Dr. Robert Wheeler Observes His Fortieth Year in Presbyterian Ministry.

NEW PASTOR AT M'CABE

Rev. Robert Wheeler, pastor of the Wheeler Memorial church, will celebrate the fortieth anniversary of his entrance into the ministry tomorrow. Dr. Wheeler is the oldest Presbyterian minister in Nebraska, and has always held an honored position on the South Side, where his church is located. When South Omaha was an-nexed by Omaha and the name of Dr. Wheeler's church changed, it was decided to call it the Wheeler Memo-rial, in commemoration of his services in that order.

Commercial Club Continues Its Plans, No Direct Word Yet

No definite word has yet come to the Commercial club from President Wilson's secretary in regard to the luncheon at the club rooms for the president next Thursday. The club

president next Thursday. The club had expected to hear definitely by this time.

Both Arthur Mullen and John Lee Webster, who hold the president's acceptance to Omaha's invitation, are favorable to the plan of giving a luncheon at the Commercial club rooms, and on the basis of this, the club is making tentative arrangements, although it is still expected that definite word will come from Secretary Tumulty in regard to this detail.

detail.

If this luncheon is held President Sunderland of the Commercial club will preside. On account of the limited capacity of the dining room, the attendance of ladies will probably be limited to Mrs. Wilson and the immediate reception committee of ladies having Mrs. Wilson directly in charge for the day.

Bermback Named Assistant Manager at the Fontenelle

Manager at the Fontenelle
George J. Bermbach, who joined
the staff at Hotel Fontenelle September 1, has been appointed assistant
manager. He has served in hotels of
Germany, France, England and Egypt.
He was identified with the famous
Shepherd's hotel at Cairo.
Mr. Bermbach carries a German
postal card of rare associative value.
The card was mailed from Frankfurt,
Germany, June 12, 1912, on the Zeppelin Schwaben, the first aerial mail
service started by the Germans under the patronage of the Grand Duchess of Hessen. The aerial craft exploded over Weilburg and only two
cards of 100 being carried were found
in the wreck. Mr. Bermbach says

on October 8.

This announcement was made by Judge J. W. Woodrough, who has returned from St. Joseph, Mo., where he held court the last week. Monday Judge Woodrough goes to Springfield, Mo., to preside over the federal court there after which he returns to Omaha on October 8 to impanel the grand jury. On the following day he returns to Springfield where he remains until time to return to Omaha for the opening of the fall term here.

Announcing Ten Per Cent Increase on Total Charge of Each Bundle Effective October 9.

Laundry prices, for the most part, have been practically as low as they were several years ago, but every item of operating cost has steadily increased.

It is absolutely necessary to add 10% to all lists if the quality of the work and service is to be kept at the same high standard, and your interests, comfort and convenience are best conserved by this price adjustment.

The Omaha laundries are second to none in turning out high grade work, and average up better than many of her sister cities.

It is possible for you to send everything, from collars to rugs, and have them laundered better and cheaper than you could have hired done for at home.

Same HUDSON SUPER-SIX Again Breaks Ocean to Ocean Record

On Return Trip Across America It Beats Best Previous Time and Establishes World's Endurance Record

The same Hudson Super-Six Touring Car which ran from San Francisco to New York in 5 days, 3 hours and 31 minutes, started back from New York on its arrival there and again made the trans-continental trip in shorter time than any other car ever made it.

Last spring the wonder record for the oneway trip made by a famous eight was 21/3 days longer than the time required by the Super-Six.

No other automobile ever made the roundtrip against time. Yet in both the going and return trips the Hudson Super-Six lowered the best previous one-way record.

In a little more than 10 days the Super-Six covered 6,952 miles.

Counting all stops, and slowing down to the speed restrictions of 350 cities, towns and villages each way, the average time from San Francisco to New York was almost 700 miles

In the last leg of the return trip, between Elko, Nevada, and San Francisco, heavy mountain rains were encountered. In the going trip that distance was covered in 201/2 hours. On account of the rain and mud, 35 hours were required on the return. Under similar road conditions as were met in the going trip the return would have been under 5 days.

Hudson Holds Every Worth While Record

There are no important world's records which refer to a stock car that the Hudson Super-Six hasn't won. The best former records are too easy for the Super-Six. The events are too easily won. For instance, in the 24-hour record, 1,819 miles, it exceeded the best former record by 52%.

And the Super-Six made the best time in the world's greatest hill-climb up Pike's Peak. The best time for 100 miles. The greatest distance covered in one hour and the fastest time for a stock chassis at the rate of 102½ miles an hour.

Such Endurance Is Convincing
Here we prove again that the Hudson
Super-Six has more endurance than we have ever claimed it.

What can be more convincing than that round trip across the continent made with a Hudson Super-Six light weight 7-passenger phaeton? Previous records were made with roadsters and stripped cars, but the Hudson at all times carried three, and sometimes four, passengers, and with its baggage weighed in excess of 5,000 pounds.

No Engineer Hopes to Excel It
Remember that the Super-Six is a Hudson
invention controlled by Hudson patents.

A hundred cars have motors of like cylinder capacity. Many cars have more cylinders. But in the Super-Six vibration has been reduced to almost nothing. That adds 80%

to efficiency.

The Super-Six is not one of the passing sensations. Ours is not one of those claims to motor supremacy which yields in a year or two to another. Mark what these records mean. There is plenty of evidence now to convince you that it cannot be superseded.

Save \$175 Now

For many reasons, now is the time to get a Hudson-Super-Six.

In the first place you can get delivery now. Last summer thousands had to wait, and thousands must wait next spring.

Then by buying now you can save \$175. The price will be advanced December 1. The models will not be changed. You get the same Super-Six motor, the same wonderful chassis, and the same beautiful body. Your car you get now will be identical with those we shall sell after December 1, except for some minor details. some minor details.
