Health Commissioner Says the Medical Inspection is Not Run to Suit Him.

BETTER AT PAROCHIALS

Pending a discussion of the medical inspection question by the Board of

Inspection question by the Board of Education on Monday evening, Sep-tember 18, the school nurses are mak-ing cursory examinations of the chil-dren and expelling those who show signs of disease. The taking of cul-tures by the nurses has not been worked out. Assistant Superintendent Ryan states she has received no reports from these nurses beyond the infor-mation that during the week one child was sent home because of diphtheria and another proved to have scarlet fever. Chairman Woodland of the teach-ers' committee has a plan for engag-ing a regular physician, who will de-vote half of his time superintending the school medical work and will have charge of the nurses. Health Commissioner Connell uses

uncomplimentary language when the aubject of public school medical ex-amination is brought up. He main-tains that the parochial schools are being examined according to his ideas, but he will not say as much for the public schools. When the situation was put up to Dr. E. Holovtchiner, member of the Board of Education, his reply was, "I have nothing to say on the subject." The health commissioner contends that his office should receive reports of the work of the school nurses. Police His Body Will Be in River Farm Loan Board Chief of Police Dunn has received

ON PACIFIC STREET Majority of Property Owners Mechanical Device for on South Side of Elmwood

Park File Petition.

TWO AND HALF MILES LONG Two and one-half miles of paving

on Pacific street beginning at Sixtietis street, running along the south side of Elmwood park, is to be given consideration by Douglas county commissioners in response to a peti-

company, Lena Ryan and C. C. Gal-loway. "The city and council should co-operate in the paving and improve-ment of highways approaching and

adjoining parks that are on the edge CONSIDER PAVING adjoining parks that are on the edge of the city limits yet within the jur-isdiction of the commissioners," said Commissioner Gus Harte. The stretch of road in question was visited Saturday by the county board.

> **Unloading River Fleet** A mechanical carrying device is

oon to be put into operation at the barge house on the river front under

the Douglas street bridge, so that sacks of grain may be unloaded from the steamboats by mechanical means instead of having them carried by hand. The extra expense of the cum-bersome unloading has hitherto been borne by Captain Neff of the Julius E Silbac hut now the river navior. F. Silber, but now the river naviga-tion committee of the Commercial club, representing the Missouri River Navigation league, has decided to assume the expense and install this mechanical device.

COURT ORDERS SON TO STAY IN COUNTY

Issues Restraining Order to Prevent Father from Taking Lad from Jurisdiction.

DEFENDANT CITY EMPLOYE

Pending the hearing on a divorce action brought by Sylvia Proctor, her husband, Fred, an employe of the city engineer's office, has been restrained by Judge Day from attempting to take the son, Wayne, aged 11, out of Douglas county.

Fearing that the lad would be taken from her and out of the jurisdiction of the court, the mother appealed for the restraining order. The amended petition filed by Mrs. Proctor asks that she be paid \$35 monthly

and given the custody of the son. Extreme cruelty is alleged in the divorce petition of Myrtle Pearl
