

KENNEDY SPEAKS IN BOYD AND ROCK

Republican Candidate for U. S. Senate Addresses Crowd at Basset Opera House.

VISITS OTHER TOWNS

Basset, Neb., Sept. 23.—(Special.)—A crowd that filled the opera house to the doors listened to an address by John L. Kennedy of Omaha, republican candidate for United States senator, last night. County Attorney H. J. Miller of Basset presided and introduced Mr. Kennedy. During his speech of introduction Mr. Miller made reference to Charles E. Hughes as the stalwart, able and conservative leader of a great party and a burst of applause greeted the mention of the name.

Mr. Kennedy prefaced his speech by recommending to the voters the national and state republican candidates and he spoke of the republican party as the party of Washington, Garfield, Abraham Lincoln and Abraham Lincoln Setton. When Mr. Kennedy spoke of the pride which Rock county, Omaha, Douglas county and Nebraska each felt in claiming Judge Sutton as its own it brought forth a storm of applause. Judge Sutton and Mr. Kennedy are great favorites here.

Convict Labor on Roads.

More applause was evoked by the statement that the republican party stands for advancement and for the right side of the moral issues of the campaign. When Mr. Kennedy outlined his plan of improving the roads of Nebraska, and recommended the use of convict labor on the roads he was interrupted repeatedly by enthusiastic applause and suggestions from the audience that he take all the time he required for this subject. Working the convict on the roads, he said, would be good for the roads and good for the convicts, too. Good roads, he suggested, would make accessible to the public the beauties of the Niobrara and Elkhorn river regions and encourage travel there and according advertise Nebraska and this community.

Omaha and Hwy Market.

Mr. Kennedy stated that Newport and Basset are the centers of a great hay-producing region of the state, and he told of the establishing

of the great markets at Omaha for their products of this part of the state, including the hay market, which is yet in its infancy, but of great importance to the people of Rock county and vicinity. When he stated that there was no longer that old-time rivalry between Omaha and the rest of the state, but that all parts were working for the commonweal of the whole state, he brought out another generous round of applause.

Republicans and democrats alike interrupted with their applause Mr. Kennedy's plan of carrying on a constructive work in enabling Mexico to care for itself. He referred to the definite policy of the days of the rebellion and the Spanish war, which freed the black and the brown man, and he urged that we take to Mexico the spirit of the school system of our country, and endeavor to make it possible for each peon to have a home and a chance to grow and make something of himself and raise a family.

On the matter of rural credits Mr. Kennedy expressed himself as favoring rural credits, but he preferred a plan which would give the farmer a loan with less red tape, without compelling him to deal with his fellow farmers, and for a lesser rate of interest. He said it should provide for lending on a greater per cent of the value of the farm. He stated that the government at this time was not responsive to the needs of the west and middle west.

Mr. Kennedy will visit the towns between Basset and O'Neill today and speak in O'Neill tonight. At O'Neill Congressman Kinkaid will also speak. Mr. Kinkaid was not able to be here because of prior engagements, but will visit here later in the campaign.

Kennedy Visits Six Towns.

Springview, Neb., Sept. 23.—(Special.)—John L. Kennedy of Omaha, republican candidate for United States senator, arrived here last night after an all-day's drive from Lynch. He was accompanied by A. C. McFarland, editor of the Lynch Journal. En route here Mr. Kennedy and party stopped at Bristow, Spencer, Naer, Mills, Burton and other towns in Boyd and Kewa Paha counties. Mr. Kennedy did not speak here, but spent the evening meeting voters of the village, and left this morning by automobile for Newport and Basset and other points in Rock county. Interest in politics here is just beginning to awaken. The impression seems to be general that Nebraska will be voted dry this fall and Judge A. L. Sutton will receive a large vote from this end of the state because of his active championship of the dry

amendment. Mr. Kennedy will also receive a heavy vote here. Many of the local democrats who will vote for Mr. Wilson will vote for John L. Kennedy and Judge Sutton. The foreign-born voters here look with distrust on the shifting position of the democratic candidates in their effort to win their favor. At Bristow and Spencer the large Scandinavian vote will go for the dry amendment and for John L. Kennedy and Judge A. L. Sutton.

Barbers Raise Prices.

Fremont, Neb., Sept. 23.—(Special.)—The barbers of Fremont and fourteen towns in this vicinity, including Cedar Bluffs, Morse Bluff, North Bend, Dodge, Snyder, Scribner, Hooper, Winslow, Nickerson, Arlington, Valley, Colon, Yatan and Leshara have signed an agreement to raise the price of hair cuts from 25 to 35 cents, October 1.

Plymouth Store Robbed.

Bellevue, Neb., Sept. 23.—(Special Telegram.)—The Nispel hardware store at Plymouth, fourteen miles west of here was entered by robbers last night, who carried off a quantity of cutlery, Revolvers, etc. Blood hounds from this city were put on the trail of the thieves and it is thought a clue has been obtained that will lead to their arrest.

Deserter Arrested at Fremont.

Deserter, Neb., Sept. 23.—(Special.)—Jesse Richmond, who is wanted as a deserter from Company L, Tenth cavalry, was taken into custody by Patrolman Wintersteen, who recognized Richmond from a picture on a circular sent out by the government. He has admitted that he is the man wanted and will be taken to the authorities and turned over to the authorities at a local barber shop all summer. Patrolman Wintersteen will receive the \$50 reward offered by the government.

City of Fremont Sues Union Pacific

Fremont, Neb., Sept. 23.—(Special.)—City Attorney C. E. Abbott has brought suit in county court against the Union Pacific for judgment of \$580 for damages to one of the city's fire trucks as the result of being driven into the curbing to avoid a collision with a freight train of the company. The petition sets forth that the company failed to have a flagman at the crossing, that the engine bell did not sound and that the train was traveling at a speed in excess of that specified by ordinance.

FATHER GRUPE WILL NOT ACCEPT PLACE

Priest Appointed Chaplain of Fourth Nebraska Regiment Declines.

ANOTHER TO BE APPOINTED

(From a Staff Correspondent.)
Lincoln, Sept. 23.—(Special Telegram.)—Rev. M. J. Grupa, recently of Omaha, who was appointed as chaplain of the Fourth Nebraska regiment now on the Texas border, has written from Winona, Minn., to the adjutant general's office that he cannot accept the position. He says that his future address will be at the Catholic university, Washington, D. C. This makes it necessary to appoint another chaplain. The place carries with it the rank and pay of a first lieutenant.

Glass of Water Before You Eat Any Breakfast

Wash poison from system each morning and feel fresh as a daisy.

Every day you clean the house you live in to get rid of the dust and dirt which collect through the previous day. Your body, the house your soul lives in, also becomes filled up each twenty-four hours with all manner of filth and poison. If only every man and woman could realize the wonders of drinking phosphated hot water, what a gratifying change would take place.

Instead of the thousands of sickly, anemic-looking men, women and girls with gray or muddy complexions; instead of the multitudes of "nerve wrecked" run-downs, "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

Everyone, whether sick or well, should drink each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.

Coffey Prosecutes Four Labor Agencies

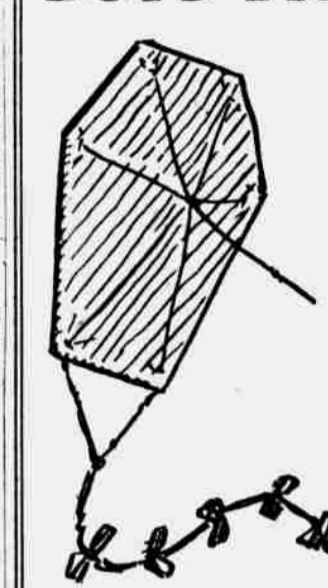

Labor Commissioner Coffey started prosecutions against four employment bureaus here yesterday for operating without a state license. Three of them were so-called bonding and reference concerns, which finds jobs for stenographers, clerks and salesmen, taking as a commission from 25 to 60 per cent of their salaries the first month.

Prevents Infection.
Sloan's Lintiment applied to a sore, cut, wound or bruise prevents infection and blood poisoning. 25c. All drug stores.—Advertisement.

BOYS' FREE KITES

Here is a chance for the boys of Omaha to get one of the kites we are going to give away.

We have several hundred of them, and while they last we will give one to each boy who saves 15 caps from bottles of our

Special Jersey Brand Cream

This brand of cream is one of the richest ever sold in Omaha. It is giving universal satisfaction among the people who are using it.

You can buy it at the corner grocery or from our drivers. When you have saved enough caps tell the driver and he will give you one of the kites, or come to our office for it.

ALAMITO THE "MILK-WHITE" DAIRY

Your Personal Safety

Is always menaced by a cold. Perhaps slight in itself, it prepares the way for serious diseases, disarranges your stomach and digestion and inflames the membranes that line your body, with acute catarrh. It's only a step to chronic catarrh.

Catarrh is Stagnation PERUNA is Invigoration

A sensible treatment will restore the fitful appetite, remove the waste matter, soothe the irritated membranes, dispel the catarrh, and invigorate the system. That's the mission of Peruna, a scientific medicine from vegetable sources compounded in a complete laboratory.

Remember that thousands have used it with success. Remember that it has made friends for nearly half a century. Ask yourself: "If it has helped so many, may it not help me?"

Peruna Tablets are a popular form of this reliable medicine. They are pleasant, convenient and effective. Ask your druggist for a box. Manalin Tablets—A convenient form of the ideal laxative. Delicious to the taste, mild in action, arousing the liver and the bowels. Two sizes, 10c and 25c. Get a copy of our new booklet—free.

\$50,000 Ty Cobb "comes back"

Nuxated Iron makes him Winner.. Greatest Baseball Batter of all time says Nuxated Iron filled him with renewed life after he was weakened and all run down

Well known physician who has studied widely in this country and Europe, explains why taking iron enabled Ty Cobb to "come back" so quickly and show such tremendous strength and endurance. Says ordinary nuxated iron will often increase the strength and endurance of delicate, nervous folks 200 per cent in two weeks' time.

New York, N. Y.—When interviewed in his apartment at Breton Hall, Ty Cobb said: "Hundreds of people write to me to know how I train and what I do to keep up that force of vitality which enables me to play practically every day of the entire base ball season. They wonder why I can play a better game today than when I was younger.

The secret is keeping up the supply of iron in my blood—exactly what everyone else can do if they will.

At the beginning of the present season I was nervous and run down from a bad attack of tonsillitis, but soon the papers began to state "Ty Cobb has 'come back'." He is hitting up the old stride." The secret was iron—Nuxated Iron filled me with renewed life.

Now that I'm worth \$50,000 a year to any base ball team, yet without plenty of iron in my blood I wouldn't be worth five cents. Nuxated Iron supplies that "stay there" strength and vim that makes men of mark and women of power."

Continuing, Dr. Sauer said: "Mr. Cobb's case is only one of hundreds which I could cite from my own personal experience, which proves conclusively the invigorating power of nuxated iron to restore strength and vitality even in most complicated chronic conditions."

Not long ago a man came to me who was nearly half a century old and asked me to give him a preliminary examination for life insurance. I was astonished to find him with the blood pressure of a boy of 20 and as full of vigor, vim and vitality as a young man; in fact a young man he really was notwithstanding his age. The secret he said was taking iron—nuxated iron had filled him with renewed life. At 20 he was in bad health; at 46 he was careworn and nearly all in. Now at 60 a miracle of

sumption, kidney, liver and heart trouble, etc. The real and true cause which started their diseases was nothing more nor less than a weakened condition brought on by lack of iron in the blood. Iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, your food merely passes through you without doing you any good. You don't get the strength out of it, and as a consequence you become weak, pale and sickly looking just like a plant trying to grow in a soil deficient in iron. If you are not strong or well you owe it to yourself to make the following test: See how long you can walk without becoming tired. Next take two five grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous run-down people who were ailing all the while, double their strength and endurance and entirely get rid of all symptoms of dyspepsia, liver and other troubles in from ten to fourteen days' time simply by taking the iron. I have seen them picture the teeth, make them black, or get rid of iron. After they had in some cases been doctoring for months without obtaining any benefit. But don't take the old forms of iron, iron acetate or tincture of iron simply to save a few cents. You must take iron in a form that can be easily absorbed and assimilated like nuxated iron. If you want it to do you any good, otherwise it may prove worse than useless. Many an athlete or prize fighter has won the day simply because he knew the secret of great strength and endurance and filled his blood with iron before he went into the fray, while many another has gone to ignominious defeat simply for the lack of iron. E. Sauer, M. D.

Nuxated Iron has filled me with renewed life and vigor; I play a better game today than when I was younger.

Ty Cobb

vitality and his face beaming with the buoyancy of youth. As I have said a hundred times over iron is the greatest of all strength builders. If people would only throw away patent medicines and nauseous concoctions and take simple nuxated iron, I am convinced that the lives of thousands of persons might be saved, who now die every year from pneumonia, grippe, con-
