

OMAHA WHEAT HAS RANK OF ITS OWN

Stamp of Inspector Powell Taken by Foreign Countries and No Questions Asked.

PUTS OMAHA ON GRAIN MAP

If you should happen to be in London, Liverpool or any other foreign seaport to which American-grown wheat is shipped and in looking over the waybills of shipments if you found one that had stamped across its face, with just an ordinary rubber stamp, the words:

"Approved, George B. Powell, chief inspector and weighmaster, Omaha Grain Exchange, Omaha, Neb.," you would not have to go any farther to ascertain the quality of the wheat covered by the waybill and certificate. You would know that this wheat was of the highest quality...

Since the first of the present year over 8,000,000 bushels of such wheat and so certified has gone to foreign ports from Omaha. Its value has exceeded \$12,000,000, to say nothing of the freight and ocean-going charges.

Hear of Omaha. Prior to the first of this year grain grown in Omaha trade territory and the Omaha Grain exchange had no standing in the foreign countries. The facts were that across the big pond there were a lot of wheat jobbers and millers that knew nothing about wheat grown in Omaha trade territory...

One day Chief Inspector Powell evolved an idea. It was that wheat grown in Omaha trade territory is the best in the world and the only thing necessary to broaden the scope of the Omaha market would be to spread the news concerning the quality of this wheat.

Mr. Powell was busy. He sent samples of the wheat abroad and explained that all of the wheat coming in and going out of Omaha was bought and sold on his inspection. This looked good to the foreign buyers and they placed a small order. The service was satisfactory and more orders were placed, with the result that within the last sixty days Omaha has become one of the largest markets in the country sending out export wheat.

Previously, wheat sold in Omaha went to Chicago, Baltimore, New Orleans, or some of the other big exporting points. There it was graded and inspected, and with this grading and inspection went across the ocean.

Now everything is changed. Agents for exporters buy their wheat here. It is inspected and certified to by Chief Inspector Powell and starts for destination. At destination it is received on this inspection and certification and no questions ever asked as to quality.

The accomplishment of Mr. Powell, it is asserted, has brought about a sort of revolution in the grain business, especially that having to do with wheat. It has placed the Omaha trade territory wheat at the top and at the same time made Mr. Powell one of the most looked up to grain men in the country.

Lane, Gray and Mott Mexican Mediators

Washington, Aug. 22.—Secretary Lansing announced tonight that the American members of the joint commission to undertake settlement of difference between the United States and Mexico would be Franklin K. Lane, secretary of the interior; Judge George Gray of Wilmington, Del., and Dr. John R. Mott of New York City.

Dead Body of Policeman Is Found Upon Roof

Grand Island, Neb., Aug. 22.—(Special Telegram.)—The dead body of a policeman, who disappeared last night shortly after going off duty, was found lying on the roof of a lumber company's building this morning. The theory is that he had observed something at a nearby rooming house that has been under suspicion and had mounted the building to do some observing and was overcome. There were no wounds of any nature and so certain are the authorities that death resulted from heart disease of which he had complained lately that probably no inquest will be held. He was about 65 years of age, has a number of grown children and leaves a wife.

Indian Birth Rate Now Shows Increase

Rapid City, S. D., Aug. 22.—(Special.)—In an address to the people of this section, given under the auspices of the Commercial club here, Hon. Cato Sells, commissioner of Indian affairs, declares that it is a mistaken impression that the Indian in the United States is a dying race. Last year, he asserted, the birth rate exceeded the deaths by several hundred and there are now 350,000 Indians under the government charge in this country, of whom 60,000 are of school age.

Trio Riding in Stolen Car Pinched by Police

Cecil Blackbird, John Gilliam and James Dwyer, who are booked on the police station record as living at 4111 North Twenty-eighth avenue, were arrested Monday night and held for investigation as to how and where they got the automobile in which they were riding. During the night, the police declare they discovered, the car was stolen from Dr. B. B. Schaffer of Auburn. Dr. Schaffer and the sheriff from Auburn are expected in Omaha to identify the car.

Bad Billious Attacks

"My son, 19 years of age, suffered frequently from billious attacks. My husband brought home a bottle of Chamberlain's Tablets and began giving them to him. They helped him right away. He began to eat heartily and picked up right along," writes Mrs. Thomas Campbell, Kirkville, N. Y. Obtainable everywhere.—Adv.

SWINDLERS WORK FARM LOAN GRAFT

Unauthorized Men Attempting to Collect Money for Formation of Associations.

BOARD ISSUES WARNING

Washington, Aug. 22.—Secretary Flanagan of the federal farm loan board today issued a warning to farmers that solicitors are busy in several states without authority of the board, attempting to collect money for the organization of national farm loan associations.

Such associations are authorized under the laws and are to be formed by farmers who desire loans. "The representation by any person that any organization is now offering to make loans by authority of the farm loan board under the federal farm loan act is false," said Mr. Flanagan.

Mr. Flanagan said information had been received from Montana, Idaho and other western states to the effect that unauthorized persons were soliciting subscriptions there. He said farmers should plan the organization of local associations.

Dates and places for hearings to collect information to aid in locating federal land banks were announced today as follows:

From Spokane, Wash., the board will go by way of Tacoma to Portland, where a hearing will be held September 7. Hearings will be held at Sacramento, Cal., September 10; Reno, Nev., September 12; Salt Lake, September 14; Cheyenne, Wyo., September 15; Denver, September 16; Omaha, September 18.

Trading in Stocks Largest in Weeks; Prices Are Highest

New York, Aug. 22.—Trading on the Stock exchange today was the largest of any session in more than three months, aggregating about 1,000,000 shares by 2 o'clock and giving promise of a total turnover of not less than 1,300,000 shares.

United States Steel was again the leader on its rise to a new high record of 96 3/4. There was extraordinary activity in other industrials as well as the war issues and other specialties. Some of these were at the best prices of the year, although generally far under their high records of last summer.

Toward the final hour leading rails showed gains of two to three points on expectation of an amicable settlement between the railroad managers and their employees.

Steel remained the central feature, mounting to the new record of 97 1/2 in the final hour.

Today's business, of approximately 1,350,000 shares, was the largest, with few exceptions, this year.

Two Corporations Blamed for Great Munition Disaster

Jersey City, N. J., Aug. 22.—The coroner's jury which has been investigating the causes of the recent disaster on Black Tom island, that resulted in several deaths and about \$20,000,000 property damage, brought in a verdict today censuring the Lehigh Valley railroad and the National Storage company for failing to take adequate precautions in the transportation and storage of explosives. Assistant Prosecutor McCarthy said indictments would be sought.

Dreamy Waltz Is to Supplant Tango

Chicago, Aug. 22.—The old-fashioned, dreamy waltz is to supplant the tango, according to Thomas McDougall of Pittsburgh, president of the American National Association of Masters of Dancing, which is in convention here today. "The old-fashioned waltz always led up to the time the tango made its appearance, and we propose to re-establish it," President McDougall asserted. "I don't mean that the tango is to be done away with entirely; we are going to devise a new and conservative form for this dance, the feature of which will be simplicity."

Heavy Run for Cannery. Fremont, Neb., Aug. 22.—(Special.)—The Atlantic Cannery company began its annual campaign here Monday with a force of 150 hands. The company has one of the largest corps of extra since it started the factory here and the yield is of excellent quality.

This Leaves the Skin Free from Hairy Growths

(Toilet Talks.) A simple method for completely removing every trace of hair or fuzz is here given. This is painless and usually a single treatment will banish even stubborn growths. To remove hairs, make a thick paste with some powdered delatone and water, spread on hairy surface and after about 2 minutes rub off, wash the skin and the hairs are gone. This method will not mar the skin, but to avoid disappointment, be certain you get delatone.—Advertisement.

BELLANS Absolutely Removes Indigestion. One package proves it. 25c at all druggists.

TURF STARS BREAK NEBRASKA RECORDS

(Continued From Page One.)

van of the field and remaining there, he flashed by the judge's stand. Lillian T., however, made him step all the way. Both horses worked slower in this heat, but speeded up again in the deciding tilt, when Ben Earl finished in first position, with Childs riding pretty, in 2:08 3/4.

R. C. H. Wins Trot.

Another Omaha-owned horse came into his own in the opening day's trotting classic, when R. C. H., an offspring of F. A. L., and jointly owned by Edward Peterson and Tom Denison, won the first two heats and the race in the 2:14 event, Grand Exchange purse of \$1,000. A bad start in the last heat and also the fact that he had to go the long mile, was all that kept the Peterson-Denison gelding from making it three straight.

In winning the race, R. C. H. administered a beating to two famous trotters, particularly, Miss Denmore, of the prides of that famous family, and Heir Reaper, holder of the state trotting record up until yesterday; he likewise did a clean job in shaving a half second off of Heir Reaper's mark of 2:11 1/4, winning the first heat in 2:11 1/4.

In Best of Form.

It is doubtful if a trotter in the United States, eligible to R. C. H.'s class, could have beaten him yesterday in the first heat—he traveled like the wind under Driver Childs' reinsmanship.

Credit is due Heir Reaper for his great trotting; he showed his speed in the second heat, when, after a bad break at the start, he finished close on R. C. H.'s heels.

The Denmore horse won a well-earned victory in the final heat, a performance that got him second money in the race. Anzonetta, a Nebraska animal, finished second in the first heat, but fell back to fourth in the second and third trials and had to be content with fourth in the final.

Two trotters were distanced in the race, one in the second heat and another in the third heat.

Colt Favorite Wins.

Louise De Lopez, the favorite, won her race in the two-year-old trotting class, being the first under the wire in straight heats. Her time in the initial brush: 2:23 1/4, broke the state record for the class.

Another great colt, Marlys Todd, a speedy filly by Sorrento Todd, won second money, finishing two and three in heat positions. By pulling into a safe second in the second heat, Alicia earned for herself the third prize. A Nebraska colt, Captain Dale, got fourth.

Lovers of colt races who attended the opening day's events were unanimous in the opinion that it was one of the keenest and best-driven fields they had ever seen in a two-year-old event.

Catholic Societies Discuss Moral and Civic Problems

New York, Aug. 22.—Views of the leading priests and laymen of the Catholic church on the situation in Mexico received further definition today in the conventions here of the American Federation of Catholic societies, the Catholic Young Men's National union and the German Catholic Central Verein.

Business sessions of the federation and its allied organizations were held this morning. Subjects discussed in the report of Anthony Matre, secretary, were taken up. Mr. Matre in his report yesterday criticized some phases of the moving picture business; easy divorces and attacks on Christianity.

At the women's session Bishop P. J. Muldoon of Rockford, Ill., urged about 200 delegates to join every state, county and city civic movement in their communities.

"Don't stand back and say, 'we Catholic women are not wanted and won't get a fair chance.' He said, 'My own experience is that people of other beliefs not only are fair to Catholics, but are most anxious for us to join with them in their work for the general good.'"

The after cabin of the steamer Topoka, sunk near the mouth of the Detroit river week ago, broke away from the wreck and floated down the river. It was seen by the mate of a passing steamer and given rise to a report that an unidentified freighter had been sunk.

Topoka, Kan., Aug. 19.—To the Editor of The Bee: In your issue of August 11 you published an advertisement by the Nebraska Prosperity league, reprinting what was purported to be an interview with me in the St. Louis Post-Dispatch. This is absolute fiction. I have made no such statements to the St. Louis Post-Dispatch or anyone else.

Since the state closed its doors to the liquor business a never-ending campaign of falsehood has been conducted by the liquor interests of eastern states. With scarcely an exception not one truthful assertion has been published by the whisky dealers about the situation in this state. The wonder in my mind has always been what strange sort of mentality is responsible for this particular kind of mendacity. I have marveled at the assurance which has led the liquor interests to suppose that their vicious misrepresentations would not be discovered untrue. So palpably false have been their charges as to the operation of the prohibitory law in Kansas that the liquor dealers' publicity has proven a boomerang in almost every state where they have conducted that kind of a campaign.

I write you at this time to advise you that the advertisement of the Nebraska Prosperity league has absolutely no foundation so far as I am concerned. ARTHUR CAPPER, Governor of Kansas.

Prosperity League Advertisement Is False Says Governor Capper of Kansas

MOTOR CARS HIT BY MOTORCYCLES

No Person Fatally Hurt, But Have Narrow Escapes and Machines Damaged.

TWO SENT TO HOSPITAL

Four accidents within as many hours, in which motorcycle and auto drivers figured, were handled by the police early last night. Though in each case the machines were badly damaged no one was fatally hurt, although two were taken to hospitals.

Frank Halowka, a baker employed at the Foncelle, and living at 526 North Nineteenth, was riding a motorcycle at Twentieth and Poppleton at a high rate of speed when he crashed into an auto belonging to the Beslin Cigar Factory and driven by L. J. Killner, 2205 North Twenty-seventh. Halowka was badly bruised and was taken to the Southside hospital for treatment by Police Surgeons Loscy and Philbrick. His condition is not dangerous. Both machines were badly damaged.

Hit by Express Truck. Harry Roitstein, 15-year-old newsboy, living at 2551 Decatur, was getting off a street car on the wrong side of the street at Twelfth and Farnam, witnesses said, when an Adams Express company truck driven by E. A. Moody, 546 South Twenty-fifth street, hit him. He suffered internal injuries and bruises. He was taken home.

Ed Greevy, Twenty-ninth and Hickory, riding a motorcycle, collided with Herman Goldman, 811 South Twenty-fourth, who was on a bicycle, at Twentieth and Leavenworth. Greevy was taken to Leonardo Da Vinci hospital by Dr. J. H. Thomsen.

Two Machines Mix. At Twenty-seventh and Ames two machines, driven by Hans Neilsen, 2142 South Thirty-fifth, and William Brown, Forty-sixth and Brown, came together. Both machines were badly damaged. Marna Neilsen, 10-year-old daughter of Neilsen, was cut by broken glass from the windshield.

Woman Married Twenty-Six Years Asks Divorce

North Platte, Neb., Aug. 22.—(Special.)—After twenty-six years of married life, Mrs. Isabelle Eggers is seeking divorce from her husband, Marion Eggers. Mrs. Eggers has filed suit for separation, charging her husband with infidelity.

Bryan Will Speak in Ohio and East

New York, Aug. 22.—William J. Bryan's speaking tour in behalf of President Wilson will begin about September 15, probably in Ohio, and will continue up to election day, it was announced today at national democratic headquarters. It is planned to have Mr. Bryan speak in every

eastern and middle-western state except Missouri and Michigan. When the Bryan itinerary is completed, arrangements will be made for the campaigning trip to the coast of former Governor Martin H. Glynn of New York. He probably will start soon after September 9. Reports from many localities throughout the country indicate that the observance of Lafayette day, September 8, will be on a national scale. "Thereby insuring for it a definite place in our calendar," the Lafayette anniversary committee of which Dr. Charles W. Elliot, president emeritus of Harvard university, is chairman, announced.
