Real Estate Men Plan to Sell Entire Addition in a Day

To sell out an entire addition of Omaha real estate in a single day would be a new experience in Omaha business activities, yet this is what Omaha real estate men are planning on.

They have an addition of nearly seventy lots, which they hope to sell out between sunup and sundown, on the day when they really throw their heart into the campaign and advertise it.

This addition is Waverly Park, just south of Fontenelle park, between Forty-fifth street and Forty-eighth avenue, bounded on the south by Wirt street and on the north by Bedford avenue.

It was bought some months ago by the National Realty associates, a corporation formed from the prominent real estate dealers of all the leading cities in the United States, who are investing over the country where choice opportunities are offered.

Lots are either to grade or on slight terraces, cement sidewalks have been laid and water installed, and the entire addition has been seeded with bluegrass.

There will be a sales day announced in the near future, right after the fall festivities are over. The prices will range from \$550 to \$825. Lots will be sold on terms of one-tenth cash and 1 per cent per month, with a discount of 10 per cent for all cash and 10 per cent to purchasers who will build the first ten houses. There will be suitable building restrictions.

All three were taken to the Methodist hospital after receiving medical attention at the hands of Dr. Barney Kully. Their injuries are painful, but not necessarily dangerous. The pile of coal was in front of the residence of H. F. Swenson, 3624 Hawthorne avenue, and according to the autoists and neighbors the danger light on the pile was not lighted. Mrs. Robinson was taken from beneath the car.

MIDDLE WEST BEST PLACE OF ALL TO LIVE

Bishop Stuntz, of Methodist Church Lauds It as Center of Religious Life.

HOME OF PURITAN IDEALS

"Nebraska, Iowa and Kansas are closer to heaven than any other spot on the globe—and I've covered the greater part of it—meaning the globe," said Bishop Homer C. Stuntz, when he arose to address an audience that overflowed the First Methodist church to bid him welcome to his four-year task of presiding over 1,200 pastors in Iowa and Nebraska during the coming year.

"Think it over. The middle west has furnished more leaders for the cause of Christianity than any other locality. Is the Christian religion of the United States centered in New York? No. That state is sagging with unassimilated immigrants.

World Heads This Way.

"During the years I have been in the foreign field I have been told by men close in touch with the situation that it is a question of not more than one year when 375,000,000 people will be crowded out of Asia, 475,000,000 out of India and 275,000,000 out of Africa. There are but two logical places for them to go, North and South America. It will be but a few years until Omaha's 225,000 will be increased to 1,000,000. That's why I have come to join you to help solve the problems.

"Only a few people have come to realize the wealth and fertility of the middle west. The Mississippi and Missouri valleys offer opportunities unsurpassed along religious as well as investment lines. When I crossed the Missouri in the early '70's in the attempt to practice law I shot, jack rabbits to keep body and soul together. I little foresaw the advancement.

Puritan Ideals Here.

"Today the ideals of the Puritans are not centered around Boston. They are congregated about Omaha. The push and energy that has made western people prosperous. Men of the middle west are the men who have throttled the drink traffic, and it will be only a few months until we make Nebraska as dry as the Sahara. And that old desert is 'some dry' because I've crossed it and I know. The leadership of the moral world today has come from the Missouri and Mississippi valleys."

Chimney Corner Waiting.

"Come right in and sit down in the chimney corner of our hearts" was the closing remark of Dr. J. F. Poucher of Trinity church, the returned chaplain of the Nebraska troops on the Mexican border.

"Lincoln and Omaha Methodists have forgotten their rivalry and on behalf of St. Paul's church of Lincoln and the entire Nebraska delegation I bid you welcome," said the Rev. T. W. Jeffrey of Lincoln.

The splendid city by the Missouri has accomplished results as dry as the Sahara. Your achievements are our achievements." Dr. Jeffrey, well known as an Indiana chautauqua lecturer added spicy remarks regarding his experience with the Hoosier cow, the Indiana hoe and the team of "Cleveland bays" that brought applause.

A. F. Stryker, traffic manager of the Union Stock Yards, welcomed the bishop on behalf of the laymen of the churches of Omaha.

District Superintendent Ulysses Grant Brown of Omaha was the presiding officer.

Bishop Stuntz will have charge of 1,200 pastors in the Iowa and Nebraska field. His headquarters will be in Omaha.

Bishop Stuntz will address Commercial club members at noon today.

HAPPENINGS IN THE MAGIC CITY

Aged Man Dies of Wounds Inflicted by Himself in Effort to End His Life.

HE HAD BEEN DESPONDENT

Joe Stillmuck, aged 68 years, pioneer of the South Side, died yesterday afternoon at the South Side hospital, of two gunshot wounds sustained when he attempted to commit suicide by shooting himself while in an alley at Twenty-first and I streets Wednesday evening. He passed the night unconscious in the alley in the rear of the McMillan home and in the morning dragged himself to a front porch where he was discovered and turned over to the police.

Not until station officers began to search him was it discovered that he had shot himself. Loss of blood and his extreme age are held accountable for the death. Despondency because of sickness are said to be the causes of the suicide.

Mr. Stillmuck left the home of his son-in-law, F. E. Hydock, 2117 F

street, where he has lived for several years, the night before at 7 o'clock.

"We have been married more than a week and haven't had any peace since," a newly married couple chorused to Sergeant James Sheahan and Officer Baughman, when the latter appeared at the home of the new-lives in the vicinity of Twenty-fourth and A streets. The front porch was covered with tin cans, splintered wood and other debris.

Goes to Sioux Falls.

John C. Schultz, young engineer who has been in the employ of the street railway company, left this morning for Sioux Falls, S. D., where he will take up a responsible position as chief engineer at the Morrell Packing company there. Mr. Schultz was one of the leading young men of the South Side. He graduated from the South High school and later received his degree as an engineer at the Nebraska State university after four years' work.

When the local Young Men's Hughes and Fairbanks club was organized he was a leading spirit in the club, assisting nightly. He later was elected secretary. He expects to permanently locate in Sioux Falls. He is the son of Mr. and Mrs. John F. Schultz.

Loses His Savings.

Jim Roos, packing house laborer, is minus \$160 because he permitted two friends to put him to bed. Jim carried a strong European money

belt with an inner lining. He had all of his savings—\$160 in gold—tied up in the belt, and when he displayed the prize to a crowd in a local saloon he spread temptation.
