CHICAGO GRAIN AND PROVISIONS. to High Mark of Season.

Scarcity of Offerings Causes Wheat to Go
to High Mark of Season.

Chicago, Sept. 12.—After wheat in some
cases today had touched the highest prices
this season, heavy profit-taking by helders
led to a decided sethack. The chief builtink
influence continued to be the lack of rain
in Argentina. Closing prices here, however, weite weak, \$z\$ to 10 net fower, with
December at \$1.54\strueys and May at \$1.55\strueys.
Corn finished he off to be up, cals at
he decline to be advance, and provisions
unchanged to 15c down.

Throughout most of the season wheat
showed unmitatakable strength. Indeed until
the last thirty minutes of trading quotations were well above yesterday's finish.
The continued drouth in Argentina had
furried the shorts, especially in regard to
the September delivery. Besides, goanly
was current that foreigners were pur hasile
presentative crop outlook in Argentina and
by the difficulty of obtaining supplies from
India or Australia. Another builtan factor
was a statement by a trading authority that
in less than three months the United States
aiready had shipped nearly half of the
year's export surplus.

Prominent speculators whe for some time
have been completious on the buying side
of wheat ware the chief sellers after the
September option had ascended to \$1.57\strueys.
a new high record for \$13.6. Aside from
the filteral profit-taking by holders, there
exemed to be no development to account
for the late weakness. In the end, however, the needing attained such volume that
in a literal strue the pit seemed to be ful
of wheat. Undeversable one from Ar-

was relatively steady on account of buylors ascribed to packers.

The "famous cheese-box on a raft" that revolutionized naval warfare may have its land counterpart, editorial observers are noting, in the new British traveling forts, or land monitors, nicknamed "tanks" and "Willies" by the "Tommies."

In THE LITERARY DIGEST for September 30th the leading article gives a clear description of these new "super-dreadnoughts" of the land, illustrated, including a map showing where the "tanks" first went into action causing, according to General Haig, "indescribable demoralization in the enemies' ranks.

The appeal of each one of the presidential candidates is presented with equal fairness and impar-tiality in THE LITERARY DIGEST. The man who is a Democrat, a Republican, a Prohibitionist, or a Socialist, will find the truth about his own party and the facts he needs to know about the opposing parties. The man who is still undecided will get a non-

partisan review of all parties, their policies and their activities, which will help him in coming to his de-cision. This is a news-magazine that commands the respect of every thinking man whatever his party sympathies and that is indispensable to everyone who wants a real and complete understanding of the political situation as it unfolds each week.
