

LOWDEN AND DUNNE NAMED IN ILLINOIS

Lorimer Beaten in Race for Congress—Mann and Madden Are Nominated.

FEW WOMEN CAST VOTES

Chicago, Ill., Sept. 14.—With Cook county complete and returns from 1,887 precincts out of 2,973 down state compiled, Colonel Frank O. Lowden received 161,141 votes for the republican nomination for governor in yesterday's primary.

Former Senator William Lorimer conceded his defeat for the republican nomination for congress in the Sixth district when those precincts upon which he had counted to give him a lead failed to live up to his expectations.

Mann and Madden Win.

Nomination of Congressman James Mann, republican house leader, by a big plurality over Rev. Melbourne P. Boynton, a minister, and the apparent defeat of Congressman James T. McDermott, democrat, by Alderman Charles Marvin in the 13th district of Chicago congressional primaries.

Less than 14 per cent of the registered women voters in Chicago balloted in the primary yesterday, according to returns today. The small vote cast by women was attributed to the few officers for which they might vote.

More democratic women than republicans went to the polls, returns indicate. There were approximately 22,000 votes of democratic women to the 16,000 for republican women. The total woman vote is expected to reach about 40,000.

Public Office Is Family Snap; How The Dems View It

(Continued From Page One.)

A cousin of Senator Sausbury of Delaware was given a good job on the Trade commission. Senator O'Gorman of New York landed the job of collector of the port of New York for his son-in-law, Dudley Field Malone. The nephew of Senator Robinson is a senate doorkeeper.

The most glaring examples of nepotism are found in the house, and more "poor relations" have been taken care of in the house than in the senate, simply because there are more representatives than there are senators. Take Illinois for example. Tavener's sister-in-law is his stenographer. Stone's brother is a clerk in the house document room. Sabath's nephew is also in the document room.

Representative Pou of North Carolina for a time had his son on the pay roll as the clerk of the committee on claims, drawing \$1,600 per annum. Young Pou at this time was a student in the University of North Carolina.

Representative Johnson of South Carolina got one of his sons in the Postoffice department and another a house job. A nephew was made clerk to a house committee and the representative's campaign manager was made a capitol policeman. Representative Finley of South Carolina has his son as his secretary and another son is a clerk on the house roll. Representative Aiken of South Carolina employs his son as his secretary; his nephew is in the sergeant-at-arms' office. Representative Clark of Florida has two relatives on his committee and got a doorkeeper's job for his brother. The son of Representative Padgett is the assistant clerk of his father's committee. The son of Representative Burnett is clerk of his father's committee. The son of Representative Carlin, though a student in Georgetown university, is a clerk in the house judiciary committee. A nephew of Representative Shackelford is clerk to the committee on roads. Representative Lloyd of Missouri has a brother in the committee on accounts, and his brother-in-law is assistant doorkeeper in the house. At one time Lloyd had five members of his family on the pay roll. Representative Watkins has his son as clerk to a committee. Representative Candler has his son-in-law at his secretary. Representative Alexander of Missouri has his son as his secretary, and so has Secretary Hardy of Texas. The son of Representative Sparkman is clerk to his father's committee, and the brother of Representative Fields is his secretary. The father of Representative Barkley is one of the house doorkeepers. This list might be extended at great length for there are scores of "poor relations" of senators and representatives drawing good salaries on government pay rolls.

TOO MANY HOLDING PORT IN CHURCHES

Bishop Stunts, at Methodist Conference, Reminds Pastors of Common Failing.

NEED WORK AT THE FRONT

Hastings, Neb., Sept. 14.—(Special Telegram.)—Five hundred ministers this morning heard Bishop Homer C. Stuntz in his address at the devotional services of the Methodist Episcopal conference. The bishop said too many men were merely holding the fort rather than going to the front.

A misunderstanding has arisen about the union of the Nebraska and the Northwest Nebraska conference, so that their union could not take place this year. To adjust matters, a vote was taken this morning, showing fifty-nine against. At the meeting of the Northwest Nebraska conference next week a similar vote will be taken and should they vote in favor, the union will be consummated next year.

W. T. Thompson and L. O. Jones, representing the dry federation of the state, appeared before the conference, urging the necessity of intense activity on the part of every preacher and layman to make Nebraska dry.

Rev. D. J. Buckner of Aurora, in a short speech presented Dr. Marsh, retiring district superintendent of the Hastings district, with a purse as an expression of the esteem in which he is held by the preachers of this district.

A report of the committee on university pastor recommending his continuance, was unanimously adopted.

Dr. M. S. Marble made a plea for the support of the retired preachers of the church. He was here in the interests of a movement, world-wide in its scope, to raise a large endowment that will put this work on a substantial basis.

Lutherans' Condemn Russell. Rev. H. Michelman was re-elected president of the German Nebraska synod of Lutheran churches today. Rev. R. Neumaier was chosen vice president, Rev. M. Koolen, secretary and Rev. K. Klinger, treasurer.

War Summary

THE FRENCH HAVE paused in their advance north of Verdun, where they have driven a total distance of six miles into the German lines since July 1, when the summer offensive began, and now are withdrawing a series of German counter attacks.

ASSAULTS WERE DELIVERED last night on the new French positions held north and south of the Somme, but were fruitless, according to today's Paris bulletin.

THE MACEDONIAN CAMPAIGN of the Serbian forces apparently is not being pressed on the right of the Saloniki position, the British who advanced across the Struma being reported to have withdrawn to the west bank. The Serbians, however, are continuing their pressure against the Bulgarians along the western end of the line. The French war office reports that the engagement near Lake Ostrove is turning in favor of the allies and that Bulgarian trenches and a height northwest of Lake Ostrove have been captured by the Serbians.

LATEST REPORTS from both sides on the campaign in the Rumanian province of Dobruja show the opposing forces in contact along virtually the entire front. Apparently a general engagement is impending.

DISPATCHES THROUGH ITALY say an offensive campaign in the Balkans has been snuffed out at the conference of the confederates of the Balkan states at the headquarters. Germany's contribution to the force being fixed at 200,000 and Austria's at 100,000.

Four Hundred I. W. W.'s Locked Up at Scranton

Washington, Sept. 14.—The Turkish government, in a communication received today by the State department, consents to the shipment of relief supplies from the United States to famine sufferers in Syria. The action reverses the previous attitude of Turkish officials who had refused two urgent pleas by the department for the privilege to make shipments.

Alkali Makes Soap Bad For Washing Hair

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mulsified coconut oil, for this is pure and entirely greaseless. It's very cheap and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy and easy to handle. Besides it loosens and takes out every particle of dust, dirt and dandruff.—Advertisement.

SORORITIES MAKE BETTER RECORDS

Women Students at University of Nebraska Excel Men in Scholarship.

DELTA GAMMA IS HIGHEST

Lincoln, Sept. 14.—(Special.)—Sororities at the state university more than did themselves proud in the scholarship records for the second semester of the school year of 1916, made public yesterday by Dean Engberg of the delinquency committee.

The percentage of delinquency was the lowest in the history of the school, with Delta Gamma as the leader and Alpha Chi Omega a close second, turning in perfect records. The poorest scholarship record of the co-eds was better than the best of the men's fraternities belonging to the interfraternity council.

Alpha Theta Chi led the fraternities belonging to the council, with the Farm House, a secret organization at the farm, the "Treat" leader, Phi Kappa Psi headed the national fraternities and by reason thereof is given the Hainer cup for scholarship presented to the national fraternity at the state university with the best scholarship record. All of the fraternities reported better scholarship the second semester than the first.

In the table "index" indicates the excellence of scholarship, the grades of each member of the fraternity and sorority being taken as a basis for determining this. The following table, with the fraternities and sororities in their ranking order, shows the per cent of delinquency and the index:

Table with 3 columns: Fraternities, Per Cent Delinquency, Index. Includes Farm House, Anselia, Bushnell, Alpha Theta Chi, Delta Upsilon, Alpha Tau Omega, River Lore, Phi Kappa Psi, Phi Kappa Pi, Phi Omega Delta, Sigma Chi, Delta Tau Delta, Phi Delta, Sigma Alpha Epsilon, Sigma Phi Epsilon, Beta Theta Pi, Kappa Sigma, Delta Gamma, Alpha Chi Omega, Kappa Alpha Theta, Delta Zeta, Alpha Delta Pi, Chi Omega, Alpha Omicron Pi, Alpha Xi Delta, Pi Beta Phi, Delta Delta Delta, Kappa Kappa Gamma, Aechh, Alpha Phi.

SAFETY BOX FILLED WITH BANK NOTES

Chicago Saloon Man Arrested in Connection with New Westminster Robbery.

Chicago, Sept. 14.—Martin H. Flannigan, a saloon keeper, was arrested here today in connection with the mysterious robbery five years ago of the branch of the bank of Montreal at New Westminster, B. C. Loot amounting to \$271,000 was obtained by the robbers.

The arrest of Flannigan was made as a result of the arrest in Toronto, Canada, yesterday of Michael B. Shortall, a marble worker of Chicago, who was attempting to pry open a safety deposit box in the vault of the bank of Toronto.

The box, rented by Flannigan four years ago, was found to be stuffed with Canadian bank notes. Shortall told the Toronto police he had been employed by Flannigan to make the Toronto.

Flannigan, the police say, is the same man arrested three years ago on a charge of having in his possession stolen Westminster bank notes. That time Flannigan gave the name of Michael J. Flannigan. He escaped conviction as the numbers on the notes did not correspond with those stolen from the British Columbia bank.
