Forty-One Hundred Dollars Realized by the Visiting Nurses.

WOMEN ARE BUSY ALL DAY

Tag day brought returns to the Visiting Nurse association. When the work was concluded last night and the cash counted, it was found that the sale of the little red tags that adorned the coats and gowns of practically all of the Omaha men and women, as well as visitors in the city, had brought \$4,140.82. This was fully up to expectations and all of the workers were well satisfied were well pleased with the results.

The first tag was sold by Mrs. Albert Noe. Mrs. Ettinger an old lady of 87 years, was the purchaser.

Dr. C. W. Pollard refused to buy a tag from any one else but sought out Mrs. W. R. Adams, the "mother" of the Visiting Nurse association, of whom he bought a tag for \$10.

Mrs. Barton Millard, the president, was quite ill this morning, but insisted on coming down town to help, in the work.

This bill, passed last night in the senate by a vote of 42 to 16, with five republicans voting for it, went to conference today as soon as the house had gone through the formality of naming its conferees, several of whom have been working on it informally for the last few days. It is believed their report will accept most senate amendments, including those adopted yesterday, directed against allied interference with American trade.
