

Nebraska RANKS OF DEMOS BECOME SHAKEN

Evidences on All Sides That Harmony Is Lacking Among the Bourbons.

BRYAN MEN DISSATISFIED

(From a Staff Correspondent.)
Lincoln, Sept. 26.—(Special.)—"We are not doing any worrying over the so-called republican defection of votes to President Wilson," said Jess Craig, manager of the speakers' bureau of the republican state committee today.

"It is giving the democratic press a whole lot more concern than it is us. Every report we have received has given the state committee satisfaction. It seems strange—for ordinarily one expects to hear from spotted localities where some candidate has aroused opposition, but not so this year. Above all we have found the people of Nebraska most receptive to the candidacy of Justice Hughes and he is apparently winning fresh admirers each day with his clear-cut denunciation of democratic abuse.

Democrats Split.

"Something else is giving us a lot of satisfaction too. It's the number of democrats who are flocking to republican state headquarters, and indicating that at least two democratic candidates cannot hope for the united support of their party. Apparently it is the purpose of the democratic press to hide the factional roubles of that organization.

"It's becoming more apparent every day that hundreds of Bryan democrats will support the republican ticket, at least."

Constantly increasing demands for literature have compelled the republican state committee again to enlarge the headquarters. C. C. Johns, who is in charge of the publicity bureau, has been given separate quarters and has a big force working to keep pace with the requests for campaign material.

Nebraska is going to receive a lively bombardment from republican orators within the next few weeks. Jess Craig has a number of speakers arranged for and is now completing their itineraries.

Rail Commission Comes To Deadlock With Reed

(From a Staff Correspondent.)
Lincoln, Sept. 26.—(Special.)—The railway commission has asked Attorney General Reed to prosecute the Farmers' Co-Operative Elevator company of Riverdale for failure to abide by the state warehouse law—although Mr. Reed has pronounced the law unconstitutional and unenforceable. Mr. Reed has indicated that he will not prosecute, since he does not believe that it can be done successfully.

The commission complains against the elevator company on the grounds that it is not submitting its monthly reports.

Mr. Reed holds the law unconstitutional, because, in his opinion, a grain elevator is not a common carrier. The State Railway Commission has authority only over common carriers, according to the state constitution.

Neville Speaks on Street; No Hearers in His Hall

Bridgeport, Neb., Sept. 26.—(Special Telegram.)—Keith Neville spoke to a mere handful of people on the streets this afternoon in behalf of his campaign. The address was scheduled to be held in the Miller opera house, but owing to the fact that no hearers put in their appearance, the speech was delivered by Neville from his car on the street. On the whole, the occasion was a fiasco.

Leslie M. Shaw to Make Address in Capital City

(From a Staff Correspondent.)
Lincoln, Sept. 26.—(Special.)—Word was received by the republican state committee here late today that Leslie M. Shaw, former secretary of the treasury, would speak in Lincoln at the city auditorium on the night of October 10. Republican managers here plan to make the Shaw meeting one of the big rallies of the campaign.

Had Bilious Attacks.

"My son, 19 years of age, suffered frequently from bilious attacks. My husband brought home a bottle of Chamberlain's Tablets and began giving them to him. They helped him right away. He began to eat heartily and picked up right along," writes Mrs. Thomas Campbell, Kirksville, N. Y. Obtainable everywhere.—Adv.

Notes from Beatrice And Gage County

Beatrice, Neb., Sept. 26.—(Special.)—R. W. Hall and a Mexican employed by the Burlington road as a laborer engaged in a pistol duel in the Burlington yards last evening near a string of Mexican bunk cars with the result that the Mexican was shot in the leg and severely wounded. Hall was arrested and lodged in jail. He stated that the Mexican insulted his sister, who was fishing not far away, and when he met the Mexican the latter fired two shots at him. He then pulled his gun and shot the fellow in the leg. Soon after the shooting the young woman whom Hall claims is his sister was also arrested. She had in her possession the weapon with which Hall shot the Mexican.

Clyde Raymond, the little son of Samuel Berry of this city, died yesterday of tuberculosis at the home of his grandparents, Mr. and Mrs. J. H. Duntz.

The body of the late Mrs. John Dyck, a former resident of Beatrice, who died at Omaha Sunday, was brought here today for interment. The deceased was 57 years of age and leaves a large family.

The little daughter of George Coleman sustained a broken thigh and severe bruises about the body in a runaway at Blue Springs yesterday.

The county fair opened here today with a large attendance. Wednesday will be democratic day and Thursday republican day. W. L. Stark, candidate for congress, and Vic Wilson, candidate for railway commissioner, will speak for the democrats. John L. Kennedy, candidate for United States senator, and Judge Sutton, candidate for governor, will be the speakers on republican day.

Oxford Votes Bonds For Sewer System

Oxford, Neb., Sept. 26.—(Special.)—At a special election held yesterday to vote on the question of issuing bonds to build a city sewer system, the bonds carried by a vote of 122 to 12.

Work on the new brick block to take the place of the one demolished by the tornado of August 9 is progressing and the building will soon be ready for the occupants, the Security bank, Neilsen-Mackprang hardware and the Fair stores. The building is all modern, with a stone and glazed brick finish.

The Burlington railroad has purchased additional grounds near its right-of-way and will erect a larger and more up-to-date round house to take the place of the one removed by the storm.

KENNEDY AND REAVIS IN THIRD

Candidates Speak at Dubois, Table Rock, Steinauer and Burchard.

M'MULLEN ALSO SPEAKS

Pawnee City, Neb., Sept. 26.—(Special.)—The republican senatorial and congressional campaign in Pawnee county opened yesterday. John L. Kennedy of Omaha, republican candidate for United States senator, and Congressman C. F. Reavis of Falls City entered upon a speaking tour of the county and the first congressional district, commencing with a morning meeting on the street at Dubois and closing with a night meeting in the town hall at Burchard. Two afternoon street meetings were held, one at Table Rock and the other at Steinauer. Adam McMullen of Wynmore, republican candidate for state senator, also spoke at each meeting.

The theme of the speeches delivered throughout the day was of interest to the farmers of southeastern Nebraska, and at all stops much applause was elicited.

Underwood Act Sectional.

Mr. Kennedy and Mr. Reavis pointed out that the legislation of the last four years by a democratic congress had been for the benefit of the south rather than for the benefit of the country in general. The Underwood tariff measure, they said, gives protection to the products of the farms of the south, but leaves unprotected the products of the farms of southeastern Nebraska. They showed that the south is in the saddle and giving the benefits of the country from which President Wilson and Mr. Underwood come, but giving to the rest of the United States the free trade policy of the democratic party. They asked that protection be applied to all parts if it is a good thing, and not restrict its benefits to any favored section.

The many farmers in the audiences expressed by liberal applause their disapproval of the democratic plan of giving to the south by appropriation what the Nebraska farmers have to

Little Items About the Progress of the Campaign.

State Secretary Porter of the Socialist party, has received word that George R. Kirkpatrick, socialist candidate for vice president, will be in Omaha October 6, and will speak at 8 o'clock that evening in Washington hall.

William A. Foster has filed his petition signed by 353 qualified electors, asking that his name be placed on the official ballot as a candidate for the Board of Education. Mr. Foster has represented the Fourth ward on the Board for four years, being elected as a republican. Under the new law the members will be nonpartisan and will be elected at large. Two hundred names are required on the petition.

ENTENTE ALLIES FIGHT WAY INTO TOWN OF COMBLES

(Continued From Page One.)

none the less surely, the British have pushed their advance on the north of the German salient. Their struggles to reach and hold Ginchy and Guillemont were expensive in time and money, but finally the ground north of Comblès and some distance to the east was occupied, putting the town in a pocket of which the opening was constantly being narrowed by the drives of the entente armies.

Close Opening of Pocket.

Yesterday came the combined effort of the French and British to close the opening or at least render it so narrow that what could be extracted through it by Germans would not be worth while. Only two roads remained over which the Germans could withdraw their men and guns. The single track railroad running through the place had long since been rendered useless.

Attacking from the north, General Haig's forces pushed to and occupied Moral, cutting the northerly road to Le Transloy.

Striking from the south the French pushed their line to Fregicourt, severing communication with Comblès over

Federal Drainage for South.

Congressman Reavis stated that congress had appropriated \$9,000,000 to give drainage benefits to the farmers of the south, and that the farmers of Richardson and Pawnee counties and the other counties in Nebraska had been compelled to get the same results by heavy special assessments and charges against their lands. Congress, he said, could not be particularly generous to any one section and at the same time be just to all. He asserted that he had always voted against such discriminating legislation and that his opponent had always voted for such legislation.

Both speakers remarked upon the prosperity of today, but asserted that it is nothing to brag about, as it is built upon the graves of the best possible by the woe of a world. After the war, with the present Underwood tariff, they urged that the United States would be inviting the countries of the world to make the United States their dumping ground, and that then prosperity would not reign supreme, as the present high prices were due to the fact that all Europeans are now consumers and not producers, that the United States is exporting chiefly and because there is little importing. Only one thing will save the United States from industrial disaster after the war, they said, and that is the protective tariff for which the republican party has always stood.

Mr. Kennedy drew the farmers to him by the declaration that he had farmed in two countries and had an eleven days' steerage passage in between. Many of his hearers today have enjoyed a similar experience.

Pawnee Candidates with Party.

In today's campaign two automobile loads of Pawnee county candidates have accompanied the speakers. They are: Harry W. Scott, candidate for county clerk; John Albright, candidate for county treasurer; Frank A. Barton, candidate for county attorney; W. T. Parkinson, candidate for state representative; J. C. McClung, candidate for sheriff; D. W. Neal, candidate for county judge, all of Pawnee City, and Rufus Church and H. A. Moore, editor of the Dubois Press.

At Dubois Rev. H. R. McKelvie of the United Brethren church presided and introduced the speakers, while at Table Rock Frank R. Taylor, editor of the Argus, acted as chairman of the street meeting. All along the line today the candidates have received a warm reception.

WHY WOMEN WRITE LETTERS

Women who are well often ask "Are the letters which the Lydia E. Pinkham Medicine Co. are continually publishing, genuine?" "Are they truthful?" "Why do women write such letters?"

In answer we say that never have we published a fictitious letter or name. Never, knowingly, have we published an untruthful letter, or one without the full and written consent of the woman who wrote it.

The reason that thousands of women from all parts of the country write such grateful letters to the Lydia E. Pinkham Medicine Co. is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives, once burdened with pain and suffering.

It has relieved women from some of the worst forms of female ills, from displacements, inflammation, ulceration, irregularities, nervousness, weakness, stomach troubles and from the blues.

It is impossible for any woman who is well and who has never suffered to realize how these poor, suffering women feel when restored to health; their keen desire to help other women who are suffering as they did.
