ANDERSON OPENS TOUR AT GREENWOOD

Minnesota Congressman Discusses Effect of Free Trade Policy.

FOOD IMPORTS INCREASE

Greenwood, Neb., Sept. 29.—(Special.)—Congressman Sidney A. Anderson of Minnesota opened his speaking tour of Nebraska towns in support of the candidacy of Charles E. Hughes for president with an address here this evening.

Winners Will Be Losers.

"Europe is engaged in the greatest war of all history. Eleven nations are engaged in a war in which the winners are also the losers in which the cost of victory is only exceeded by the cost of defeat.

Sound Home Market Needed.

"That party which believes that the interest of America, and of American manufacturers, producers and workmen, will be best served by unequal competition with foreign manufacturers, producers and workmen for their own markets by whittling their wits in unequal contest with foreign competitors on their own soil; or that party which believes in preserving the American market for the American manufacturer, producer and workman, and that a sound home market is the best basis for the expansion of foreign trade."

Food Imports Increase.

During the first ten months of the operation of the Underwood bill we imported five times as much potatoes, seventeen times as much meat, forty-two times as much corn, five times as much eggs, sixteen times as much sheep, 291 times as much oats.

HARDING TO MAKE TALKS IN NEBRASKA

Senator From Ohio Will Deliver Series of Speeches in State.

GOOD REPORTS RECEIVED

(From a Staff Correspondent.) Lincoln, Sept. 29.—(Special.)—Senator Warren G. Harding of Ohio, one of the republican leaders, is coming to Nebraska for two days to preach the gospel of republicanism, it was announced at the republican state headquarters today.

Senator Harding, recognized as one of the ablest of platform speakers, will make one speech in Omaha. His complete schedule for the two days calls for the following:

October 9.—Grand Island, noon meeting. October 10.—Hastings, night meeting. October 10.—Beatrice, noon meeting. October 10.—Omaha, night meeting.

Republicans Flooding In.

Republicans were pouring into the state headquarters this morning in large numbers and brought encouraging reports of growing republican sentiment throughout the state.

O. O. Snyder of O'Neill, county chairman, was one of the callers this morning. "Holt county is going to give an astonishingly big republican vote next November," Mr. Snyder said.

Similar news was conveyed by W. B. Smith of Clay Center concerning conditions in Clay county.

Hughes Strong in Clay.

"Hughes will run especially strong in Clay, Mr. Smith declared. "There is widespread opposition to Mr. Wilson because of his dilatory methods and the failure of the democratic administration to meet the situations. I find the Adamson eight-hour bill is going to be a boomerang so far as Wilson is concerned. Farmers there do not fancy paying additional freight charges to permit Mr. Wilson to make political capital and the administration will be repudiated sharply. I believe Mr. Hughes is gaining ground every day in Clay county, as the people read his utterances and grasp the broad statesmanship of the man."

Candidates Strong.

Kennedy and Sutton will poll especially heavy votes in those counties, according to the two county chairmen. "I was at Billings the other day," said Mr. Snyder. "I never encountered so much republican enthusiasm in all of my life. Hughes is simply going to sweep that section like wildfire."

Reports at the Lincoln Kennedy quarters are entirely satisfactory, according to Victor Seymour, who is in charge.

Three Accidents at Lindsay. Lindsay, Neb., Sept. 29.—(Special.)—Mike Gaspers lost a valuable horse last night. About 9 o'clock in the evening the team got loose in some way and ran away, getting into one of the ditches being dug for the ex-

Frear Shows Up Interests Back of The Pork Barrel

Pawnee City, Neb., Sept. 28.—(Special Telegram.)—Congressman James A. Frear of Wisconsin spoke to a good audience at the court house last night in the interest of the national republican ticket and the candidacy of C. F. Reavis for re-election to congress from the First district of Nebraska. Congressman Frear was given close attention by his audience and produced conclusive and unimpeachable evidence of gross extravagance on the part of the democratic administration. He went further and showed up the interests which are back of the "pork barrel" legislative appropriations. None of his hearers could doubt that the south is in the saddle and when he concluded his remarks the pork barrel was full of holes and the Alabama Water Power company was limping badly. Congressman Frear made a strong appeal for the voters to give their support to Charles E. Hughes for president and made clear the necessity of electing a republican senator and congressman to support him in his efforts to put the United States back on a business basis. All together he made one of the strongest addresses which has been heard here during the campaign and it will have a marked influence on the vote which Pawnee county will give the republican candidates in November.
