of Fourth avenue and Grant street, which was formerly used as a lumber yard, and more recently as a tie barn, is being torn down by the owner, Sam T. Schrock, to make way for the erection of a modern two-story garage and sales room with a modern tie and feed barn on lot directly west Many new dwellings are also nearing completion. A series of apartment houses is being contemplated at the corner of Fourth avenue and Tilden street. Charles Burgeon within the next few months will either build an addition to his garage or construct a two-story building on his present site to cost \$5,000 or \$6,000.
