Lincoln, Sept. 5.—(Special)—Feeling exceedingly fine over the increased attendance at the fair yesterday over any other year, in fact practically twice the number, with the grandstand receipts for the day and night showing an attendance of about 9,800.

Green's band of Omaha has been giving some fine music. Miss Grace Pool, niece of the secretary of state, one of the soloists is charming the people with her fine voice while Charles Gardner has equally pleased the people with his excellent voice. Dr. A. D. Land and Henry Lotz are cornetists and M. Chaloupka, baritone. A large crowd this evening was entertained by the band at the auditorium after the fireworks.

Ex-Guards as Police.

Although the National Guard was unable to do the policing for the fair this year, under the leadership of Adjutant General Hall, the work is being well done. This is due no doubt to the fact that most of the guards are made up of former members of the state militia, sheriffs and deputy sheriffs who are used to discipline and know what it means to take orders. The police station is equipped with an ambulance corps and a physician.

Pony Exhibit Fine.

This year the pony exhibit is the best ever in the history of the fair and many a boy has felt his heart quicken when the fine six-pony team of milky white ponies has been driven about the grounds by their owner, W. J. Thompson of the Dorchester pony farm. Two years ago the exhibit of ponies numbered but about forty, while this year there is the unusual number of over 100 of the baby horses on the grounds.

Superintendent Purcell of Broken Bow, in charge of the gates, with his assistants who count tickets, Thomas Wright of Ansley, also a newspaperman, and D. S. Dusenberry of Nelson and James Stoner of Lincoln have secured the good will of the newspaper men for their energy in getting the attendance counted early.

Agriculture's Day.

The agricultural display is superb. There is only one way to get any idea of the exhibits from the farms all over the state and that is personally to look it over and then one is likely to be bewildered before he has made the rounds of the big building. Speaking of the apple display under the auspices of the State Horticultural society today, Secretary Duncan said:

"While the apple crop in Nebraska is not as large as that of last year, yet the apples that will be marketed will be much cleaner and better class of fruit, if the exhibits at the state fair are any criterion of the market crop. Commercial growers who are in attendance at the show, state that their crop of fruit this season is clean and free from insect and fungous injury and will pack well. Prices promise well for well grown and packed fruit. The apple show comprises in the neighborhood of 3,000 plates of apples of fall, summer and winter varieties, and a box display."

The usual method of disposing of Nebraska apples is in the three-bushel barrel. One commercial grower, G. N. Titus of Omaha, is having good success in marketing his crop in bushel boxes. He sizes and packs the fruit so that each box has the same quality of fruit in the bottom as is found on the top. His display of "Nebraska Brand" box apples is one of the outstanding features of the fruit display. The judges are working on the fruit classes and will conclude their work by Wednesday night."

Hastings Expects Date From Governor Hughes

Hastings, Neb., Sept. 5.—(Special Telegram)—Hastings has assured a date for Governor Hughes if the presidential candidate comes to Nebraska on his campaign trip. The Nebraska speakers' bureau of the republican committee expects to arrange a Nebraska trip for Mr. Hughes and the officers of the bureau say that Hastings will be in the itinerary.

Judgment Against Railroads.

West Point, Neb., Sept. 5.—(Special)—Judge A. C. Welch of Wayne held a short term of district court at West Point on Friday. A number of decisions were handed down, the most notable one being that in the case of the Bancroft drainage district against the Chicago, St. Paul, Minneapolis & Omaha Railway company. The railroad company refused to pay the assessments levied against it, in common with many others, and the drainage district was compelled to commence suit to force collection. Judge Welch gave judgment for \$2,707.38 against the railway company.

Cure for Cholera Morbus.

"When our little boy, now seven years old, was a baby he was cured of cholera morbus by Chamberlain's Colic, Cholera and Diarrhoea Remedy," writes Mrs. Sidney Simmons, Fair Haven, N. Y. "Since then other members of my family have used this valuable medicine for colic and bowel troubles with good satisfaction, and I gladly endorse it as a remedy of exceptional merit." Obtainable everywhere.—Advertisement.

West Point Has One New School and Is To Have Another

West Point, Neb., Sept. 5.—(Special)—The public schools of this city opened Monday with an increased enrollment. School facilities at West Point are exceptionally good, there being, in addition to the large public school, two flourishing parochial institutions, the Catholic and German Lutheran. The attendance at these schools approximate 250 pupils. The German Lutheran congregation is just finishing a fine, brick, modern school building which will be fully equipped with the latest educational appliances, including a large gymnasium. The present Catholic parochial school is growing too small for the needs of the parish and steps are being taken to erect a commodious school building soon. Land adjoining the church property has been purchased and the new structure when completed will cover one-half block of ground.

Plattsmouth Officer Is Shot by Tramp

Plattsmouth, Neb., Sept. 5.—(Special)—Officer Jones was shot through the arm by a tramp early Monday morning. Three tramps had built a fire near a switch stand close to the Burlington station. Mr. Jones warned them to move it to the river bank, where it would not endanger the property of the railroad company. Two of them assayed to obey, while the third demurred, grumbling as he reluctantly started over the bank, and as he was disappearing drew a gun and began firing. One shot passed through the arm of the officer below the elbow. Other officers were called and made an effort to apprehend the three, but they disappeared in the darkness. The wound was dressed, and while severe is not counted as being liable to prove fatal.

Three Men Are Accused Of Robbing Feed Mill

Beatrice, Neb., Sept. 5.—(Special)—Isaac Koons, Guy Reed and Lil Smith, who were arrested here Sunday morning charged with stealing corn, chopped feed, and flour from Black's mill, pleaded guilty this evening before Judge Ellis. Koons was fined \$100 and costs and the other two men \$50 and costs each. Fred Carel, another member of the party, was acquitted.

Koons was employed nights at the mill and it is alleged to have assisted the other men in getting the grain away from the mill.

Cambridge Pastor Called to Hastings

Hastings, Neb., Sept. 5.—(Special Telegram)—Though there were 150 applicants for the vacant pastorate, the First Congregational church here has extended a call to the first and only one of the candidates heard in the pulpit. The minister chosen is Rev. Joseph Toms of Cambridge, Neb. The church expects him to accept.

New Sunnyside Home For Old and Young Open

Hastings, Neb., Sept. 5.—(Special Telegram)—The new Sunnyside, a home of old and young, was opened with a reception yesterday. The building cost about \$15,000 and contains eighteen rooms for boarders. It is said to be one of the most complete institutions of its kind in the country. The home was founded and is managed by the Hastings Woman's club.

REPUBLICANS ARE FIRM FOR TICKET

Visitors to State Fair Bring in Stories of Accessions to Ranks.

LOOKING FOR BIG VOTE

(From a Staff Correspondent.) Lincoln, Sept. 5.—(Special)—Republican headquarters at the Lindell hotel and at the fair grounds are receiving good reports from those who come in for the annual big show of the Nebraska exposition.

Many visited headquarters today from different parts of the state and everyone, when asked if they knew of any republicans who were going to support the president, replied, "not one."

R. P. Goble of York, one of the well known business men of that city said York county will poll an increased republican majority. Hughes is strong in that county and it will be found he will run well up toward the top when the votes are counted. John L. Kennedy is especially strong in York as is also Judge Sutton, and big republican majorities for the full ticket may already be done.

Last night while the Rev. Charles Cobey of the First Christian church was performing the ceremony, fifty young men and women, with the aid of an accomplice, entered the new home of the bridal pair on Thirty-fourth and Parker streets. There they concealed themselves until the advent of Mr. and Mrs. Arthur Billings. The jubilee which followed far surpassed the excitement of the interrupted wedding.

Senator Charlie Randall of Newman Grove, brought good tidings of great joy to the committee. Madison county, as usual, can be depended upon to give a big majority for the ticket. Senator Randall is pretty well acquainted with conditions in that part of the Third congressional district and says that big majorities will be registered for every candidate on the republican ticket in November.

Senator Orlando Tefft of Cass county, probably one of the best known Nebrascans in the state and a man whose judgment is always considered good, believes there is nothing to it but the election of Hughes and the whole republican ticket.

Senator Bartling of Nebraska City is attending the fair and brought up an auto load of his neighbors' kids to see the big show. The senator says that republican sentiment is strong for Hughes in Otoe county and that there is little chance for the democrats there.

"Republicans are loyal to the ticket," said the senator, "and we are looking for heavy gains in Otoe county."
