Seattle, Wash., Sept. 6 .- (Special Telegram.)-F. J. Richards, president of the Lincoln (Neb.) Commercial club, and until recently managing director of the Lincoln hotel in that city, was arrested at the fashionable Hotel Washington Annex last night and spirited away on a steamer at midnight to Port Angeles, this state

When the news of the arrest leaked out today it caused a sensation here Richards spent the day conferring with Dr. Louis Dechmann, the German biologist, who recently startled the scientific world with the culmination of thirty-two years of research work resulting in the alleged discovery of the secret of the predetermination of

Calls It Ridiculous.

"The arrest is ridiculous," says Dr. Dechmann. "Richards came to this state, where Thompson is at present. He is no fugitive from justice either here or in Nebraska. His detention is an outrage, because he has been endeavoring to effect a settlement with Thompson on the hotel business. Thompson charges he has been trying to hold him up. Richards will be promptly cleared."

Trouble Over Settlement.

Frank J. Richards, for ten years manager of the Lincoln hotel in the Nebraska capital city, resigned in Au-gust as managing director and at the same time resigned as president of the Lincoln Commercial club, declaring

A court action and injunction was begun at Lincoln to prevent Rich-ards from checking out personal money in a Lincoln bank and to stop him from disposing of any of the

Higher Cables on Wheat Offset Increase in Whible Supply Here.

Chicago, Sept. 5.—Announcement of big axport transactions aggregating 1,750,000 bushels turned wheat prices desidedly upward today, after the market had undergone a succession of nervous changes. The closes was strong, I to 1% net higher, with December at 11.64 and May at 11.65% Corr finished % off to % up; oats with a gain of % to % and provisions varying from 1% decline to an advance of 10c.

Notwithstanding that wheat closed with a burst of strength, speculators hammered the market during the greater part of the session. An unexpected increase in the United States visible supply total gave the boars a handle sarly to offset the buillish figures of higher cable quotations. Then, too, there was goosip that strenuous efforts would be made by western Europe to obtain supplies otherwise than from North America or through the Dardanelles.

High premiums which were being paid for cash wheat indicated that an urgent demand existed for ahjument to Europe from the United States and Canada, regardless of any contingent arrangements for exports in the future from other countries. Budweiser Famed in Every City

The five big reasons WHY Budweiser sales exceed other beers by millions of bottles are— BECAUSE Anheuser-Busch rigorously obey every

law known to Brew-Science. BECAUSE they pay premium prices for extra fine

northern barley. BECAUSE they import only the cream of Saazer Hop crops, of which their giant Storage houses contain the world's largest supply.

BECAUSE they brew Budweiser in the finest and

BECAUSE its Quality, Purity, Mildness and exclusive Saazer Hop Flavor are always and ever the same. ANHEUSER-BUSCH+ST.LOUIS, U.S.A.
