

SUPERBAS SPLIT EVEN WITH REDS

Brooklyn Wins First Game of Double-Header and Loses the Second.

SCORES 4 TO 1 AND 2 TO 1

Brooklyn, Sept. 18.—Brooklyn broke even with Cincinnati today winning the first game, 4 to 1, but losing the second, 2 to 1, in ten innings. Cheney outpitched Schneider in the opener and had better support. Knetzel outlasted Marquard in the second.

Chase scored both Cincinnati runs in the second game. He tripled in the second inning and came home on McKechnie's single. In the tenth, with two out, he doubled, took third on a wild pitch and scored on Griffith's single. Wheat scored for Brooklyn in the second inning on a pass, a steal and Mowrey's single. Score: CINCINNATI, BROOKLYN.

Table with 4 columns: Player, AB, R, H, E. Rows include Nesalit, Groh, Tresh, etc.

*Batted for Schneider in ninth.

SHOCKER NOW REAL PITCHING STAR.

URBAN SHOCKER

All doubt that may have existed in the mind of Bill Donovan, manager of the New York Yankees, regarding the pitching ability of Urban Shocker has been removed. Shocker is a real star. The youth made a remarkable record in Toronto, but after a fine start with the Yankees began to slow up. His defeat of the Athletics and the heavy hitting Tigers has placed him among the famous twirlers of the season. Shocker has a spitter which he used with remarkable success.

THE REAL LADY WINS FUTURITY

One of Favorites from Murphy Stables Captures Horse Review Prize.

MISS HARRIS M. VICTOR

Columbus, O., Sept. 18.—Three of the four favorites in this afternoon's opening race of the Columbus Grand Circuit meeting were from the Murphy stable. Only the most pronounced one, The Real Lady, was successful in straight heats, getting no real opposition from even Emma Magowan, that was twice second.

Lon MacDonald, the Indianapolis driver, had in charge the horses that defeated the other Murphy first choices. Miss Harris M won the king stake for 2:06 pacers. She was a strong second choice to Roan Hal, which was four times second. The first heat was won away from him by Sayde Denmore, fresh from the Great Western circuit.

Miss Harris M after finishing fifth in the first heat, stepped away better in the next one and won it in 2:04 1/2, the fastest time of the race. In this finish both Roan Hal and Sayde Denmore were close up as they were at the ends of the next two heats.

First Victory in Three Years. McCloskey, victor in the 2:11 trot, has been racing for three full seasons on the Grand Circuit without being a winner until today. He has been behind the money but a few times, however, and last year at San Francisco won two races. This afternoon he had a little more strength than Virginia Barnett and Empress of Russia.

In the third heat Pittsburgh was beaten by only a neck. Little Frank D, a recent addition to the Valentine stables, took the 2:14 pace. The field was the largest this year on the Grand Circuit. The first heat went to Queen Hal, a Canadian mare, with Little Frank D finishing twelfth. In each of the next three miles, Little Frank D won with ease. Summaries:

Trotting, 2:11 class, three in two, purse \$1,200.

McCloskey, br. s. by Theodora, 1 1 1

Virginia Barnett, br. m. (Dunlop), 2 2 2

Pittsburgh, ch. s. (Murphy), 4 1 1

Empress of Russia, Dick Watts, R. C. H., Donna Lona, Henry Todd, Jack K. Polly, The Toddler, George N. Patterson also ran.

Time: 2:10 1/2, 2:08 1/2, 2:11 1/2.

Horse Review futurity, 2-year-old trotters, two in three, \$1,000.

The Real Lady, br. m. by Moho (Murphy), 1 1 1

Emma Magowan, br. m. (Murphy), 2 2 2

Mary Connor, ch. f. (White), 3 3 3

Bertha McGuire, worthy Volo, Harvey Oak, E. Colorado, Kelley De Forest also ran.

Time: 2:09 1/2, 2:11.

King stake, 2:00 pacers, three in five, \$2,000.

Miss Harris M., br. m. by Peter (The Great McDonald), 4 1 1

Sayde Denmore, ch. m. (Thomas), 1 2 2

Roan Hal, br. s. (Murphy), 2 2 2

The Swoop, Goldie C., Barlight, The Beaver, Baby Bertha also ran.

Time: 2:03 1/2, 2:02 1/2, 2:03, 2:06 1/2.

Pacing, 2:14 class, three in five, purse \$1,200.

Little Frank D., br. s. by Little Frank (Venture), 1 1 1

Queen Hal, br. m. by Gold Hal (McPherson), 1 1 1

Baron Wood, Bernice Alcantara, Tangle, D. M. B., Colonel B. Horace McKerr, Laddie, Rita Jay, Major A. Hal King, Hal Connor, Willie Woodland also ran.

Time: 2:07 1/2, 2:07 1/2, 2:10, 2:07 1/2.

Two-base hits: Miller, McCarthy. Three-base hit: Robertson. Stolen bases: Fletcher, Kneiff. Bases on balls: Off Schupp, 2; off Miller, 1. Earned runs: Off Miller, 1. Hit by pitched ball: By Schupp. (Schultz); off Carter, 1 hit, no runs in seven innings; off Carter, 1 hit, no runs in one inning; off Rixey, 1 run. Struck out: By McConnell, 2; by Carter, 2; by Rixey, 7. Wild pitch: Carter. Passed ball: Clemens. Umpires: O'Day and Harrison.

Giants Blank Pirates.

New York, Sept. 18.—New York kept its winning streak intact today, winning the first game of a double-header from Pittsburgh, 2 to 0, for its twelfth straight victory. The second game resulted in a tie, 3 to 3, in the game being called in the first half of the ninth on account of rain and darkness. In the first game Schupp pitched his second straight three-hit shut-out. The young left-hander has permitted only eight hits and one run in his last three nine-inning games. The second game was a pitcher's battle between Perritt and Grimes, in which the latter, a Southern association recruit, pitched a nine-inning home run by Kauf in the fifth deprived him of victory. Score:

PITTSBURGH, NEW YORK.

DIVIDE WORLD INTO ECONOMIC STRATA

London Chamber of Commerce Would Abrogate Treaties to This End.

BASED ON ENGLISH FAVOR

Washington, Sept. 18.—Division of the world into economic strata separated by tariff walls and classified as allies of the British empire, friendly neutrals, unfriendly neutrals and enemy neutrals is urged by the London Chamber of Commerce. To clear the ground for this world reconstruction the chamber concludes in a special report, a copy of which has just been received here, that abrogation of all "most favored nations" treaties, including that with the United States, is inevitable.

Free trade would be abandoned and a series of graded tariffs proposed in line with the present war groupings of the nations. All imports would be divided as follows: Wholly manufactured goods; semi-manufactured goods and articles solely used as raw material in industries; manufactured foodstuffs, and raw foodstuffs.

All parts of the British empire and its allies would pay minimum duties; friendly neutrals which allow the United Kingdom more favored treatment would pay twice as much; other neutrals, giving preferences to other powers and including neutrals which might be swung into the Teutonic commercial system, would pay a still greater tax; and all "enemy" neutrals would pay the maximum duties, running up as high as 30 per cent.

Roughly it is estimated in the report that this change from free trade to protection would net a yearly revenue of about \$375,000,000.

Every precaution is urged in the report to assuage neutral nations to prevent them from making commercial alliances with enemy countries after the war. The difficulties are spoken of as follows: "It must also be remembered that our allies have tariff arrangements still in force with other foreign countries which it is assumed must be abrogated before any preferential trade arrangements can be made with the British empire as a whole. In addition the United Kingdom has 'most favored nation' clauses with certain foreign countries, including the United States. These it is assumed would have to be terminated, with or without compensatory advantages.

"British trade domination also would be furthered under the chamber's plan by a reorganization of the consular service anti-dumping laws, the formation of a ministry of commerce, with a seat in the cabinet, and the founding of a large central credit bank.

Enemies Licensed. In addition, to the discriminatory tariffs, subjects of countries now at war with Great Britain would not be allowed to live or trade in England except under license.

American trade experts are expected to show the keenest interest in the chamber's recommendation. The chamber's report has been called to Secretary Lansing's attention.

Shan's Linctment—Kills Pain. Is the greatest pain killer ever discovered; simply laid on the skin—no rubbing required—it drives pain away. 25c. All Druggists.—Advertisement.

Lad Missing Year Is Discovered Dead. A year ago last Wednesday, Floyd Adair, 14-year-old son of A. C. Adair, 2625 C street, disappeared from his parents' home. No trace of his whereabouts could be discovered. Saturday word was received from Dawson, Neb., that a boy presumed to be Floyd had been killed by a fall from a Burlington train at that point. His father left for Dawson at once and identified the dead lad as his missing son.

The body was brought home yesterday and funeral services will be held today at 2 o'clock from the home.

Get the Habit of Drinking Hot Water Before Breakfast. Says we can't look or feel right with the system full of poisons.

Millions of folks bathe internally now instead of leading their system with drugs. "What's an inside bath?" you say. Well, it is guaranteed to perform miracles if you could believe these hot water enthusiasts.

There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of real hot water with a teaspoonful of limestone phosphate in it. This is a very excellent health measure. It is intended to flush the stomach, liver, kidneys and the thirty feet of intestines of the previous day's waste, sour bile and indigestible material left over in the body which if not eliminated every day, become food for the millions of bacteria which infest the bowels, the quick result is poisons and toxins which are then absorbed into the blood causing headache, bilious attacks, foul breath, bad taste, colds, stomach trouble, kidney misery, sleeplessness, impure blood and all sort of ailments.

People who feel good one day and badly the next, but who simply can not get feeling right are urged to obtain a quarter pound of limestone phosphate at the drug store. This will cost very little, but is sufficient to make anyone a real crank on the subject of internal sanitation.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so limestone phosphate and hot water act on the stomach, liver, kidneys and bowels. It is vastly more important to bathe on the inside than on the outside, because the skin pores do not absorb impurities into the blood, while the bowel pores do.—Advertisement.

Second Victim of Prize Fight Arena Collapse is Dead. Colorado Springs, Colo., Sept. 18.—Tom Allen, a negro, died today from injuries received in the collapse of seats at the White-Welsh fight here, Labor day. Allen's death was the second on account of the accident.

WOMEN OF INDIA ARE MERE SLAVES

Widows Worked Half to Death, Ill-Treated and Despised, Used to Kill Selves.

CHILD MARRIAGE IS BAD

"There are 60,000 temple prostitutes in India," declared Miss Daisy Wood, missionary in Calcutta, India, who spoke Sunday morning at the Pearl Memorial Methodist church.

"These prostitutes are employed to support the religion of India. Think of the difference between such a religion and the Christian religion. The latter has emancipated woman and raised her to a plain on an equal with man.

"The condition of the women of India is indescribably wretched. Child marriage is one of the blights. The British government has made a law that children cannot be demanded by their husbands until they have reached the age of 12 years. The betrothal takes place when they are mere infants. One day a baby was brought to our mission. We were told the mother had died and her age was 11 years.

"After marriage the women of India are not allowed to see a man. On the streets of India you see nothing, no women. They are immolated in their own houses. If they get sick they cannot see a doctor. Nearly half the 315,000,000 people of India are practically prisoners.

Widows Ill-Treated. "Widowhood is a still more horrible thing in India than widowhood. There are 23,000,000 widows in that great land. The lot of the widow is terrible. She is worked half to death, ill-treated, despised. Before the government prohibited it, most widows preferred to burn 'suttee' which consisted of committing themselves alive on the funeral pyre where the husband's bodies were cremated. Many of the widows of India are children ranging from a year to 15 years of age, for a child is considered just as much a widow if the man to whom she is betrothed dies before she reaches the age of 12 years as if he dies after that time.

"The vast difference in the position of women in Christian nations and in pagan nations is one of the most striking endorsements of Christianity."

A large number of the congregation signed pledge cards for regular contributions to foreign missions.

Germans Build New Freighters

Berlin, Sept. 18.—Big German shipping men have formed a billion-mark shipbuilding company which will immediately begin the construction of a series of 8,000-ton steamers for Germany's freight carrying trade after the war. The Hamburg-American line is behind the new project. The plan is to concentrate on the construction of ten-knot boats.

STATE CORN CROP YIELD IS ENORMOUS

Burlington Reports Show State to Produce 199,000,000 Bushels This Year.

NO DAMAGE FROM FROST

While the Burlington a week ago discontinued the issuance of weekly crop reports until the beginning of the growing season of next year, it is out with a sort of a supplemental report, dealing with the prospective corn yields in Nebraska, precipitation and the condition of the soil.

Compiled from data secured from agents in all parts of the state, the Burlington officials estimate the corn yield as follows: Omaha division, 28 bushels per acre; Lincoln, 27; Wymore, 23; McCook, 18.

It is asserted that the foregoing figures are conservative and that if there is any scaling to be done, it will be up instead of down. On the basis of the estimated yield per acre, it is figured that the total Nebraska corn yield for the year will be about 199,000,000 bushels.

No Damage from Frost. Although there were several frosts during the last ten days, the assurance is given that little, if any, of the Nebraska corn was damaged, the theory being that when the frosts came the crop was so far along that they helped to mature that portion that happened to be a little late and backward.

It is estimated that the seeding of winter wheat is about 50 per cent finished and that plowing, prior to seeding, has been completed.

During the last week all over the state there were heavy rains, the precipitation everywhere except over a limited section along the Missouri river being from one to four inches. The heaviest rain was down through the southern part of the state.

WILL EXPEDITE HANDLING MAIL

Conference Between British Officials and American Firms Planned.

RECENT ORDER TEMPORARY

Washington, Sept. 18.—A conference between British embassy officials and representatives of important American firms which have suffered from the British mail censorship is being arranged by the embassy, with a view to working out some plan to expedite the handling of commercial mail through the censor's office.

The conference will be held soon in New York with Sir Richard Crawford, commercial adviser of the embassy, as the chief representative of the British government. While any private arrangement is expected to be satisfactory to the State department, officials said the negotiations with Great Britain, regarding illegal mail interference, would not be affected. The British reply to the last American protest is
