

VOLUNTEER COPS MUST WORK OR QUIT

Chief Dunn Says Fifty Traffic and H. M. Officers Must Show Morale Speed.

ARMEN WILL HELP OUT

Chief of Police Dunn announces that fifty Armenian and Italian officers will be sworn in their stead unless they give early evidence of morale officers in fact as well as in name.

The volunteer cops appeared without to wear badges and were all recommended for their zeal in traffic and humane work, but the records show a woeful lack of interest in the work they were supposed to have had at heart," stated the chief.

Another week of grace will be given these volunteers before their badges will be called in.

The chief says that the co-operation of these officers would result in relieving the traffic evils.

Car Crews to Help.

Chief Dunn after a conference with street railway officials, announced the company had promised to instruct car crews to take the numbers of all automobile drivers who violated traffic rules in regard to speeding and passing street cars. The crews will be allowed time off to testify at police court after the police have summoned the offenders.

Frank Clark, 1214 Henderson street, charged with speeding on complaint of Tom Carter, who telephoned his number to the police, was discharged because Carter did not appear against him. To make good the arrest Carter would have to appear against him.

Two Jitneys—One License.

J. N. White, 1417 Sherwood avenue, operator of a jitney, was fined \$5 and costs for violations of the jitney ordinance. A suspended sentence of \$25 and costs was imposed on Max Baum, 524 South Twenty-fourth street, for operating two taxis on a single taxi license.

Barney Specter, 1616 North Twenty-fourth, a 16-year-old boy, was turned over to the juvenile authorities for driving with bright lights. A. J. Fay, 2638 Avenue C, Council Bluffs, paid \$1 and costs for trucking on the boulevard. Sam Margolin, 852 Locust street, charged with violating the rules of the road, was fined \$2.50 and costs. Dick Williams, 1521 Capitol avenue, passed a street car with a horse and wagon and was fined \$1 and costs. M. Walbo, 2515 Grant street, received a suspended \$2.50 fine for driving a wagon on the boulevard.

Asks to Be Administrator of His Wife's Estate

Claude G. Cunningham, husband of the late Christina Cunningham, who was killed by an automobile on West Main August 17, has filed a petition in district court asking that he be appointed administrator of her estate. Personal property valued at \$500 is involved. No mention is made of possible funds from damage actions. According to the petition the following are heirs: C. G. Cunningham, the husband, aged 74; Margaret Gordon, aged 59, a sister of Florence; the following brothers: John S. Paul, 57, Tacoma, Wash.; Alexander Paul, 52, Seattle, Wash.; George Paul, 45, Idaho Falls, Idaho; Robert Paul, 49, Manitoba, Canada; James Paul, 64, Scotland, N. B. The hearing will be called before County Judge Crawford September 20.

Fire Warden Morris Advises Inspection of Furnaces

Fire Warden Morris advises householders to inspect their furnaces and flues before the time for starting fires. "Many fires are caused by defective flues and furnaces in the fall," stated Mr. Morris, who added that "an ounce of prevention is worth a pound of cure."

Sixty-Six Families Move to Omaha During August

Sixty-six families moved into Omaha during the month of August, according to a survey just made by the bureau of publicity. This totaled 214 persons. Thirteen states contributed to Omaha's development during this time. Twenty-nine families gave economic reasons for coming here. Fourteen came back because they had lived here before.

They will reach the hotel on Monday of this week and remain there until Saturday, when Mr. Hughes will return east to enter the Maine campaign.

COUNTY TO ATTACK DR. CONNELL'S FEES

Commissioners, Although Beaten in Lower Courts, Will Continue the Fight.

DO NOT O. K. HIS VOUCHERS

Payment of fees for the recording of vital statistics on births and deaths at two bit a throw to City Physician R. W. Connell following a series of legal battles with the Douglas county commissioners, in which Dr. Connell came away victorious, was again brought to the attention of the county board by County Attorney Magney.

Dr. Connell complains that the county board, in committee, has refused to O. K. his vouchers for payment, which now amounts to approximately \$2,000 annually, and insists that he will carry the district court's decision to the supreme court to secure orders directing payment. "Dr. Connell is paid a straight salary by the city for the work and additional fees should not be required paid by the county," said Chairman John C. Lynch of the county board. "We have fought this matter through the courts, but have been defeated and will continue the fight in the supreme court. In committee we have decided against the payment of fees of 25 cents each for the recording of births and deaths to Dr. Connell. Before the annexation of South Omaha these fees totalled about \$1,200 annually. They now amount to \$2,000 to \$2,200 in addition to the salary paid by the city to the city physician." Decisions have been handed down in district court by Judge Lee Estelle and Judge Kennedy in favor of Dr. Connell.

Bank Clearings Continue to Gain a Million a Day

Omaha bank clearings continued to hold up their average of a gain of a "million a day" during the week. Bank clearings for the week were \$24,725,474.71, a gain of \$8,000,000 over \$16,554,064.28, the total clearings for the corresponding week last year.

Mother Rejoices at Return of Her Bright Baby Boy

After promising to be a deserving mother, Mrs. Anna Nodgaard, an attractively dressed woman of 21, has been again awarded the custody of her little son, Frederick, aged 2, who for three weeks has been the ward of juvenile authorities at the Riverview home.

During the weeks the bright baby Freddie has become the pet of the institution. When the young mother appeared Saturday with her arms full of baby clothes, attendants were reluctant to allow the youngster to leave.

For three weeks Mrs. Nodgaard has constantly appealed to Probation Officer A. W. Miller and to Judge Leslie for the return of her baby. She has been persistently refused and has been kept on probation under the watchful eyes of juvenile attaches. The child was taken from her because of alleged unsavory surroundings. When Judge Leslie signed the order in juvenile court Saturday morning tears burst from the eyes of the girl-mother, she sobbed, "At last I can have my baby," and left for Riverview home to claim him.

One of Omaha's Planning Experts Sails for France

Secretary Kvenild of the City Planning Commission has received information that George Burdett Ford of New York, one of Omaha's planning experts, sails for France, as a member of the American Industrial commission, upon invitation of the French government. The commission will investigate industrial conditions and advise how they may be improved. Mr. Ford expected to be here September 1, but will defer his visit until October. E. P. Goodrich or Charles Milford Robinson will be here week after next to confer with the planning commission on the proposed widening of Twenty-fourth street and other matters which are pending.

County Employees Ask for More Pay

The high cost of living has panned upon employees of Douglas county, according to a petition being quietly circulated, in which the board of commissioners is asked to increase the salaries of these employees 10 per cent. The name of George Antles leads the list of about forty-five signers. The payroll shows that \$8,250 is being distributed among the appointive employees every two weeks. This amount does not include the workers in the treasurer's office, the register of deeds' staff, the county judge's office or the clerk of the district court, where the employees are paid from fees.

Say Wife Left Husband Because of His Cruelty

Jacob Friede's suit for \$10,000 for the alleged abatement of the affections of his wife, Elizabeth, has been answered by Fred A. Magney, attorney for Max and Esther Venger, parents of Mrs. Friede. Friede sued on July 26, alleging that his wife had been induced to leave home with their baby and return to her parents at Genoa, Neb. The answer asserts that Elizabeth left home May 15 with the baby because of cruel and barbarous treatment. The Vengers declare that after their daughter's marriage they loaned money to Friede to build a home and buy clothing and supplies, and that her departure from home was caused solely by cruel treatment.

The Bee's Fund for Free Milk and Ice

Hot weather is a real enemy of babies and the fund for free milk and ice about past for the summer. But the purse strings of the fund are still loose and the contributions to The Bee's fund continue to come in.

A great number of happy, healthy babies and thankful mothers are the reward of those who have made up this large sum of money this summer and provided pure milk and ice to keep it cool for the use of the little ones.

Prize Winners in Pushmobile Contest

Fred Hildek of 4011 South Thirtieth street and Eddie Peterson of 1206 Atlas street won first place in the pushmobile race at Riverview park Friday afternoon. In second place were Frank Mahoney of 2216 South Leath street and James Maslasky of 1944 South Leath street. The race was an exciting contest and was witnessed by more than 200 friends of the contestants.

City Dads to Doll All Up to Judge Aviation Flight

The city commissioners are all "up in the air" over appointments received from Brigadier General Paul A. Hill of the National Aeronautics Administration, to make this city a base for a flight of a biplane from the state fair grounds to Post Office building.

The city dads are requested to meet at Post Office building later in the week. The flight will be made by a biplane of the type used in the St. Louis-Baltimore flight.

The flight will be made by a biplane of the type used in the St. Louis-Baltimore flight. The flight will be made by a biplane of the type used in the St. Louis-Baltimore flight.

Butler will be attired in a new blue serge suit and cubist shirt. Commissioner Hummel will have his suit pressed for this auspicious occasion.

Postoffice Prepares for Flood of Campaign "Lit"

Preparations for the coming flood of political literature this fall is going forward at the Omaha postoffice.

Letters have been sent to all postmen in the city, telling how they can handle the flood of literature at the same time as the transmission of the mail.

Postmen are advised to use the "improved" envelope on their envelopes, or, if this is unobtainable, to use the standard envelope.

They are further advised to separate the letters into bundles for each day's mail, and to make the mailing lists of candidates for each day.

So the letters may be delivered in the morning, and the bundles of letters already separated into bundles for each of the nine districts of Omaha.

Stripping for the Race

Ever see a runner racing with an overcoat? Would you expect him to win? Can you win life's race with a handicap that prevents your working at full capacity, and prevents your thinking clearly and continuously?

How can you expect to work well unless your physical body is up to the highest efficiency? And can you think clearly with head and throat full? That neglected catarrh is a handicap on your success. It means less work, less efficiency, less reward. Why don't you overcome it?

PERUNA Offers Help

First, it is the prescription of a successful physician for the relief of catarrhal troubles. Second, it has met with wonderful success, testified to by many thousands of people. Third, it has been before the American public forty-five years with increasing success. Fourth, in your neighborhood some one or more have found it of great help.

Tablet or Liquid Form—Both Effective

Manalin is the ideal laxative and liver tonic. In tablet form it is delightful to take. Does not gripe or weaken, forms no bad habits.

THE PERUNA COMPANY, Columbus, Ohio

Best on all Roads

Firestone

Most Miles per Dollar

TIRES

Extra toughness for greatest resistance against cut and grind. Extra thickness—(built-up tread) for most security against puncture. Extra traction (non-skid) for maximum safety and economy of gasoline. Extra resilience for fullest comfort, car protection, and, again, fuel economy.

These extras in the make-up of Firestone Tires keep them supreme in service everywhere, and explain why the demand for them grows faster, in a bigger way, than for any other tires.

They stand the punishment of the rough, gritty roads of rock, gravel, sand, frozen ruts, etc. And they resist longest the frictional heat of fast going on good roads.

Our fiscal year just closed, August 1st, 1916, shows Firestone annual sales of \$53,311,194.63. That's nearly \$3,000,000 over and above the year before.

Such a rapidly increasing demand for Firestone Tires, when there are nearly 200 other brands offered, is ample proof that they are giving the extra service—

Most Miles per Dollar.
