

GLEASON NOT HELD ON FEDERAL CHARGE

Testimony Does Not Show He Got Ring by Impersonating Secret Service Agent.

NO CASE AGAINST HIM

After a four-hour hearing before United States Commissioner McLaughlin, Charles E. Gleason, a traveling salesman for the Omaha piano house, who was arrested about three weeks ago by federal authorities and charged with impersonating a government secret service officer, was discharged.

The specific charge for which Gleason was held was that of obtaining a diamond ring valued at \$200 from Jessie P. Sulzer of Windfield, W. Va., a nurse, on the strength of his alleged office as a secret service man in the employ of the United States government.

Commissioner McLaughlin, in deciding whether or not the evidence warranted the defendant being held to the federal grand jury, declared he would base his finding on a common sense basis and from a standpoint of right and wrong.

How He Got the Ring.

The whole case hinged on the fact whether or not Miss Sulzer gave Gleason the diamond ring through the influence brought to bear along the lines of his "secret service" prestige, as sworn to by the woman on the witness stand.

The United States commissioner ruled that the government attorney had not sustained the technical charge that Gleason, by virtue of his alleged tales of secret service operations, got possession of the ring through influence of that nature.

The somewhat lengthy hearing was taken up for the most part by the offering of a mass of testimony by the government attorney and Gleason's counsel, I. J. Dunn, and frequent tilt over legal technicalities.

Tells Weird Tales.

According to Miss Sulzer's story on the witness stand Old King Brady, Nick Carter, et al., in their palmier days didn't have anything on Gleason when it came to vivid rehearsal of "leath hound" operations.

She testified Gleason told her that while he was "secret serving" he had "chased counterfeiter" to their den, battled with ten of them and was finally overpowered, spending eight months in a hospital as a result; had run white slavers to earth; frequently had to "drop off the earth for a time," and other exciting escapades of the variety that in dime novel form keep small, imaginative boys awake night.

Railroads Will Run Specials in Ak-Sr-Ben Week

The railroads are lining up their extra service into Omaha during the week of the Ak-Sr-Ben festivities. The afternoon and evening of the electrical parade the night of October 4 the Burlington will run a first special from Lincoln, leaving there at 5 o'clock and reaching here at 6:50, making stops at all stations. A second special will leave Lincoln at 5:45 and run through without making any stops. Returning, three specials will be run, leaving at 10:20, 10:40 and 11:30 the evening of the parade.

In addition to the Lincoln service the Burlington will run a special train from Plattsmouth, leaving there at 7 in the evening. Returning, it will leave Omaha at 11 o'clock at night. All other trains will carry extra equipment.

The Union Pacific will not run any specials into Omaha for the electrical parade, but all trains will carry extra cars. After the parade and at 11:15 o'clock two special trains will be run to Grand Island, one going direct and the other by way of Stromsburg, both making stops at all intermediate points. The day of the historical parade the Grand Island local will be held until 6 o'clock in the evening.

The Northwestern and Rock Island will depend upon the regular trains with extra coaches to handle the crowds into the city, but both roads will run specials out after the parade. The Northwestern will run a special to Carroll, Ia., another to Sioux City by way of Emerson, one to Lincoln by way of Fremont and one to Cornslea by way of Fremont and Scribner. The other roads have not lined up their service, but they will all have special service out, if not in.

Wilcox Heads the Local Credit Men

Members of the Omaha Association of Credit Men, an organization of Omaha, Lincoln and Council Bluffs credit men, gathered at the Loyal hotel Thursday evening for a banquet and to hear an address by Stanley M. Rosewater on "Bankruptcy Law and the Credit Men." Mr. Rosewater explained that while some improvements could be made by amendments it would be a mistake to repeal the federal bankruptcy law because it would be replaced by as many, and probably conflicting laws as there are states in the union. Following Mr. Rosewater's talk a general discussion ensued.

Officers of the association are: B. A. Wilcox, president; C. N. Robinson, vice president; C. F. Brinkman, treasurer; A. B. Palmer, secretary.

move, as they say that they have hundreds of patrons who come to Omaha to spend Sunday who have no chance to be shaved on Saturday night as they arrive too late. Manager Letton says he oftentimes has 100 men who come in on the late trains Saturday night to spend Sunday in Omaha. These all want to get shaved Sunday morning. The question is to come up before the city council Monday morning.

New Record is Set Up For Grassfed Steer

COUNTY PLANS TO PAVE CENTER STREET

Property Owners Storm Commissioners' Office and Get Promise of Nice Gift.

TAX AUTOS BY POWER

Two miles of brick paving will be handed to property owners along west Center street between Fifty-fourth and the Northwestern tracks as a Christmas present if plans of the county commissioners as outlined Friday morning materialize. Bids will be advertised for at once and the work started after the expiration of the required thirty days. In case paving brick cannot be obtained the concrete base will be used temporarily until spring.

Resigned by a delegation of twenty property owners, headed by H. E. Ball, the commissioners gave assurance that the road, said to be in a deplorable condition, will be improved immediately.

"Automobile owners will not sell a car to a resident of the west Center district and guarantee it for one year because of the condition of the Center street road," said Mr. Ball in his appeal to the commissioners. "We must have immediate relief."

"I am opposed to spending money needlessly for temporary road improvement, but I favor the immediate laying of brick paving on Center street," said Commissioner Harter. "To spend money for macadam is foolishness. The next legislature will without doubt extend aid to the counties in good roads work by levying a tax on automobiles according to their horsepower. This tax will probably average \$10 on each auto and will be turned into the road fund. We have \$23,700 available in the road fund and will spend that on west Center street. As fast as more money accumulates from inheritance taxes and other sources we will extend the paving."

Plans were also made for the grading and improvement of Spaulding street from the city limits at Forty-eighth to Fifty-second. This work will complete the boulevard between Fontenelle park and Krug park.

Train Your Hair as an Actress Does

No class of people devote as much time to beauty as do actresses, and naturally no class must be more careful to retain and develop their charms. Inquiry among them develops the information that in hair care they find it dangerous to shampoo with any makeshift hair cleanser. Instead they have studied to find the finest preparation made for shampooing and bringing out the beauty of the hair. The majority of them say that to enjoy the best hair wash and scalp stimulator that is known, get a package of canthrox from your druggist; dissolve a teaspoonful in a cup of hot water and your shampoo is ready. It costs less than 3 cents for this amount. After its use the hair dries rapidly, with uniform color. Dandruff, excess oil and dirt are dissolved and entirely disappear. Your hair will be so fluffy that it will look much heavier than it is. Its luster and softness will also delight you, while the stimulated scalp gains the health which insures hair growth.—Adv.
