

**TWO CITIES FAVOR BRIDGE OVER RIVER**

Enthusiastic Meeting at Commercial Club—Estimates to Be Presented Monday.

**MANY EXPRESS VIEWS**

When county officials, Commercial club heads and business men of Council Bluffs and Omaha met at a luncheon at the Commercial club bonds sufficient to build a free bridge between Douglas and Pottawattamie counties crossing the Missouri river were indorsed with cheers and the state and county engineers were instructed to prepare estimates to be presented Monday.

Conflicting arguments arose between business men on both sides of the stream for and against the building of the bridge with the price of steel at the present high mark.

"Vote the bonds. Get the expression of the people. Consider the estimates. Then we'll decide," were enthusiastic comments. On motion of E. A. Benson the unanimous indorsement of the free bridge and the voting of bonds by taxpayers was given by commercial capitalists attending.

**To Move Old Bridge.**

"The buying of the old Union Pacific bridge and its removal to a point of advantage has been presented to the new activities committee of the Commercial club," said Chairman Williams. "The old bridge is good for thirty years yet and was built with the aid of Douglas county when the people voted bonds for \$250,000 on which they eventually paid \$636,410. Because of lending this assistance we should be given an advantageous price by the railroad. Something must be done with the bridge and if we don't get it some one else will at a bargain.

"I would suggest that the United States government be appealed to and a portion of the Lincoln Memorial fund, say \$500,000, be secured to build the bridge. Lincoln came here with General Dodge when looking over plans of the Union Pacific and it would be a fitting tribute to his memory." According to State Engineer Johnson of Nebraska the bridge need not be constructed for less than \$1,000,000.

**Needs Long Approach.**

Preliminary plans and estimates furnished by County Engineer Lou Adams show that the bridge tracks and that an approach 1,100 feet long on the Douglas county side will be required. He indorsed the statement of the state engineer regarding the million-dollar cost.

"Based on the wealth and population of the two counties, Douglas county should pay three times as much as Pottawattamie," said Attorney Young. "Council Bluffs leaders assert that they are unable to go beyond \$200,000 in voting bonds. That means a total of \$600,000, and that is insufficient to build the bridge proposed."

Robert B. Wallace of Council Bluffs made the opening speech for the folks from Pottawattamie, urging that Omaha extend the hand across the Missouri to achieve mutually desirable results. "We have decided that \$200,000 is a fair and adequate share for the people of our county to contribute toward the free bridge. According to official figures the tolls extracted by the present company exclusive of street car traffic during 1915 were \$68,000. Think what this means every year to the people."

Commissioner Lynch said: "Douglas county commissioners are but servants of the people. If they will give us an expression of what they wish done regarding the erection of the bridge we will act favorably on their suggestions."

H. A. Searle, manager of the Monarch Manufacturing company of Council Bluffs, "We would be spending the people's money foolishly by building the bridge while steel prices are sky high."

Congressman Loback: "Bridge plans must first be submitted to army engineers. The Lincoln memorial fund is being used for the Potomac memorial and no funds will be available for other purposes."

Other impromptu talks were made by members of the commercial organizations suggesting from engineers paving the way for the consideration of estimates at the meeting of the bridge committees Monday, preceding the meeting of the executive committee of the Commercial club Tuesday.

**PROSPERITY OF DEMOS LIKENED UNTO THE MIST**

(Continued From Page One.)

We are not all right in our views, though we may confidently believe we are. The democratic party holds to certain political practice diametrically opposite to republican practice. We cannot both be right. Keep that fundamental fact in mind and we will then realize that it is a matter of the highest moment whether we choose the right or choose the wrong.

"Now, four years ago the American people were in the possession of unprecedented prosperity; we were in the midst of the golden age. We were just emerging after sixteen years of republican prosperity, the greatest we had ever enjoyed. It came under the administration of William McKinley, one of the greatest statesmen of the country ever produced. It continued under the administration of Theodore Roosevelt and William Howard Taft. There was business advancement at home, and there was honor and high prestige in all of the chancelleries of the world; there was no flag that was more revered and respected than the Stars and Stripes of America. We were going on in that day with tremendous rapidity, everywhere there was labor for every hand, food for every mouth; we were a great, happy nation. Some of our countrymen believed that it was advisable to change leadership in our national councils. We of the republican party had unfortunately divided. Brave, honest, patriotic republicans divided in their views upon party management. Woodrow Wilson was elected president of the United States. It was a proud day for democracy, but it was an unfortunate day for America.

"One of the first things the present

**FORMER VICE-PRESIDENT FAIRBANKS AND THE BOARD OF GOVERNORS—A feature of Mr. Fairbank's visit to Omaha was his purchase of the first ticket to the carnival grounds for the current year.** Front row, left to right: Frank W. Judson, Charles L. Saunders, Randall K. Brown, Charles W. Fairbanks, Everett Buckingham, Gould Dietz. Back row: John D. Weaver, Louis C. Nash, Charles E. Black, George Brandeis, Charles D. Beaton.

**Republican Speaking Dates**

Dates for speakers arranged by the speakers' bureau of the republican state committee for the next two weeks are:

Robert W. Devoe, Senator Shumway and Senator Reynolds and local county candidates, as follows:  
 September 27—Hudson (county fair).  
 September 28—Fairfax City.  
 September 29—Cortland.  
 September 30—Wymore.  
 October 1—Clay Center.  
 October 2—Nelson.  
 October 3—Red Cloud.  
 October 4—Bloomington.  
 October 5—Alma.  
 October 6—Holdrege.

Congressman James A. Fear of Wisconsin: September 27—Humboldt.  
 September 28—Fairfax City.  
 Congressman Sidney Anderson of Minnesota: September 27—Wahoo.  
 September 28—Greenwood.  
 Congressman W. A. Rodenberg of Illinois: October 2—Plattsmouth.  
 October 3—Nebraska City.  
 October 4—Falls City.

Senator James W. Wadsworth of New York: October 4—Dorcia.  
 October 5—Omaha.  
 October 6—Lexington.

Warren G. Harding: October 3—Hastings.  
 October 4—Omaha.

Dr. Wesley Humberger of New York: September 27—Madison.  
 September 28—Columbus.  
 September 29—Neward.

**Stanford University Professor is Killed**

Stanford University, Cal., Sept. 26.—Assistant Prof. Robert E. Pellissier of the department of French at Stanford university, met his death in the French trenches during the battle of the Somme, according to a cablegram received here and made public today by President Ray Lyman Wilbur. Prof. Pellissier left Stanford in 1914, shortly after the outbreak of war, to take up arms for his native country.

A year ago he was seriously wounded and on his recovery promoted to a lieutenancy.

**CUT THIS OUT**

OLD ENGLISH RECIPE FOR CATARRHAL DEAFNESS AND HEAD NOISES.

If you know someone who is troubled with head noises, or Catarrhal Deafness, cut out this formula, and hand it to them, and you have the means of saving some poor sufferer perhaps from total deafness. Recent experiments have proved conclusively that Catarrhal Deafness, head noises, etc., were the direct cause of constitutional disease, and that salve, sprays, inhalers, etc., merely temporize with the complaint and seldom, if ever, effect a permanent cure. This being so, much time and money has been spent of late by a noted specialist in perfecting a pure, gentle, yet effective tonic that would quickly dispel all traces of the catarrhal poison from the system. The effective prescription which was eventually formulated, and which has aroused the belief that deafness will soon be extinct, is given below in understandable form, so that anyone can treat themselves in their own home at little expense.

Secure from your druggist 1 oz. Parmit (Double Strength), about 75c worth. Take this home and add to it 1/4 pint of hot water and 4 oz. of granulated sugar; stir until dissolved. Take one tablespoonful four times a day.

The first dose should begin to relieve the distressing head noises, lachrymation, cloudy thinking, etc., while the hearing rapidly returns as the system is invigorated by the tonic action of the treatment. Loss of smell and mucus dropping in the back of the throat, are other symptoms that show the presence of catarrhal poison, which are often entirely overcome by this efficacious treatment. Nearly ninety per cent of all ear troubles are directly caused by catarrhs; therefore, there must be many people whose hearing can be restored by this simple home treatment.

Every person who is troubled with head noises, catarrhal deafness or catarrh in any form, should give this prescription a trial.—Advertisement.

**Hanly and Landrith Party to Spend Two Days in Nebraska**

Lincoln, Sept. 26.—(Special)—The prohibition party train will visit Nebraska October 3 and 4. It is expected that the following persons will be among those traveling with it: J. Frank Hanly, candidate for president; Ira J. Landrith, candidate for vice president; Oliver W. Stewart, chairman campaign committee, Chicago, and Daniel Polling world's secretary Christian Endeavor society, Boston. Local prohibitionists will join the train as it travels from point to point. The following schedule will be followed, barring such changes as may be necessary:

October 3—Falls City, 11 a. m.; Auburn, 1 p. m.; Nebraska City, 2 p. m.; Lincoln, 4 m. (open air); Omaha, 7:30 p. m. (Auditorium).  
 October 4—Fremont, 7:30 a. m. (park); Norfolk, 11 a. m.; Warren, 2 p. m.

**ZEPPELINS RAID BRITISH COASTS**

Seven Airships Try to Destroy Ports and Factories in the North Midland Country.

**TWENTY-NINE ARE KILLED**

London, Sept. 26.—Twenty-nine persons were killed in last night's Zeppelin raid it was announced officially today.

The announcement follows: "Seven airships raided England last night and in the early hours of this morning. The districts attacked were the south coast, the east coast, the northeast coast and the north Midlands. The principal attack was aimed against the industrial centers in the last mentioned area.

"Up to the present time no damage to factories or works of military importance has been reported. It is regretted, however, that a number of small houses and cottages were wrecked or damaged at some places and twenty-nine deaths have been reported."

"No attempt was made to approach London. The raiders were engaged by our anti-aircraft defenses and were driven off from several large industrial centers."

**Aerial Flights Along Somme.**

Paris, Sept. 26.—On the Somme front yesterday there were forty-seven aerial engagements. The war office announced today that five German aeroplanes were brought down and other planes were badly damaged.

**CINCO CIGARS**

**Now Five Cents Straight**

Owing to the increased cost of production, the manufacturers of CINCO CIGARS, OTTO EISENLOHR & BROS., INCORPORATED, have advanced their selling price to the dealer, and in future this cigar will be sold to the consumer absolutely at five cents straight, instead of six for a quarter, as heretofore.

The CINCO Cigar has attained a national reputation, and, through the maintenance of a high standard of quality, has become the largest seller in the world, and the manufacturers deemed it advisable to advance the price rather than sacrifice its long-established high quality.—Adv.

**Combing Won't Rid Hair of Dandruff**

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.—Adv.

**HOW POLICEMAN SOLVES PROBLEM OF FOOT EASE**

Policeman, street car men, mail carriers and all others who are on their feet constantly will be interested in the successful experiment of a Chicago policeman who has solved the question of having comfortable feet.

This policeman stands at the intersection of two busy streets, directing traffic all day. By night his feet used to torment him. He couldn't sleep for the pains and aches they gave him. Then he heard of Wa-Ne-Ta, and now he suffers no more. Two or three of these tablets in a bowl of hot water, a few minutes' bathing, and all the soreness is gone, his feet cool comfortable, easy and happy. You can use Wa-Ne-Ta with delightful effect in your body bath. Leaves skin soft and antiseptically clean. You can get Wa-Ne-Ta from your druggist. It only costs 25 cents. If your druggist hasn't it, we will gladly send you a sample package if you will send us 10 cents in cover cost of packing and mail to your address: L. C. London Co., South Bend Ind.—Advertisement.

**Don't Let Soap Spoil Your Hair**

When you wash your hair, be careful what you use. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mulberry cocoanut oil, for this is pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out evenly. The hair dries quickly and easily, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides it loosens and takes out every particle of dust, dirt and dandruff.—Advertisement.

**How to Rid the Skin of Objectionable Hairs**

(Aids to Beauty)

A simplified method is here given for the quick removal of hairy or fuzzy growths and rarely is more than one treatment required: Mix a stiff paste with some powdered delatone and water, apply to hairy surface and after 2 or 3 minutes rub off. Wash the skin and every hair has vanished. This simple treatment cannot cause injury, but care should be exercised to get real delatone.—Adv.
