BRING GOOD NEWS FOR REPUBLICANS
Visitors at Headquarters at Lincoln Tell About Changes From the Democrats.

FARMERS WELL POSTED

(From a Staff Correspondent.)
Lincoln, Oct. 6.—(Special.)—Many visitors to republican headquarters today brought good news to Chairman Beach and his bustling assistants. One man, living west of Lincoln, said that he lived in a strong democratic precinct, and that out of the ninety votes cast there only about twenty of them were republican. However, this year there is a change, and he looked for good reports from there when the votes were counted.

Another, from out in the western part of the state, said that the people were beginning to change their minds.

Farmers Are Wise.

"We farmers, of course, are well pleased over the high prices we are getting for grain and hogs, but we know that it is not the result of the democratic congress, but simply the condition which exists because of the war in Europe, and when that is over we will drop back to the old democratic system and will have to compete with other countries in the markets of the world and in our own, so that while we like what we are getting now, we don't like to think of what we will be up against in case Wilson is re-elected and the war is over."

Bassett Is Friendly.

A letter from a traveling man, dated at Bassett, asks that the committee send pictures of Judge Sutton to that town, for the people there are asking for them and feeling friendly toward the whole ticket.

"According to democratic papers," said he, "you might think all of the traveling men were going to vote the democratic ticket, but I can name several democrats that will vote for Mr. Hughes, Sutton and Kennedy."

North Platte, Neb., Oct. 6.—(Special.)—Warren Soules, a month ago paroled from the state penitentiary where he was serving a sentence for cattle stealing, is in the county jail here facing a charge of attempted assault. Soules, with William Beatty, was convicted about a year ago on a charge of cattle stealing. Both men were given indeterminate sentences and were paroled at the expiration of the minimum term.

The Johnson county team was further strengthened by the addition of Burling of Lincoln and Yeast, a new Western league prodigy, who pitched for Johnson county. Davis of Syracuse pitched for the Otoe and Dams of Burr caught. Davis struck out thirteen men and Yeast five. Otoe county got seven hits and Johnson 6. The next game of the series will be played at Syracuse Sunday, October 8, at 3 o'clock.

Many clerks dropped their duties and hiked for the big city along with the rest of the state house gang, while the members of the supreme court, or most of them, doffed their judicial ermine and joined the crowd.

CHANCELLOR WINS FIGHT IN REICHSTAG

Attempt to Force Renewal of Subsea Warfare on Old Basis is Not Successful.

MANY CONFERENCES HELD

Berlin, Thursday, Oct. 5 (Via London, Oct. 6).—Efforts to compose the differences between Chancellor von Bethmann-Hollweg and his opponents in the Reichstag, which have been in progress since adjournment was taken after the chancellor's speech apparently have accomplished little. The chancellor's position, however, appears to be unshaken and such information as is obtainable indicates that the campaign for resumption of submarine activity on the old basis has met with no success.

After several days of confidential conferences of the chancellor and members of his cabinet with a committee from the Reichstag, discussion of the submarine issue and other problems of foreign politics was resumed today before the ways and means committee. Herr von Jagow, secretary for foreign affairs, and Admiral von Capelle, secretary of the navy, made statements explaining the position of the government. The naval secretary interposed in the debate which followed, answering questions and meeting objections concerning the government's policy in regard to submarine operations.

Chancellor In Full Control.

Notwithstanding the confidential nature of the proceedings in both committees the following probably may be taken as a fairly accurate statement of the present situation: "The conferences thus far, notwithstanding considerable good will on both sides, have not brought the opposing elements much nearer together. They have shown the chancellor to be in full accord with Field Marshal von Hindenburg, chief of staff, and with the Navy department. Both the military and navy representatives have supported the contentions of the chancellor against the inauguration of an unrestrained submarine campaign with the full weight of their expert authority. Dr. Karl Helfferich, vice chancellor, backed the chancellor in a powerful speech on the economic aspects of the question.

"No new arguments were introduced however, but the chancellor's oppo-

nents have not permitted themselves to be convinced. The alignment of the Reichstag parties on the question has undergone little change since the struggle of last spring, in which the chancellor's party was victorious. Part of the Catholic center, it is true, has been shown to be amenable to arguments of the opposition, but Dr. Peter Spahn and other centrist leaders are still supporting Dr. von Bethmann-Hollweg. Dr. Spahn, in a speech, defended strongly the position of the chancellor.

Support of Ministry Firm.

"Even in the unlikely contingency that some of the centrist dissidents disregard the unit rule and vote against the chancellor, should a list come, this defection, the national liberals consider would be counter-balanced by the split in the able group headed by Deputy Schiffer and 'Red Prince' Schoenach-Carolath, which is out of sympathy with the intrigue against the chancellor and will work against any movement aiming at his downfall during the crisis.

"Even the conservative camp is not united. The free conservative wing, under Baron Zedlitz, has declared itself out of sympathy with the movement against the chancellor. All in all, there seems to be a very slight chance that the opposing faction will prevail or that the submarine campaign will be resumed. Confirmatory evidence is found in the strength of the stock market, which is most sensitive to possibilities of complications with America."

- Missouri—Signal company.
- Kansas—Second infantry.

Judge Sutton Given Assurances of Support

Pawnee, Neb., Oct. 6.—(Special.)—Judge A. L. Sutton of Omaha, republican nominee, spoke in the court house in this city tonight on the issues of the campaign. The largest audience of the campaign had assembled. He stated his position on the various questions entering into the campaign

in such a manner that no one could misunderstand him and said he would use every power at his command to enforce the laws.

At the close of his speech the voters crowded around him to pledge their support. Without doubt it was one of the most enthusiastic meetings ever held in Pawnee.

Adam McMullen of Wymore, republican candidate for state senator

from the Fourteenth district, presented Judge Sutton, and in a short speech made a telling appeal for the voters to give their support to the republican ticket, both in the state and nation.
