Loomis, general solicitor for the Union Pacific, is back from his vacation spent at Dome Lake. His family accompanied him on his return. Following Sham Life Saving Stunt, Guard Rescues Four Men After the guards at Municipal beach had staged a sham life-saving stunt under the direction of Dr. William Leary, yesterday afternoon, four men were taken from the water when they got out beyond their depth and cried for help. The prearranged "rescue" was known only to Dr. Leary and the "drowning man," Fred Nichols. Nichols swam out a considerable distance and then gave a demonstration of the accepted kind in the case of drowning men. He gave several lusty calls for "help" which caught the attention of the large crowd at the beach. The guards then rushed to the rescue and brought him to shore. It was only after he had been "resuscitated" that the frightened bathers were "let in" on the fact that the affair had been staged for their benefit. A few minutes later the guards were called upon really to earn their salaries. The four men who swam out too far and found they couldn't get back unassisted let out a series of "save me, save me's," in tones that would have shamed an Apache Indian. They were rescued without difficulty. In the neighborhood of 4,500 people visited the beach Sunday. Boys Hold Their Pets While Mayor Talks Three boys at the Clearview playground pet show yesterday afternoon were somewhat perturbed lest their pet calves held a leash should break away while Mayor Dahlman was addressing the exhibitors and attendants. But the boys held fast to their charges and made good. "Abraham Lincoln was riding along on horseback," said the mayor, "and he dismounted to replace in a nest a baby bird which had fallen to the ground. He was kind to animals and birds and I want you to follow his example." The youngsters cheered the show and was interested in sixty-five pets brought by the children. A boy proudly exhibited twenty-three tiny chicks. The three calves, however, furnished the most amusement. The mayor told the children a few stories of his early ranch life and of how he lived with animals for many years before he moved to Omaha. "Show me a boy or a girl who is kind to animals and I will show you a good boy or girl," added the mayor in parting. He was introduced by Superintendent English of the playgrounds. Police Fill Jail in Saturday's Work The day ending at 7 o'clock Sunday morning police headquarters showed 155 arrests, not including automobilists who are allowed to report on their honor. From early indications the Sunday clean-up will bring in as many more at least. The jail would be unable to contain the whole crowd if many did not have friends to furnish bail. The capacity of the city jail is about 180 if the inmates are packed in carefully. If the women prisoners are transferred to the matron's room this number can be exceeded somewhat. The bulk of the Saturday catch included eight keepers of disorderly houses and eighty-seven inmates. Included in the Sunday list were eight Mexicans held for investigation in connection with a murder of a Mexican laborer Sunday morning. Dr. King's New Discovery. TELLS OF HORRORS BY TURKS IN ARMENIA

Miss Rosie Baptist, Native Teacher, Relates Persecutions of Christians.

SPEAKS IN OMAHA CHURCH

The horrors of the Turkish persecutions of Christians in Armenia during the present war were told by an eye-witness yesterday morning at Immanuel Baptist church. Miss Rosie Baptist, a native of Armenia and a teacher in that country, depicted the horrible things done by the barbarous Turks. "They have nearly wiped out our nation," she said. "I was in Switzerland when I heard of the serious illness of my mother. I tried to reach her, but was unable to do so. Then came word that my father was in the hospital. The Turks came and dragged him out into the street and killed him. "In one house the Turks came and killed all the people except one baby. A Turk went to the cradle where the baby was cooing, and the little one reached up and took hold of his little finger. Shaking off the hold of the little hand, he grasped the babe by the head, lifted it up and with one blow severed the head from the body. "Ten women were taken and their eyes gouged out. Then these monsters rubbed salt in the raw flesh to increase the torture. "They took one old woman, placed a bottle filled with powder on her head, set a fuse to it and blew her head off. "Of all the little countries that have suffered—Belgium, Poland, Serbia and Armenia—the one that has suffered by far the worst is Armenia. The others have been persecuted by enemies, but not by barbarian enemies as Armenia has been. They haven't been tortured simply for the brutal pleasure of seeing them suffer. "What makes it worse is that the Koran teaches the Turks that it is pleasing to God for them to kill the Christians, and that they will gain reward according to the number of Christians they kill. "The other little countries are fighting for their national existence, but Armenia is struggling also for its national faith. Hundreds of thousands have died rather than gave up their Christianity. "And in spite of the awful persecution that has brought our loved ones to terrible deaths, we try to do as Christ did on the cross. We try to forgive them, for they know not what they do."

An Aid to Greater Home Efficiency

Did it ever occur to you that every movie actress you have seen has lovely hair, while the most popular count their curls as their chief beauty? In fact (this is a secret), many are leading ladies just because of their attractive locks. Inquiry among them discloses the fact that they bring out all the natural beauty of their hair by careful shampooing, not with any soap or makeshift, but with a simple mixture which they make up for themselves by putting a teaspoonful of canthrox (which they get from the druggist), in a cup of hot water and applying this instead of soap. After its use their hair dries rapidly, with uniform color. Dandruff, excess oil and dirt are dissolved and entirely disappear. The hair is so fluffy that it looks much heavier than it is.
