

### DEMS ARE RESCUED BY WAR IN EUROPE

United States Senator James W. Wadsworth Delivers Address at Kearney.

### WASTE VERSUS TAXATION

Kearney, Neb., Oct. 5.—(Special.)—James W. Wadsworth, jr., United States senator from New York, at Kearney today said the democratic party is persistently blind, insofar as a vision of the future is concerned. "It will not see, or it cannot see, that when the European war is ended our enormous war exports must cease immediately," said he, "and there must be substituted for them a renewal of the ever-increasing imports of cheap European goods, which we were experiencing during the ten months' operation of the Underwood tariff law prior to the outbreak of the war. They do not seem to realize that the peoples of Europe, when they are released from the bondage of the war, must return by the millions to their suspended industries and must inaugurate a great struggle to re-establish their industrial structures, regain their worldwide commerce and restore their prosperity."

### Saved by War.

"It is the enormous war order trade that has saved us from the effects of the Underwood tariff law. There is no other explanation on earth for these exports except the war and when the war stops, they must decline to the figures of 1914, and then go on declining under the normal operation of a democratic tariff law, provided, when that time comes, such a law is still permitted to remain upon the statute books."

"With this situation staring them in the face, known and recognized by every man endowed with ability to look ahead, to analyze and to calculate, the democratic administration at Washington has not taken one step to meet the situation when it comes and to protect the people of the United States."

"Protection" is a word which the democratic party detests. They take no interest, apparently, in protecting our people, whether it be in their lives and property in foreign lands or in their industries at home. Mr. Underwood himself declared, in defense of his bill, that its provisions were not intended to give protection. Mr. Bryan said he had no interest in protecting an American dollar in Mexico. Both, I assume, are honest in their contentions and beliefs.

Country Wants Protection. "But do the people of the United States desire that their future shall rest in the hands of a party which openly adheres to doctrines of that kind? The country wants a protective tariff, not only to provide adequate revenues, which the Underwood tariff law fails to provide, but also to form a barrier against the avalanche of manufactured goods which will overwhelm us if we neglect to erect it."

### Citizens on Albion Branch Protesting

Lincoln, Oct. 5.—(Special.)—A protest from citizens of Petersburg and Albion covering a petition about six feet in length, was received by the State Railway commission today, protesting that the commission do not permit the Northwestern railway to discontinue trains No. 301 and 308 over the line of the Albion branch of that road.

The train is an extra passenger put on by the road as a trial for the purpose of ascertaining if there was business sufficient to maintain it. The commission is of the opinion that as the road was put on voluntarily by the road, it has no authority to order its continuance.

### Wadsworth Talks to Big Crowd at Osceola

Osceola, Neb., Oct. 5.—(Special Telegram.)—The Wadsworth meeting in Osceola last evening was one of the largest attended and most successful of any republican meetings held in this city or county for a number of years. There was a splendid attendance of voters of both republican and democratic parties and the address was listened to with marked interest from the beginning to the end. Polk county republicans are delighted tonight at the reception which was given their speaker and the opening of the campaign under such pleasing circumstances. The speaker covered national issues entirely and made many friends here for the Hughes and Fairbanks ticket.

### Man Found Dying From Drug Overdose

York, Neb., Oct. 5.—(Special Telegram.)—C. A. Walling, a barber, was found in a dying condition in his room at the Gardner hotel in Bradshaw, Wednesday evening, from what is supposed to have been an overdose of drugs. A doctor was summoned, but could do nothing for him. He was a stranger, but among his effects was a diary saying if anything happened to him to notify relatives at Dexter, Kan.

The body was taken in charge by Coroner Hitchcock and brought to York to await the arrival of relatives. No inquest was thought necessary.

### PRESIDENT BOWS HIS GREETING TO OMAHA—President Wilson, snapped as he entered the automobile at the union station on his arrival from the east this morning. Mr. John Lee Webster is shown at the right of the picture.

### CLUB WOMEN HEAR FROM COMMITTEES

Mrs. F. H. Cole of Omaha Tells How Scholarships Were Furnished.

### WORK DONE AT SUNNYSIDE

Hastings, Neb., Oct. 5.—(Special Telegram.)—Among the reports that was given unusual attention at the convention of the Nebraska Federations of Woman's clubs today was that of Mrs. F. H. Cole of Omaha, chairman of the general federation scholarship committee. The department was organized six years ago and since that time sixteen have been helped to gain a university education, who otherwise could not afford the course. Loans were made to four students during the past year. This department has had \$1,350.00 paid into its treasury.

Mrs. C. H. Dietrich's account of Sunnyside, a home for those in need, located at Hastings, was received with breathless attention. Mrs. Dietrich declared that the inspiration for establishing Sunnyside was gained in the work of the Hastings Woman's club.

The original building was destroyed by fire and a new one has just been completed. In this comfortable building homes are provided for twenty-six guests. Mrs. Dietrich said that the average cost of meals for the guests has been found to be \$1.10 per week, the cost of service is \$2.66 per week, per guest.

### Leather Cushioned Seats For President's Party

County Commissioner John Lynch was the busiest man in the court house along about the luncheon hour, bossing the moving of leather upholstered chairs to the reviewing stand for the use of the presidential party. Douglas county's furniture, like the court house, boasts of being scratchless, and Commissioner Lynch was right there to see that the task was properly performed.

Thronged viewed the parade from the windows and balconies of the court house. They "looked down" on the president from the roof, but lustily cheered when the chief executive and the first lady of the land stepped to the stand.

### Keep Up Populist Farce of Ticket Through Officers

(From a Staff Correspondent.) Lincoln, Oct. 5.—(Special.)—The last sad remains of the people's independent party met again yesterday at the office of the secretary of state and went through the farce of pulmonary enough life into the corpse to nominate a few democratic candidates for office, and then crawled into its hole.

Present were Frank Eager, chairman of the "party"; Gene Walrath, who officiates as secretary whenever a little life is needed in order to help out the democrats; Mr. Tibbles and Dr. Cummins. The chairman and secretary claimed to have been empowered to act as proxy for two others, and then the "party" proceeded to nominate Keith Neville for governor, Edgar Howard for lieutenant governor and Sophus F. Neble of Omaha and W. M. Morning of Lincoln for presidential electors, all democratic nominees, thus continuing the farce comedy of passing years.

According to Lieutenant Governor Pearson, who was elected as a populist two years ago and has since affiliated with the people's independent party, no convention was held this year, and no committees selected. It is also well known that none, if any, of the counties of the state held county conventions for the purpose of sending delegates to a state convention, which is required where there is a party state organization.

Counting proxies, there were just half a dozen votes in the committee meeting yesterday.

### Auditorium Crowd Cheers for Wilson Before He Speaks

The president received an uproar of cheering from the 10,000 people packing the Omaha Auditorium last night. The applause was sharp and car-splitting. He rose several times and bowed, smiling broadly. Calls of "Three cheers for our next president" were cheered.

### Charge Made That Pool Is Very Versatile Man

(From a Staff Correspondent.) Lincoln, Oct. 5.—(Special.)—Secretary of State Charlie Pool must be a very versatile gentleman, if the impression gained by some people is the true one, it being claimed by them that he prepared the argument both for and against the prohibition amendment submitted in the pamphlet

printed under his direction and the pure food amendment.

The arguments were prepared by those interested in the two amendments on both sides and the expense was paid by them. The cost of mailing out the pamphlet was \$2,563.11, and was mostly paid for by those presenting the arguments, though no argument against the pure food amendment was furnished.

### State House Deserted; All Make Trip to Omaha

(From a Staff Correspondent.) Lincoln, Oct. 5.—(Special.)—The state house is practically today as far as the democratic state officers are concerned, the exodus being in the direction of Omaha, where the president of the United States and the first lady of the land are the attractions. Many clerks dropped their duties and hiked for the big city along with the rest of the state house gang, while the members of the supreme court, or most of them, doffed their judicial ermine and joined the crowd.

### To Improve Expression As Well As Complexion

No face is really beautiful that lacks expression. Do you realize that continual use of powders and creams tends to spoil pliancy of skin and elasticity of expression? Why not quit cosmetics, use something better, which won't clog the pores or make the skin dry, pasty or oily? Ordinary mercurochrome wax acts quite differently from any cosmetic. It wonderfully improves any complexion, giving it life and expression. By gradually, harmlessly peeling off the thin veil of surface skin, it brings to view a pure, soft, spotless complexion, delicately beautiful and youthful. Every druggist has this wax; it is seldom more than an ounce is needed. It is spread on nightly like cold cream and washed off mornings. In a week or two the transformation is complete. Wrinkles do not of course enhance the expression. Neither do the pasty things many use to eradicate them. A treatment, free of all objection is made by dissolving an ounce of powdered axellite in a half pint of witch hazel; use as a wash lotion. This soon removes even the most obstinate wrinkles.—Advertisement.

### Dandruffy Heads Become Hairless

If you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't. It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it. You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.—Advertisement.

### HERE'S A NEW WAY TO RELIEVE ACHING FEET

Everyone who has to spend many hours standing up on hard floors or walking long distances suffers more or less from hot, tired, aching, burning, sweaty feet. To all these here is a message of cheer. They can get rid of this trouble in a few minutes and at very slight expense. Secure a package of Wa-Ne-Ta from your druggist and when you get home bathe your feet for a few minutes in warm water in which two or three tablets of this preparation have been dissolved. The aches and pains will vanish like magic and the feet will be cool, comfortable and happy. Wa-Ne-Ta added to your bath is a delightful cleanser and disinfectant, removing impurities and bacteria. Buy a box of Wa-Ne-Ta in one ounce or four ounce packages for 25 cents. If your druggist hasn't it and you want to test this preparation, send us 10 cents to cover cost of packing and mailing and we will forward a sample package to your address prepaid. L. C. Landon Co., South Bend, Ind.

### To Free Your Skin of Hair or Fuzz

(Boudoir Secrets) No toilet table is complete without a small package of delatone, for with it hair or fuzz can be quickly banished from the skin. To remove hairs you merely mix into a paste enough of the powder and water to cover the objectionable hairs. This should be left on the skin about 2 minutes, then rubbed off and the skin washed, when it will be found free from hair or bluish. Be sure you get genuine delatone.—Adv.

### Notes From Beatrice And Gage County

Beatrice, Neb., Oct. 5.—(Special.)—Collins Billings, a member of company C of this city and chief bugler of the Fifth regiment, Nebraska National Guard, returned home last evening from the border, having been discharged for the reason that his sisters were dependent upon him.

Mrs. H. F. Cook, a pioneer of Beatrice, died last night at 11 o'clock at

a local hospital, where she had been receiving treatment, aged 82 years. She was the mother of Mrs. W. W. Scott of this city and Mrs. Hattie Reed of Los Angeles, Cal. Clarence R. Steffen and Miss Florence Lane, both of the Diller neighborhood, were married here yesterday afternoon at the Presbyterian manse. A Chalmers touring car belonging to F. C. Tuttle was destroyed by fire yesterday morning when the engine back-fired while it was being overhauled. The loss is placed at \$1,500, with \$1,200 insurance.

### NUXATED IRON

Increases strength of delicate, nervous, run-down people 100 per cent in ten days in many instances. \$1.00 per bottle. Full explanation in large article soon to appear in this paper. Ask your doctor or druggist about it. Sherman & McConnell Drug Stores always carry it in stock.

**FOR FULL TO STOUT FIGURES**  
509 Combining the Back-Resting feature with the Nemo "Invisible" Self-Reducing Straps; for full but not over-stout figures. Sizes 22 to 36. **\$5.00**

MILLIONS OF WOMEN WILL BE HAPPIER AND LIVE LONGER BECAUSE OF THIS INVENTION

IN GOOD STORES EVERYWHERE Nemo Hygienic-Fashion Institute, N. Y.

## Nujol

### For Constipation

AS CLEAR AS CRYSTAL

Hold a bottle of Nujol up to the light. Its crystal transparency is without a flaw. Every trace of impurity, every vestige of color or "bloom" has been removed by varied and many times repeated processes of refining. Nujol is water-white, tasteless and odorless. It neither looks, tastes, nor smells like "medicine." As a matter of fact it isn't medicine at all, in the ordinary sense. It is not a laxative or a purgative, is not absorbed by the system, hence doesn't form a habit. It acts in effect as an internal lubricant, softening the contents of the intestines and so promoting normal movements. All druggists carry Nujol which is manufactured only by the Standard Oil Company (New Jersey). Avoid substitutes. Write today for booklet "The Rational Treatment of Constipation."

STANDARD OIL COMPANY
