Petrograd and Paris Report Repulse of Counter Offensives in East and West.

TURKS SLAUGHTER RUSS

Petrograd, Aug. 24.—(Via London.) Teutonic forces have begun determined attacks against the Russians who recently forced their way across to the west bank of the Stokhod in the vicinity of Rudka-Chervische, northeast of Kovel. Today's announcement by the war office says: "Yesterday the enemy opened a fierce artillery and machine gun fire on our positions near Tobol, on the western bank of the Stokhod, thirty-eight miles northeast of Kovel. In the afternoon enemy columns commenced an offensive, but were driven back by our rifle and machine gun fire."

"The presence of Turkish troops on the Zlota Lipa (Galicia), is disclosed by prisoners taken. The capture of two Turkish regiments on the Caucasus front was announced today by the war office."

Turks Slaughter Russians.
Constantinople, Aug. 24.—(Via London.) The repulse of a Russian attack on the Turkish positions along the Caucasus front, with a loss of 3,400 Russian troops, is reported in the Russian statement today. The announcement follows: "Caucasus front: On our right wing, separate attacks on the Turkish advanced positions were repulsed by counter attacks with considerable enemy losses. In the Ognot sector, the Russians lost 3,000 men, and in front of the Turkish position at Mighi, we counted 400 killed."

German Repulse Russians.
Berlin, Aug. 24.—(By Wireless to Saville.)—Sharp fighting continues in the Carpathian regions, where Austrian and German troops are disputing Russian attempts to advance through the passes in Hungary. In the Vienna headquarters report of August 23, the German success north of Capul, where Russian positions were taken, and 200 prisoners captured, is announced.

Further attacks by the Russians in the Jablonitz pass region, near Zabie, were repulsed.

German Attacks in West Fall.
Paris, Aug. 24.—After an intense bombardment of the Soyecourt woods the Germans attacked with grenades the French position south of the Somme last night, but without avail, says today's war office statement. Positions between Fleury and Thiaucourt which had been taken by the French were violently shelled by the German guns.

London, Aug. 24.—On the Somme front, in the neighborhood of Guillemont, the Germans last night launched a strong attack in an effort to regain lost ground. The official statement, issued here today, says the attack was repulsed after a severe struggle in which the Germans sustained heavy losses.

Austrians Find Gold and Jewelry of Cettinje Monks

Geneva, Switzerland, Aug. 24.—(Via Paris.)—The Austrians, according to a special dispatch from Innsbruck, have found the famous treasures of the Detchani monastery, near Cettinje, Montenegro, which the monks had buried upon the approach of the invaders. The accumulations were those of seven centuries, consisting of jewels and old coin of every generation since the thirteenth century, golden vessels and richly embroidered vestments. The value of the whole accumulation is estimated at several million pounds. It is said, adds the dispatch, that a peasant betrayed to the Austrians the catacombs where the treasure was secreted.

Munitions Profits Small, Says Penrose

Washington, Aug. 24.—Senator Penrose, continuing his attack on the emergency revenue bill in the senate today, declared that instead of growing rich, many munitions manufacturers have gone bankrupt. Assailing the proposed tax on the manufacturers of munitions, the senator said: "The tax, I suppose, is levied on the theory that enormous profits are being made. I think it is no exaggeration to say that a large majority of the manufacturers who went into the munitions business have not fared well; many have gone into bankruptcy. Of course a very few have made good profits."

Defending Fleet in War Game Locates Hostile Army

Washington, Aug. 24.—The fleet of enemy transports, bringing an invading army to be landed on the Atlantic seaboard had been found by the defending fleet and the first point in the big naval games goes to the defending forces. Early today the big wireless towers at Arlington picked up orders being sent from Rear Admiral Helm's flagship disposing his line to meet the developments. No word has come of the whereabouts of the hostile battle fleet commanded by Admiral Mayo, but it is supposed to be near the transports.

Farmers Want Eight-Hour Day Like Rest

Washington, Aug. 23.—Among the many messages received at the White House today concerning the threatened railway strike, was one from Henry N. Pope, president of the Farmers' union, declaring that the farmers were opposed to the eight-hour day unless it were to be granted to all those who labor. It urged that the entire controversy be turned over for adjustment to a properly-constituted committee, which could carefully investigate and give the farmers and their interests a hearing.

LINING UNIONS UP AGAINST DRY SIDE

Speakers From Abroad and From Omaha Oppose Prohibition for Nebraska.

ORGANIZING FOR CAMPAIGN WILL BEGIN IN SEPTEMBER

Amalgamation of the activities of members of trade unions throughout the city and state for the purpose of defeating prohibition and retaining employment for brewery workers, cigar makers, drivers and other attaches, was outlined at an open meeting of the Trade Union Liberty League at Metz hall last night. The union men were addressed by Tim J. Daley, New York, president of the International Metal Polishers' union; Carl Winkler, alderman from the Twentieth ward, Milwaukee, and member of the Wisconsin legislature; Robert Byron, International Sheet Metal Workers' union; C. L. Shamp, secretary-treasurer of the International Stationary Firemen's union and John Rosicky, National Printing company.

Meeting To Be Held. Mass meetings of union men and their friends will be held throughout the city until the fall election, speakers of national repute in labor circles being invited to address the workers in the campaign against the prohibition amendment.

"Excessive drinking is one of the results of poverty and not its cause," said Tim Daley in his attack on prohibition plans. "According to the voluminous report of the Federal commission of nine men appointed to investigate the causes of poverty in the United States these four reasons are set forth: "Denial of the opportunity to reach the land."

"Unemployment. "Unfair decisions of the courts on measures intended to benefit organized labor."

"Denial of privileges accorded the employing class."

"This report does not show the excessive use of intoxicants is one of the causes of poverty."

"John D. Rockefeller and other capitalists who contribute millions to the fund that keeps the prohibition agitation alive are the largest owners of patent medicines carrying a large percentage of alcohol."

"Employers of labor contribute 90 per cent of the prohibition campaign funds."

Alderman Winkler of Milwaukee pointed out the alleged results to brewery workers and other members of the adoption of the prohibition amendment.

"It will mean that thousands of trained men will be thrown out of employment after devoting years to the perfecting of their particular professions," said Mr. Winkler. "Other unions that have in times past been aided by the brewery workers and cigar makers should affiliate themselves with these organizations at this time to defeat prohibition and save their jobs."
