ZEPPELIN IS SHOT DOWN AT LONDON

Ten German Aircraft Raid London and Points on British East Coast.

FOURTH VISIT IN A MONTH

London, Oct. 2.-Ten Zeppelin took part in last night's raid over England Two of them attempted to attack London. One was driven away and the other was destroyed. An official account of the raid follows:

"Ten airships crossed the east coast last night between 9 o'clock and midlast night between 9 o'clock and midnight. One airship approached the
north of London at about 10 p. st. It
was driven off by gun fire and pursued
by aeroplanes. It attempted to return from the northwest, but was attacked by guns and aeroplanes and
brought to earth in flames near Potter's Bar shortly before midnight.
"A second airship attempted to attack London from the northeast and
was driven off. Bombs were dropped.
No reports of casualities or damage
have yet been received.

The remaining airships wandered aimlessly over the eastern counties. In Lincolnshire bombs were dropped promiscuously, most of them in open country without doing damage.

Friends of Count Zeppelin were alarmed when they learned that another airship had been brought down in England last night, says the Amsterdam correspondent of the Exchange Telegraph company. The count intended to take part in the raid, the correspondent cabled, but a message sent to Germany elicited the report that at the last moment, owing report that at the last moment, owing to the persuasion of his family, he decided not to join the vaiders. Bodies of Crew Incinerated.

Except for part of the envelope there is left hardly a vestige recognizable as part of the huge airship which was brought down last night near Potter's bar. The Zeppelin burned more fiercely than the one previously destroyed, which like it fortunately fell in an open field.

The members of the crew were incinerated and the bodies scattered over the field on which the airship alighted some eighty yards from a farmer's cottage.

alighted some eighty yards from a farmer's cottage.

The Zeppelin appeared to remain almost stationary in the air for three minutes after the envelope burst into flaines. The tongues of fire seemed to lick along the bag until it was all ablaze. Even then it dropped so slowly that many persons who had not awakened until the cheering aroused them were able to reach their windows in time to see it fall.

Neither the airship which was destroyed nor the second one, which attacked London, succeeded in penetrating the outer defenses of the capital. Little or no damage was done by either of them or by the eight others which operated over eastern counties.

which operated over eastern counties

Four Zeppelin raids on London and the east coast have been carried out in the last month, the more recent attacks being made by airships of the newer and bigger type. On September 2 one Zeppelin was struck while Ilying over London district and fell in flames.

Two Zeppelins were destroyed in the raid of September 23. On that occasion the raiders killed thirty-eight persons and wounded 125. The following night, on another raid in which the airships apparently escaped without damage, they killed thirty-six persons and wounded twenty-seven. In the raid of September 2 only two persons suffered death and thirteen were injured.

Hughes Men Smile At Dems' Bravado, Beach Is Elated

Lincoln, Neb., Oct 2.—(Special.)— Chairman Beach of the republican state committee simply smiles when democrats report republicans going to vote for Wilson. The chairman has done a little traveling himself, and orphably no state chairman has seen probably no state chairman has ever in the short time a committee has been organized, got in closer touch with conditions out in the state.

with conditions out in the state.

He knows that while there may be some former republicans signifying their intention to vote for Wilson, he knows that this is going to be more largely offset by democrats who are open in their declaration to vote for Hughes, so that "bulling the Wilson market" along that line is causing no worriment on the part of the men at headquarters who are running the campaign.
