### CAPITOL WALLS SHOW WEAKENING

Further Evidence of Settling of the East Wing Causes Much Apprehension.

SOME FEAR FOR LIVES

(From a Staff Correspondent.

Lincoln, Sept. 11 .- (Special.) - Although an examination by State Engineer Johnson and his assistant, Mr. Steckleburg, this morning gave no indication that the east wing of the state house had settled any since the last measurements were made a month ago, the fact remains that since Saturday some sort of a change of the walls around the third story of the walls around the third story has resulted, for since Saturday the strain on one of the windows in the office of the adjutant general was so great that the heavy glass cracked at the top.

Head Janitor Burge examined the walls on the outside closely this morning and gave as his opinion that the cracks between the stone slabs

the cracks between the stone slabs around the windows were wider than they were a month ago.

Some employes who are working in the wing expressed the opinion that they would throw up their positions rather than take chances. However, the appropriators ever, the announcement of the engineer that there is no perceptible change in the settling of the wing has allayed their fears somewhat.

This again brings up the question of accommodations for the lower branch of the legislature if the wing

branch of the legislature if the wing again shows signs of weakening.

Architects who have looked at the building say that the walls cannot fall out because of the rods which are strung across, but they admit that they might spread sufficiently to let the floors down, which, as far as the state house workers are concerned, would be just as dangerous as if the walls fell.

#### Game Warden Nabs Fish Law Violators

(From a Staff Correspondent.)
Lincoln, Sept. 11.—(Special.)—A message was received by State Game Warden Rutenbeck this morning from Special Deputy H. Spiece of Falls City that he had been successful in arresting several men and they had been found guilty and fined \$10 cach with costs for breaking the fishing laws of the state.

Those caught were Albert Fetzner, C. E. Sargent, F. Schuler, H. Brooks and James Pennell. Robert Gilroy was convicted of seining and his net, a 150-foot affair, destroyed. When arrested he had three sacks of fish, containing sixty-two carp and thirty-five buffalo fish. He received the same punishment as the other offenders.

### Thomas to Be Busy Speaking Thursday

(From a Staff Correspondent.)

(From a Staff Correspondent.)

Lincoln, Sept. II.—(Special.)—
State Superintendent Thomas will
put in a strenuous day Thursday,
when he will go to Chadron, speaking there at the county fair in the
morning, his subject being, "Education in Western Nebraska."

From Chadron he will go by auto
to Little Cottonwood in Sioux county, where he will speak on rural consolidation. From there he will motor
hack to Crawford and then across
to Belmont, speaking there in the
evening. On Friday morning he will
speak at Alliance.

### Northwest Potato Crop to Be Heavy

Hemingford, Neb., Sept. 11.—(Special.)—The potato crop here will probably be larger than last year's humper crop, owing to abundant rains during August. Winter wheat was excellent, but the spring wheat was a light yield and poor-quality. Black rust injured the spring wheat in the Pine Ridge section north of here, where the best wheat in northwestern Nebraska is ordinarily grown.

There is an abundance of feed for live stock for the coming winter and three times the ordinary acreage of winter wheat is being planted. during August. Winter wheat was

#### Democratic Headquarters Locked Up by Chief

Lincoln, Sept. 11—(Special.)—State Chairman Louie Langhorst of the democratic state committee locked up democratic state committee locked up headquarters this morning and went home. Whether this is due to the unsuccessful condition of the campaign and he thinks best to quit while the quitting is good or whether in a state of agitation over the way things look he forgot that the quarters might be needed before he got back, the chairman only knows, and he is not here to explain.

Secretary Sprague explains the mat-

Secretary Sprague explains the mat-ter by simply saying that Langhorst locked up and forgot to give him the key, which may be true, as the secre-tary was running wild trying to find a key to open the room.

#### Samples of Oil Found On Sioux County Land

Hemingford, Neb., Sept. 11.—(Special.)—Samples of oil scum from certain springs in Sioux county sent to the state chemist at 'Lincoln have been pronounced mineral oil. Some eastern oil men have been investigating the matter and have leased land ing the matter and have leased land for the purpose of putting down a trial well. The land is very similar to the Wyoming district a little farther west, where oil is abundant.

### White Sox Club Signs

Pitcher Marty Lamers Appleton, Wis., Sept. 11.—The Chi-cago White Sox have signed Marty Lamers, 19, of Little Chute, a pitcher who has won all of his nineteen games this season.

Induces Sleep.
Take Dr. Bell's Pine-Tar-Honey for that hacking night cough; it stops the cough and jou sinep. 25c. All druggists.—Adv.

## Ministers Given Appointments for

Glenwood, Ia., Sept. 11.—(Special.)

—The Des Moines conference of the Methodist Episcopal church closed here this morning. The 1917 conference will be held at Indianola. The following is the list of appointments for next year:

Atlantic Metrict.

M. R. Talley, Superintendent.
Adalr. A. P. Keast; Adel, D. J. McKay,
Anlta, R. W. Swiek, Atlantic, Elias Handy;
Adubon, Jackson Glidens; Carson, G. A.
Lawton, Cassy, E. R. Stroud; DeStot, R.
J. Tennant; Dedham, W. C. Smith; Dester,
E. E. Higenfritz, Earlham L. E. Watson;
Earlham circuit, Carl Clark; Elilott, D. B.
S. Prather; Exira, W. B. Cox; Grant, C.
F. Smith; Griswold, R. L. L. Barstable,
Griswold circuit, Charles Mayne; Guthrie
Center, J. H. Freedline; Hancock, E. A.
Wolfe; Harlan, G. T. Roberts, Hastings,
Tioyd A. Smith; Kirkham and Irwin, B.

### Hopes Women Will Adopt This Habit As Well As Men

Glass of hot water each morr ing helps us look and feel clean, sweet, fresh.

Happy, bright, alert—vigorous and vivacious—a good clear skin; a natural, rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could sealize the wonders of the morning inside bath, what a gratifying change would take place.

Instead of the thousands of sickly, anaemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of merve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, swectening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who

Those subject to sick headache, biliousness, nasty breath, rheumatism,
colds; and particularly those who
have a pallid, sallow complexion, and
who are constipated very often, are
urged to obtain I quarter pound of
limestone phosphate at the drug store,
which will cost but a trifle, but is
sufficient to demonstrate the quick
and remarkable change in both health
and appearance awaiting those who
practice internal sanitation. We must
remember that inside cleanliness is
more important than outside, because the skin does not absorb impurtities to contaminate the blood, while
the pores in the thirty feet of bowels
do.—Advertisement.
