Woman Buys Card So Hubby May Take Her to the Big Ball

"Hello, is this Samson?" "Yep," answered Secretary "Dad" Weaver of Ak-Sar-Ben.

Then the charming feminine voice at the other end of the telephone line went on:

"I want to know if I can pay \$10 and buy a membership in Ak-Sar-Ben for my husband as a present to him."

"Sure pop," answered "Dad." "That's a good idea, a mighty good idea."

And this is not the only call Samson has had on this subject. It is plain enough. The ladies want to go to the ball. Their husbands have not joined Samson's ranks this year, asserting they could not afford it. The wives have a \$10 bill stuck away in a bureau drawer somewhere for hubby's Christmas; so they are just going to make Santa Claus walk a few months early this year, thus being good to hubby and at the same time treating themselves to Ak-Sar-Ben ball.

Westrand Pays Visit to New Home of Grain Exchange

John F. Westrand, one of the prime movers in the making of the Omaha grain market and at the time junior member of the Saunders-Westrand Grain company, but now living in Pender and owning elevators in Pender, Crofton and Fordyce, Neb., was on the exchange floor watching the market and visting with old friends.

Mr. Westrand asserts that all through the northern portion of Nebraska, where his possessions are located, the small grain is the best that has ever been harvested and that corn promises far better than an average crop.

Various Forms Of Headache

"It is necessary in order to treat headaches properly to understand the causes which produce the affection," says Dr. J. W. Ray, of Brockton, Ark. Continuing, he says: "Physicians cannot even begin the treatment of a disease without knowing what causes give rise to it and we must remember that headache is to be treated according to the same rule. We must not only be particular to give a remedy intended to counteract the cause which produces the headache, but we must also give a remedy to relieve the pain until the cause of the trouble has been removed. To answer this purpose, anti-kamnia tablets will be found a most convenient and satisfactory remedy. One tablet every one to three hours gives comfort and rest in the most severe cases of headache, neuralgia and particularly the headaches of women."

When we have a patient subject to regular attacks of sick headaches, we should caution him to keep his bowels regular, for which nothing is better than "Aetoids," and when he feels the least sign of an oncoming attack, he should take two A-K Tablets. Such patients should always be instructed to carry a few of these tablets, so as to be ready for instant use. These tablets are prompt in action and can be depended on to produce relief in a very few minutes. Ask for A-K Tablets. Anti-kamnia tablets at all drug stores.

Dan Cupid Slips a Double Noose Over the Boss and His Attractive Stenographer

Little Matrimonial Surprise Party Is Sprung by Wilbur L. Burgess.

No wonder Cupid smiles! The chair at the stenographer's desk is vacant and the boss is missing, too.

Wilbur L. Burgess, president of the Burgess-Granden company, and Miss Wilhelmina Stadter, 1916 Douglas street, were quietly, oh so quietly, married in Omaha last Saturday night. Then quietly, oh so quietly, they motored to the railway station and fled from the curious gaze of the multitude and will be gone for some two weeks.

Miss Stadter has been stenographer to Mr. Burgess for the last three or four years. Even some of the closest associates of the pair did not suspect that a romance existed there.

But it did exist, for quietly the arrangements were made with the Rev. Mr. V. Higbee of the North Presbyterian church, and quietly the pair slipped to the court house on Saturday and obtained the license. Then, when darkness had fallen, just to elude their friends, the couple motored to the home of the Rev. Mr. Higbee, at 2011 Maple street, and there the ceremony was performed.

Just exactly where the couple is spending the honeymoon at present is not known to Omaha acquaintances, but the railway tickets were good for Chicago and Minneapolis. It is confidently expected they will be back in Omaha within two or three weeks, when they will be at home at 2904 Harris street.

To the license clerk at the court house Mr. Burgess gave his age as "over twenty-one," and Miss Stadter's age was given as "over eighteen."

Wilhelmina Stadter has lived in Omaha for the last fifteen years with her aunt, Mrs. J. T. Blair, 1916 Douglas street. She is the daughter of J. G. Stadter, formerly of Carson, Ia., but more recently of Denver.

Mr. Burgess is president of the Burgess-Granden company of Omaha, vice president of the Omaha Manufacturers' association, an active member of the Commercial club, the Ad club and many other organizations in the city.

Man Sent to Jail for Debt He Owes South Side Store

Just as his hard luck tale was about to be taken in as fact by Police Judge Reed and court officials on the South Side, an ill-fated letter, declaring his identity opposite to his first information, dropped from his coat pocket to the floor of the court room, resulting in conviction and jail sentence.

Jessie Bogue, who was brought into court for owing a bill for \$9 at a local store, declared in defense that he was a stockman who was expecting money from a brother who lived in the north side.

The letter was from the brother and when read by the judge was found to contain an emphatic refusal on the part of the brother to loan any money.

Judge Reed sentenced the man to thirty days in the county jail.

Hume, 218 South Nineteenth street. Hume stopped the car, called a physician to bind up a cut on Babcock's ankle and brought him down to the police station to report the accident.

BIG EXPORT TRADE ON OMAHA WHEAT

Three Hundred Thousand Bushels Sold to New York and Half as Many to Gulf Ports.

PRICE UP 1 TO 2 CENTS

Another red letter day was marked up at the Omaha Grain exchange. Wheat advanced 1 to 2 cents and sold at \$1.46@1.49 1/2. Corn, however, under heavy offerings, ruled from 1/2 cent lower to 1/2 cent up, selling at 79 1/2@81 cents.

The first of the new oats put in an appearance and its excellent quality forced the market up 1/2 cent to 1 cent. The ruling price was 42 1/2@43 cents per bushel.

There has seldom been a day when the demand for wheat for export was greater. During the early morning 300,000 bushels were sold for export through New York, and a little later 150,000 bushels through gulf ports. It all goes out carrying the Omaha inspection, obviating the necessity of any further inspection. The wheat receipts were 178 carloads and the shipments almost as great.

A feature of the Omaha option wheat market was the fact that New York buyers were taking the grain for export at prices 9 1/2 cents above the Chicago price for December delivery, this price being on the basis of \$1.47 1/2 per bushel for cash wheat. Heretofore Omaha grain men have

been bearish on December and May corn, but they have changed and now they are predicting that for these months the cereal will be much higher. Some of them are even talking dollar corn, due to the fact that crop reports indicate an enormous shortage throughout the entire southwest and in most of the corn-growing area east of the Mississippi river. Omaha grain dealers assert that the conditions of two years ago are certain to be repeated and that with the splendid corn crop that is assured for Nebraska this market will be flooded with buyers from the south, the southwest and the east. At this time cash corn on the Omaha market is selling at 79 1/2@81 cents per bushel, an advance of several cents during the last week.
