Cow of Solid Butter. The butter exhibit at the dairy building put in by the Beatrice Creamery company is the center of interest. This year a life-sized cow made of solid butter is the centerpiece, while beside her stands a woman holding in one hand a milkpail, while with the other she grasps the hand of a boy beside her.

Band Draws Well. The Nebraska State band with its double quartet of singers under the direction of the LeBaron-Wheatley company, has been furnishing entertainment of the kind which has made state fair visitors forget all about the big bands from abroad, which up to a year ago have been furnishing the "high toned" music for the fair.

Better Baby Show. The better baby exhibit continues, as in past years, to be an interesting place. Everybody enjoys seeing the "kids" and under the management of Mrs. L. L. Lemars and her efficient assistant, Mrs. H. J. McBeth, the little people are receiving the right kind of consideration.

Autos in Machine Hall. Machinery hall is filled from end to end with automobiles of every make, kind and description. That the "dangerous weapon" is still a popular article is attested by the immense crowds that gather there daily gazing at each and every exhibit and seeming to eb in the position of the ardent lover who "could be happy with either of the other dear charmer was away."

Sample Fire Show. Through the courtesy of the Anderson Fire Hose company of Omaha, the crowds are entertained each day in front of Fire Commissioner Ridgell's headquarters with a fire. An automobile is driven up and at once proceeds to catch fire. Some men rush to the scene with a chemical outfit and the fire is extinguished without harm to the automobile. It is supposed to show the effectiveness of chemicals in putting out fires.

Some Long Hours. Fair week brings its troubles to the state labor commissioner as well as to other people. Long hours at the "ating places cause complaints. "The female labor law provides that females employed in certain industries may be employed not to exceed nine hours in any one day nor more than thirty-four in any one week, nor before 6 a. m. or after 10 p. m., says Labor Commissioner Coffey.

ACUTE AND CHRONIC RHEUMATISM. The exact cause of rheumatism is unknown, though it is generally believed to be due to an excess of uric acid in the blood. It may be also said with equal truth that a remedy has been found which is specific in all cases. In fact the literature of rheumatism shows that there are but few drugs which have not been given a trial. In the hands of one observer it is found that a certain drug has been used with the utmost satisfaction; others have found the same remedy to be a great disappointment. All physicians however agree that every method of treatment is aided by the administration of some remedy to relieve the pain and quiet the nervous system. Dr. W. S. Scholize expresses the opinion of thousands of afflicted persons who say that anti-kamnia tablets should be given with a difference over all other remedies for the relief of rheumatism. These tablets can be purchased in any quantity. They are also unsurpassed in headache, neuralgia and all pain. Ask for A-K Tablets.

Sixteen-Year-Old Girl Frightens Robbers; Protects Family Savings

"Mama, what's the matter?" Antonia Bartha, 16-year-old daughter of Mr. and Mrs. James Bartha, 3439 T street, South Side, had just entered the front room of her home at 11:30 o'clock yesterday morning when she saw the door that led from the front room to another room closed. She advanced toward the door and tried the knob. It failed to turn. "Quit your fooling, Mama," she exclaimed after several efforts to push the door in. But the door refused to open. So she gathered her small body together and "charged" the door playfully with all her might. It gave way and she went careening into the room. A scream escaped her lips. A man with a revolver in his hands faced her. He was a robber. With a command to "get out of the way" the man pushed her aside and

rushed through the open door into the kitchen. He slammed the door after him. In the back yard he was joined by a pal and the two escaped up the alley. Antonia aroused the neighbors and the police were called. Officers later arrested the two men after trailing them to the Rock Island railroad station. They were identified as the men by the Bartha girl at the police station. They were Adam Brenza and John Sprazas, 3421 T street. Mrs. Bartha, mother of the girl, informed the police that she had a large sum of money hidden in the house which the men would probably have found had not their search been interrupted. They seemed familiar with the home, as they worked unmolested by the family dog, which usually spreads the alarm.

Two Auto Accidents In Platte County

Columbus, Neb., Sept. 6.—(Special.)—A head-on collision between two automobiles occurred Sunday evening thirteen miles northwest of this city at 12 o'clock, as a result of which Howard Davis, a young man from Creston, was injured about his chest and head. A physician made a thorough examination of his bruises but found no broken bones, although he will be laid up for some time. One car was being driven by Leo Hamling and was occupied by his two brothers, George and John Hamling, and Eddie Leschen, and the other car was being driven by young Davis and a party of young people from Creston. Both cars were badly smashed up. Joe Weiser, who works on the farm of C. Reiser, four miles southwest of Columbus, had the misfortune to get the ligaments of his right leg torn loose Monday evening as he was riding on the side of the John Boss automobile, holding onto his bicycle that he was carrying to the city. In some manner the automobile struck a rut in the road when another machine was being passed, which threw him to the ground.

Five Hurt in Auto Accident South Of Grand Island

Grand Island, Neb., Sept. 6.—(Special Telegram.)—Miss Lillian Ross of Campbell is in a hospital at Hastings and her mother, her aunt, Mrs. Lillian Johnson, of Central City, and Alexander Keatt of Campbell were badly bruised when the light auto in which they were driving from Central City to Campbell skidded into a five-foot ditch at the first Platte river bridge south of this city late yesterday. Miss Ross' injuries consist of a broken collar bone, three broken ribs and a dislocated shoulder. A heavy local shower had made the clay-topped roadway very slippery. Nearby another auto was in the ditch but none of its occupants had been injured.

Attorney Prince Beaten Up By Man He Prosecuted

Grand Island, Neb., Sept. 6.—(Special Telegram.)—Harm Shank, a saloon keeper of Silver Creek and paroled by Governor Aldrich ten days after he was sentenced from Polk county for arson, late yesterday in front of his saloon at Silver Creek assaulted Governor Aldrich's cousin, Attorney W. A. Prince of this city, and the latter is today confined to his home as a consequence. Harold Prince, son of the attorney, was also assaulted by Tom Dwyer, a bartender for Shank, but when he saw that his father and himself were in a gang of about eight men with apparently no one to come to their assistance, he feigned unconsciousness and was possibly spared a more severe beating. The elder Prince was rendered unconscious by a blow from Shank on the back of the head while the attorney was passing the saloon, after applying a vile epithet and grabbing Prince by the arm. Prince was an assistant in the prosecution for Polk county at the time of Shank's conviction on the charge of arson, and it is said that Shank has made many threats against the attorney ever since. After his parole by Governor Aldrich there was a remonstrance from the people of Polk county and Governor Morehead recalled the parole. Shank so far as known has now been out about three years. It was the first time he ever met the attorney.

WOMEN DELIGHTED WITH STYLE SHOW

House of Menagh Stages Pleasing Display of Fashions at Brandeis Theater.

How to be stylish without being extravagant, and how to dress well without being extreme, was the information sought by Omaha women who thronged the Brandeis theater Wednesday afternoon and evening to view the style show staged by the House of Menagh. The fashion show will be repeated this afternoon and evening. Ora Cnr, fashion expert, lectured on garments, pointing out the newest wrinkles in suits, chapeaux, afternoon dresses, evening gowns and opera coats worn by ten beautiful Omaha mannequins. "Understand what you can wear and then stick to those lines and colors only," he advised all women. "Some food is poison to certain persons. So it is with colors. If any color is unbecoming to you, leave it alone. If you are a woman who weighs 200 pounds, don't try to dress like the woman who weighs only ninety-five pounds."

Short Skirt Doomed. Here is some of the valuable information imparted during the show: The knell of the short skirt is sounded. Skirts on fall suits are from seven to nine inches from the ground, not twelve inches, as last year. The price of garments has gone up. So has the waistline. The mono-tone style of dress is quite the rage. Suits, boots and hat should match. Japanese and Chinese effects for suit linings are the rage. Bolivia cloth is what to ask for.

Don't Be Costive! Take a "Lax-ola" One Tonight—Feel Fine Tomorrow. "Oh, glory! Constipation, biliousness, liver trouble, headaches gone forever! No more of that grochy, lazy, unfit feeling! LAX-OLA is so "different"—in ingredients, in action, in effect—from any laxative or purgative you've ever used, you'll make a big mistake if you don't try it. If your druggist has none in stock he can quickly get some from his wholesaler—ask him to do so. LAX-OLA is 25c a box—worth more. Money back if you are not perfectly satisfied. Get it today!

when you buy your fall suit. It is the newest material for suits. There are plenty of pockets in all the fall suits. Restaurant hats are large and always faced in black. This facing neutralizes the trying glare of restaurant lights. Smart Hats Turned Back. Smart hats are Napoleonic, or turned back from the face. Caps, salvars and tri-cornes are shown for riding. Breast pins are now worn on the left shoulder as an ornament, instead of in the middle as a blouse fastening. Navy, taupe, brown, black, burgundy, Bordeaux blue, dark green and purple are the correct shades for fall. Simple things are the best taste. Fussy garments are worn only by professional women who seek to attract attention. Two horses and a dog which appeared on the stage with the mannequins to lend color to the sports suits, won instantaneous applause from the audience.

Risk Appears Early To Deny He Carved Up New Court House

At 7:30 o'clock this morning, before the doors of the offices of the court house had opened to employes, Police Officer Earl Risk climbed the stairs to appear before Judge Sears to deny that he had carved the initials "E. O. R." on the marble coping near the jury room. Officer Risk was summoned through a letter left in his box at the police station by the county attorney's office. He was released after conference with the judge. The defacing of the marble will be given further investigation by the county commissioners.
