GRAIN AND PRODUCE

Run of Grain is Heavy, With Receipts of Corn and Oats Showing Big Increase.

CASH WHEAT IS STRONG

Omah, August 21, 1916.

The run of grain was very heavy today, the receipts of corn and oats showing a big increase.

The cash demand for wheat was excellent and the market was strong, ruling from ½@1½c higher.

The top price on No. 2 hard wheat was $1.48, but the bulk averaged around $1.47@1.47½.

The sales of No. 3 and 4 hard wheat were quite heavy, the No. 3 hard selling around $1.46@1.46½ and the No. 4 selling generally from $1.33@1.41.

Corn was quoted from unchanged to 1c lower, with the bulk of the samples selling at the decline.

Yellow corn, however, sold steady and was at a premium.

Oats receipts were quite heavy and the market sold from ½@¾c lower.

There was not much trading in rye or barley and these markets were quoted unchanged.

Clearances were: Wheat and flour equal to 1,120,000 bushels; corn, 232,000 bushels; oats, 1,081,000 bushels.

Liverpool close: Wheat, 8d to 6d higher; corn, unchanged.

Primary wheat receipts were 2,579,000 bu. and shipments 1,522,000 bu., against receipts of 1,491,000 bu. and shipments of 1,379,000 bu. last year.

Primary corn receipts were 703,000 bu. and shipments 487,000 bu., against receipts of 576,000 bu. and shipments of 268,000 bu. last year.

Primary oats receipts were 2,540,000 bu. and shipments 1,164,000 bu., against receipts of 1,711,000 bu. and shipments of 934,000 bu. last year.

OMAHA FUTURES MARKET.

The wheat market is still bullish and closed steady on September and December and ¼c higher on the May option.

Trading in wheat was heavy and there was considerable interest in oats.

The corn market was steady, with very light trading, especially in September corn.

Oats were a trifle weak and declined ¼c on September, ¼c on December and the May option closed unchanged.

Reports on the corn crop are at present very optimistic, but the crop reports on wheat are still very bullish.

CHICAGO GRAIN AND PROVISIONS.

Wheat Rises Sharply on Bullish News From Europe and Canada.

Chicago, Aug. 21.—Extra clerks who work far into the night have been employed by board of trade firms to take care of the immense volume of trade which began with the government crop report and which has been stimulated since by private reports of widespread damage to crops, particularly wheat. Today's session of the board was a repetition of recent days. The market for wheat absorbed staggering loads of the cereal from Longs, but it kept its head above Saturday's close and at the end added 2¾ to 3¾ cents to the price.

Corn was rather nervous and irregular, and closed ¼ cents higher to ¾ lower. Oats advanced ¼ to ½@¾. Provisions closed 10 cents lower to 20 cents higher. The wheat market started wild with prices as much as 3¾c over Saturday. Bids were 2 cents apart in different parts of the pit. A deluge of long wheat came out and although every recession brought new buying orders into the arena, prices worked lower for some time. Fluctuations were erratic, ½c at times between quotations. Half an hour before the close however, a violent upward turn began and most of the loss was regained. The entry of the general public into the trade was noted. The news was bullish, except the visible statement. Liverpool and Buenos Ayres were higher and crop reports from Canada and the northwest were as gloomy as ever. A world's crop 35 per cent below normal was estimated by the International Institute of Agriculture, Rome, Italy, and this had a bullish effect. Seaboard exports, 1,237,000, bushels were larger than a year ago.

The top prices for corn deliveries were attained at the opening. Then an avalanche of corn with profits attached came out and prices broke sharply. Longs were afraid of the prediction of cooler weather and rains in the growing belt. The closing rally was helped materially by the weekly crop report of the Santa Fe railroad which said that a good part of the Kansas and Oklahoma crop was a failure. The spot market was 1 to 1½c lower, with shipments curtailed by scarcity of cars.

Heavy selling of oats to secure profits, marked the session in that cereal, but prices after the mid-session break, rallied and closed higher. A prediction of heavy receipts—1,134 cars, tomorrow helped to break the price. The spot market rules strong with an excellent export demand. Shipments fell off because of the car shortage.

Provisions were moderately active with trade mostly in lard. The advance in hogs was the principal influence in advancing prices.

Chicago Cash Prices—Wheat: No. 2 red, $1.51@1.52½; No. 3 red, $1.44@1.52; No. 2 hard, $1.51¾@1.52; No. 3 hard, $1.46@1.51¾. Corn: No. 2 yellow, 89@90c; No. 4 yellow, 86@87c; No. 4 white, nominal. LIVE STOCK MARKET

Cattle Receipts Large and Trade Slow to Ten Cents Lower.

HOGS 10c TO 20c HIGHER

Omaha, August 21, 1916.

Receipts were:	Cattle.	Hogs.	Sheep.
Estimate Monday	10,700	8,200	26,000
Same day last week	11,226	7,470	14,450
Same days 2 week ago	7,424	4,815	16,466
Same day 3 weeks ago	4,784	11,778	12,478
Same day 4 weeks ago	5,962	8,238	16,981
Same day last year	8,414	4,186	28,256

Cattle—The receipts of cattle this morning were very liberal, 10,700 head being reported in. The arrivals as a matter of course consisted very largely of range stock, there being very few cornfeds in sight, at the same time other market points were heavily supplied with cattle and lower prices were the rule everywhere. The market here might be best quoted as slow to 10c lower, the decline being most marked on the medium and common grades. Strictly good feeders continue to be steady.

Receipts and disposition of live stock at the Union stock yards, Omaha, for twenty-four hours ending at 2 p. m. yesterday:

Hogs—Receipts of hogs were a whole lot lighter even than on last Saturday, and in fact the day's run of forty-eight cars, or 3,200 head, was the smallest for any one day since November, 1915.

The market was very active, extremely uneven and sharply higher. Shippings hogs showed advances of a dime or more on early rounds, anything suitable for shipping purposes being scarce and in great demand. Packers also opened fully a dime above last week's close and before the close they bought hogs that were 20c or more higher than Saturday. In fact, the whole market was so uneven that it cannot be compared with Saturday except in a general way. Everything sold early.

Bulk, average cost, and top today were all the highest of the year, and the highest on record for the summer months. Most of the sales landed at $9.80@10.15, with scattered sales on up to $10.50, the top, and the average was above $10.00 for the first time since 1910. Prices are now more than $1.00 higher than at the low time less than three weeks ago, and are between $3.50 and $4.00 higher than at this time a year ago.

Sheep—Receipts of sheep and lambs were by far the largest of the year to date, being estimated at an even hundred cars, or 26,000 head. This is nearly twice as large as last week, and 10,000 heavier than two weeks ago, but smaller than for the same day a year ago by more than 2,000 head.

Lambs made up the big end of the day's offerings, and a good share of them were in killing flesh. With prices showing a weaker tendency elsewhere and the local run the heaviest on the map, a lower trade was in order, and while first packer bids found no one willing to cut loose, movement started in good season and, considering everything was very active, a good many lambs selling long before noon. Prices quoted on the early deals were, on paper, 10@15c lower than last week's close, and, considering quality, most traders called them 15@25c lower. Some real desirable Californians and Wyomings brought $10.75, while the bulk of the good lambs sold upward from $10.50, with a fair to decent kind on down to $10.25.

When it came to comparing prices with last week there was quite a bit of difference in opinions. On paper prices were 10@15c lower, and that was the way a good many traders called the market, but others thought quality of some of the offerings were enough better to warrant quoting prices fully 15c to in spots 25c lower. Those who favored the 10@15c lower quotation were in the majority. Bulk of the offerings had started scaleward by midday, though as was to be expected on so large a run there were several bands still unsold at that time.

A good many old sheep were scattered around, but compared with the size of lamb offerings, mutton supplies were very light. Hardly enough sold during the forenoon to make a basis for comparisons, but most traders seemed to think that prices were not far from steady with last week. Ewes at $6.50@6.75 were of just a decent class, no sales of anything real good having been reported up to noon.

The big run and a fresh break in killer prices failed to stop the feeder advance, buyers giving strong to if anything a little higher prices right from the start. One of the feature sales of the morning was that of nearly six loads of 53-pound Wyoming feeding lambs at $10.40, a new record. Really feeders were not as plentiful as one would imagine on so large a supply. Naturally enough a good many were still unsold at lunch time, lateness in killer sorting holding back the feeder trade.

NEW YORK STOCKS

Events of the Day Set Forth Upon the Wall Street Exchange.

STORY OF THE MARKET

New York, Aug. 21.—In further disregard of the shifting and still serious aspect of the labor controversy today's active market evinced a pronounced disposition to augment last week's gains. Rails were almost the only stocks to show hesitation, although Reading's strength and activity proved almost an offset to the relative heaviness of St. Paul, Canadian Pacific and other western and northwestern issues.

United States Steel was the outstanding feature, making the new record of 95 on its net advance of 2¾ points at the very close of the session.

Steel's previous maximum was 94¾, made late in 1909. Today's turnover in the stock approximated 165,000 shares, or almost 20 per cent of the whole.

Record quotations were registered by other important stocks, notably the shipping group. Marine common and preferred touched 38¾ and 104, respectively, and Atlantic, Gulf and West Indies rose to the unprecedented price of 71. Pacific Mail and United Fruit averaged 3 points' advance at their best.

Independent industrials kept pace with Steel, notably Lackawanna, Republic and Sloss-Sheffield Steels, Colorado Fuel and Great Northern Ore. Equipments were especially strong and active in the final hour at 2 to 4-point advances. Automobile issues were variably higher, except General Motors, which yielded 5 points.

Coppers, some of the semi-war descriptions and Mexicans improved 1 to 3 points, with almost as much for fertilizers and some miscellaneous issues. Sears-Roebuck featured its capacial class at an advance of 4¾. Total sales amounted to 865,000 shares.

Bonds were steady with little trading in the international issues. Total sales, par value, aggregated $2,760,000.

United States coupon 2s declined ¾ per cent on call.
