Mother and Father Each Refer to Tots As "My" Children

When the mother of a family of three children refers to the youngsters as "my children," is the claim valid? When the father objects and refers to the same kiddies as "my children," is he justified in claiming absolute parentage?

This perplexing problem of legal ownership of the little folks was brought before District Judge Day when Charles W. McMullen asked that his suit for divorce from his wife, Virginia E. McMullen be dismissed without prejudice. The order of dismissal was issued just before an answer and cross petition was filed by attorneys for the accused wife.

Allegations charging the wife with the use of unladylike language, that she has made life miserable for the husband and the children and that she has conducted herself in a manner not motherly were answered by the wife with the accusation against the chastity of the husband.

In a motion filed by attorneys for Mrs. McMullen the husband and father was asked to specify "how many children, their names and ages, are referred to in his divorce petition as 'his children.' McMullen failed to answer and instead brought dismissal of the action. They were married at Council Bluffs, July 16, 1911.

WOMEN'S STOMACH TROUBLES

The Great Woman's Medicine Often Just What Is Needed.

We are so used to thinking of Lydia E. Pinkham's Vegetable Compound as a remedy exclusively for female ills that we are apt to overlook the fact that it is one of the best remedies for disorders of the stomach.

For stomach trouble of women it is especially adapted, as it works in complete harmony with the female organism, since it contains the extracts of the best tonic roots and herbs. It tones up the digestive system, and increases the appetite and strength. Here is what one woman writes showing what this medicine does:

Newfield, N. Y. "I am so pleased to say I can recommend Lydia E. Pinkham's Vegetable Compound as an economical and beneficial remedy in most ailments pertaining to women. At least I found it so by only taking two bottles. I had indigestion in a bad form and I am now feeling in the best of health and owe it all to Lydia E. Pinkham's Vegetable Compound." Mrs. BURN WILLIAMS, R. D. No. 29, Newfield, N. Y.

Many women suffer from that "all gone feeling," and "feel so faint," while doing their work. Ten chances to one their digestive system is all out of order. A tablespoonful of Lydia E. Pinkham's Vegetable Compound after each meal should completely remedy this condition in a few days.

Use Coconut Oil For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulified coconut oil (which is pure and entirely greaseless) is much better. It is the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulified coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.—Advertisement.

WITHNELL SAYS HE WANTS COLD FACTS

Says Investigation of Death of Mrs. Malmberg in Burning House to Be Thorough.

HEARING IS NEXT MONDAY

On the request of Superintendent Withnell of the fire department, the city council set next Monday afternoon at 2 o'clock for the hearing of members of Engine Company No. 11, with respect to the fire at 3047 Evans street, where Mrs. Hulda Malmberg was found dead in the basement.

Mr. Withnell intended to hold the hearing Wednesday afternoon, but when some of the witnesses declined to appear voluntarily, he invoked the authority vested in the city council to summon witnesses in a legal manner.

Evidence at the coroner's inquest ended to show that some of the firemen were negligent in not rescuing Mrs. Malmberg from the basement after they were advised the woman was down there.

Mr. Withnell says he wants all of the facts to be brought out at this hearing, although he has been quoted

as saying he is convinced in his own mind that no Omaha fireman would hesitate to rescue any victim if it were possible to enter the building.

HOT WATER AND "ANURIC" BEFORE MEALS--AND HEALTH

All people in America and especially those who are past middle age are prone to eat too much meat and in consequence deposit lime salts in their arteries, veins and joints. They often suffer from twinges of rheumatism or lumbago, sometimes from gout, swollen hands or feet. Such people are not always able to exercise sufficiently in the outdoor air or drink enough pure water in order to sweat freely and excrete impurities through the skin. Dr. Pierce has conducted experiments and thoroughly tested a uric acid solvent at his Invalids' Hotel and Surgical Institute, which he is convinced is many times more potent than lithia--this he named "Anuric." It can be had at almost all drug stores by simply asking for Dr. Pierce's Anuric for kidneys or backache. It will overcome such conditions as rheumatism, dropsical swellings, cold extremities, scalding and burning urine and sleeplessness due to constant need of getting out of bed at night. Our grandmothers have told our mothers and our mothers have in turn instructed us that in case of sickness, resort to Dr. Pierce's dependable household prescriptions. These medicines as put up for sale by druggists have never been recommended as "patent" medicines, but only as superior remedies for certain common and easily-recognized diseases. Had these medicines been adopted to all classes and forms of chronic diseases there would have been no necessity for organizing a competent staff of expert physicians and surgeons, to act in the treatment of difficult, obscure and complicated cases of chronic diseases, as Dr. Pierce maintains in his Invalids' Hotel and Surgical Institute. Of his home remedies the most widely known are his "Favorite Prescription" for womanly troubles and run-down conditions peculiar to the womanly sex; his "Golden Medical Discovery," the greatest of all herbal systems for tonics and vitalizers, for stomach, liver and blood disorders, as well as his "Pleasant Pellets," the tiny, tonic laxatives, averting constipation and cleansing the system of poisons and accumulations in the bowels.—Advertisement.
