

CAMP OF DEMOS IS FULL OF GLOOM

State Bourbon Committee Apparently Has Little Hope of Carrying Nebraska.

REPORTS NOT CHEERING

(From a Staff Correspondent.) Lincoln, Aug. 27.—(Special.)—That the democratic state committee has little hope of winning the election in Nebraska is apparent by a pall of gloom which seems to hover around headquarters at the Lincoln hotel.

In the words of democrat who usually has been able to dope conditions in advance, "We won't elect a candidate on our ticket," may be expressed the feeling deep down in the hearts of those who are conducting the campaign.

It is an open secret that the democratic state committee is not getting very much cheer from reports coming in from out in the state. In fact, there is much complaint, so it is rumored, that in places where the committee would like to get reports none is forthcoming, and this is to some extent why the "great globs of gloom" hang so thickly about the headquarters.

Names Executive Committee. This was made more apparent when Chairman Langhorst of the committee, after taking a long time to consider the matter and after conference with democrats, appointed an executive committee just twice the size of that of the republican committee, selecting two men from each congressional district, instead of one, to assist in the work of bolstering up the declining democratic campaign.

The democratic cheer leaders are kept busy inventing new wells and practicing new songs in an effort to wake up the faithful. They search republican papers frantically and earnestly in hopes to find a line here or a word there which can be construed in such a way that it will look like a criticism of some of the republican candidates and when they find it a messenger boy is sent scurrying to the local democratic paper with the glad tidings of great joy and then appears the story of how so and so has been criticized by Editor So. and So.

Things They Don't Like.

That State Chairman Ed Beach of the republican state committee has already got their goat is apparent. They don't appear to like the way the republican chairman is going about it. Neither do they like the atmosphere of victory which hangs about republican headquarters over at the Lindell hotel. They don't like the way in which former factions of the republican party are getting together and the air of confidence which is displayed by the official heads of the republican and progressive parties after one of these conferences is had. They don't like the way Chairman Beach is getting in touch with county chairmen all over the state and the reports which from time to time leak out from republican headquarters as to the way the work is coming on out in the state.

Anselmo Man Killed

By Fall From Train Anselmo, Neb., Aug. 27.—(Special Telegram.)—Forest E. Ray, young business man of Anselmo, was instantly killed by falling from a moving freight train at 4:30 o'clock this morning. It appears that, in company of some friends, he came to the railway station and, in a spirit of recklessness, boarded the moving train. He fell between two cars, fairly across the rail, and his body was cut in two. Ray leaves a wife and young child. He was a member of the Independent Order of Odd Fellows and Ancient Order United Workmen.

Both Married and Single Employees Get Full Pay

Some weeks ago the Pierce-Arrow Motor Car company announced that members of the National Guard in its employ, when called for duty at the Mexican border, would be paid by the company during their absence on the basis of full wage to married men and half wage to single men, subject to deduction of the sum received from the Federal government. In addition, their former positions were guaranteed them upon return.

Say Wife Left Husband Because of His Cruelty

Jacob Friede's suit for \$10,000 for the alleged alienation of the affections of his wife, Elizabeth, has been answered by Lloyd A. Magney, attorney for Max and Esther Venger, parents of Mrs. Friede. Friede sued on July 26, alleging that his wife had been induced to leave home with their baby and return to her parents at Geneva, Neb. The answer asserts that Elizabeth left home May 15 with the baby because of cruel and barbarous treatment. The Vengers declare that after their daughter's marriage they loaned money to Friede to build a home and buy clothing and supplies, and that her departure from home was caused solely by cruel treatment.

Saved Her Daughter's Life.

"Chamberlain's Colic, Cholera and Diarrhoea Remedy saved my daughter's life when she had cholera morbus at the age of 14 months. She vomited every few minutes and we were unable to keep any medicine down long enough to benefit her until we gave her this remedy. The doctor being at our house, I asked him what he thought about our using it, and he said as he was unable to do the child any good, I had better use it. The second dose she kept down and in short time the bowels were checked and she improved rapidly after that." Write Mrs. Jennie Moyer, Lima, Ohio. Obtainable everywhere.—Advertisement.

GENUINES ARGUE IN WEE SMALL HOUR

Writers Accompany Gerritt Stone National Park. Fort on Trip to Yellowstone.

VIEW SIGHTS OF OMAHA

Temperament clings ever to the literary genius, even when he is bounding along on a Pullman on the way to Yellowstone park, with all expenses paid.

So temperament was with Emerson Hough, novelist, of Chicago, and Ring W. Lardner, sport writer for the Chicago Tribune and special writer for the Saturday Evening Post, when they rolled into Omaha at 10:15 Sunday morning, as guests of Gerritt Fort, passenger transportation manager of the Union Pacific.

May Meet Monday.

Senator Newlands said he had not called a meeting of the commerce committee and did not know whether it would meet. It was regarded as probable, however, that a meeting might be held Monday.

Informal conference of democratic members probably will be held during the next few days to deliberate on the proposal. At any rate, no immediate congressional action is anticipated and no one in authority would state whether the railroad crisis would operate to prevent adjournment of congress next week.

Senator Newlands said congress has power to direct the Interstate Commerce commission to increase rates or lower them. A suggestion has been made, it was reported, that congress might pass the pending bill to increase the membership of the Interstate Commerce commission from seven to nine and attach to it an amendment expressing the sense of congress that the railroads should have an increase in freight rates if they accept the eight-hour day.

Regardless of the outcome of President Wilson's negotiations, it was indicated tonight that a few of the brotherhood leaders probably would remain here longer than Monday. Heads of the four brotherhoods and their vice presidents, however, probably will remain indefinitely if the settlement of the dispute is not reported soon.

PRESIDENT TURNS TO CONGRESS TO AVERT WALKOUT

That would direct the commission to grant another increase. The executives appear confident that public opinion will be with them in their insistence upon the principle of arbitration and their opposition to an eight-hour day.

The executives' reply will be a statement of their position. Their statement will show that they do not accept the eight-hour day with pay for ten hours as demanded by the men; that they maintain this demand really is one for an increase of wages and that a question of a wage increase is a matter of arbitration and for settlement in no other way.

Now, boys, which dog would you like to own—Henry's or William's?"
