

Nebraska GOOD WORD COMES DOWN FROM DAKOTA

**A. E. Beaumont Says Hughes
Will Carry State by Big
Majority.**

GEORGE TALKS OF OUTLOOK

(From a Staff Correspondent.)
Lincoln, Aug. 31.—(Special.)—South Dakota will poll a big vote for Hughes and the republican ticket in November, according to A. E. Beaumont, secretary of the South Dakota live stock sanitary board, who was in Lincoln today to confer with State Veterinarian Anderson regarding live stock conditions of the two states.

Mr. Beaumont said that the progressives were all for Hughes as a general thing and South Dakota would be found strongly in the republican column as usual.

Reports coming to republican state headquarters continue to be very satisfactory. Chairman Beach and his assistants are on the job all the time. In the short time Mr. Beach has had hold of the steering wheel of the G. O. P. ship, he has got in touch with nearly every county organization and now knows where to put in the work where it will count.

Indications that the state will be strongly republican, are not causing the chairman to let up any in his efforts.

Going After Big Victory.
"We are not going to be satisfied merely with carrying the state for the whole ticket," said Mr. Beach today. "If the committee can be instrumental in helping along the progressive condition, we are going to work all the harder to make the victory so decisive that there will be no question where Nebraska stands."

"Men from out in the state who are in close touch with the condition in their portion declare that Nebraska will go for the head of the ticket all the way from 20,000 to 30,000. We are not going to stop at that. If we are assured of that much now we are going to make it larger if possible. There is little doubt but that we are growing stronger all the while. In fact, we know it."

"The other fellows are trying to fool the voter into the belief that our apparent prosperity is the result of democratic wisdom in handling affairs, but they are not getting very far. The average farmer knows on which side his bread is buttered and he knows just as well as anybody what is bound to come if this democratic administration continues and has to face conditions which will confront us when the European war is over. If the democratic party cannot handle the business of our country without running behind under conditions such as we have had the last two years, what in the world will they do when the war is settled over there and we face a really complexing problem. The average voter is wise to the situation and this committee knows it."

South Nebraska in Line.
Walter A. George, former state chairman of the committee, visited headquarters today. Mr. George has been in a business trip through southern Nebraska and says he sees nothing but a republican victory all along the line. "It is foolish for anyone to think that the democrats are going to win in this state. It isn't in the air. This country is going to be republican after the fourth of next March," said Mr. George. "I don't see the democrats who are not looking for something in the way of a job, feel that way. The fellows who are personally interested are out over the state trying to fool the voters into the belief that Wilson will be elected, but they are not getting very far with it."

"If you will remember four years ago is about all the country has been able to stand of democratic rule at one time for the last fifty years, and their four years this time will be up along about March 4, A. D. 1917."

William Frank Hangs Himself at Table Rock

Table Rock, Neb., Aug. 31.—(Special.)—William F. Frank, a prominent German farmer, who lived half a mile northwest of town, committed suicide Tuesday afternoon. His lifeless body was found hanging to a rafter in the barn. Coroner Waddell of Pawnee City was immediately summoned, but a thorough examination convinced him that an inquest was unnecessary. Mr. Frank was about 50 years old. He suffered a broken leg last March and still used crutches. He is survived by a widow, Mrs. Hester Frank. His brother, Henry Frank, shot himself in 1908. A niece, Miss Eva Stradler, died in a tragic manner at Humboldt last Friday. The following note was found in Mr. Frank's pocketbook:

Hester, you have been a true wife, but you have it too hard this spring, and I can't stand it no more. Good-bye, dear.

It is thought from this note, which had been written and carried some time, from its appearance, that the deed had been long contemplated.

Cocoon Oil Fine For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulitified cocoon oil (which is pure and entirely greaseless) is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulitified cocoon oil at most any drug store. It is very cheap and a few ounces is enough to last everyone in the family for months.—Advertisement.
