APPLE CROP ONLY THIRD OF NORMAL

Secretary of State Horticultural Society Reports on Condition of Yield.

SPRAYING HAS SAVED PART

(From a Staff Correspondent.) Lincoln, Aug. 25.—(Special.)—According to a bulletin issued by J. R. Duncan, secretary of the Nebraska Horticultural society, the apple crop in Nebraska will be about one-third as large this year as it was last year.

As compared with last year the crop will be in better shape for market and the prices for the good fruit will be good. Estimates from some of the counties are given as follows: District No. 1, comprising Richardson, Nemaha, Chase, Pawnee, Johnson, Kearney, DeWitt, and Grant counties, have 243,496 bearing trees, with an estimated yield of 135,000 bushels fall and winter apples, or 33 per cent of last year's crop.

Coarse Fish Seined From Curtis Lake

Curtis, Neb., Aug. 25.—(Special.)—Chief Game Warden G. W. Rutenbeck, accompanied by Deputy Game Warden John Q. Holmes of Orleans, Deputy Fish Commissioner C. G. Filard of Ashland and Eugene Caste, an expert in fish culture of Longdon, Kan., arrived here Saturday with the state fish car, to seise out the coarse fish from the Curtis lake and restock the waters with game fish.

Saturday afternoon the big 1,000-foot seine was stretched out and work began in earnest. The banks of the lake were lined with people from all parts of the country, who came to secure a part of the catch, and they were not disappointed, for all day Saturday, Monday and until Tuesday noon the men kept constantly dragging the mammoth seine, and thousands of pounds of carp and other coarse fish were taken out.

The fish car was loaded nearly to its capacity with game fish from the state fisheries at Gretna. There was about an equal amount of ring perch, pickerel and bass and all these, amounting to about 1,000, were planted in the lake.
