

KENNEDY GOES WITH REAVIS OVER CASS

Republican Candidates for Senator and Congress Make Long Day's Trip.

FARMERS ALL FOR HUGHES

Louisville, Neb., Oct. 7.—(Special.)—Friday was republican day in Cass county, and from early morning until late tonight John L. Kennedy of Omaha, republican candidate for United States senator, and Congressman C. F. Reavis of Falls City have been engaged in a lively speech-making tour of many of the towns of the county.

Beginning with a morning meeting at Union and closing with a night meeting in the city hall at Louisville, which was attended by about 600 townspeople and farmers from the community, Mr. Kennedy and Mr. Reavis have been meeting with a very enthusiastic reception from the voters.

Candidates Cross Trails.

Today Senator Hitchcock and John A. Maguire and party crossed their trails and held morning meetings in Louisville and other towns where Mr. Kennedy and Mr. Reavis had spoken. On the trip over Cass county the speakers were accompanied by eight or ten automobile loads of county candidates and active republicans, who assisted in the distribution of campaign literature and engaged in a general hand shaking among old friends.

Growing enthusiasm greeted the candidates all day long and lively meetings were held at Nehawka, Avoca, Elmwood and Murdock. The principal meeting was held at Louisville tonight. The Louisville boys' band gave a concert in the evening in honor of the guests and the Plattsmouth band, which accompanied Mr. Kennedy and Mr. Reavis all day, furnished music. These bands were much appreciated by the speakers and the guests of the county.

Enthusiasm Everywhere.

Not since the McKinley campaign of 1896 has there been so much real enthusiasm manifested. The republicans are out in great numbers here tonight, and those who have followed the speakers all over the county today, say that Charles E. Hughes is growing in popularity as the choice of the farmer and businessman voter, and that Cass county will surely give the entire republican ticket a substantial majority this fall.

Mr. Kennedy and Mr. Reavis were talked on constructive lines all day, dealing largely with the Mexican situation, national defense, a non-selection tariff, which protects the Nebraska farmer, immigration problems, democratic extravagance, and the moral problems of this campaign.

Candidates Make Trip.

Mr. Kennedy and Mrs. Reavis were accompanied over the county today by: A. P. Sturm, republican candidate for state senator from Second district; L. A. Traas, republican candidate for the opening in honors of the guests and the Plattsmouth band, which accompanied Mr. Kennedy and Mr. Reavis all day, furnished music. These bands were much appreciated by the speakers and the guests of the county.

The party was conducted by Dr. E. W. Cook, chairman of the Cass county republican committee, and A. L. Tidd, secretary of the committee. At supper tonight at the Drake hotel a party of forty, consisting of the candidates and their friends, sat down to supper before the meeting at the city hall.

Tomorrow the campaign will be resumed and South Bend, Greenwood, Alvo, Wabash and Weeping Water will be visited.

Allied Warships Still Scout Philippine Waters

(Correspondence of The Associated Press.) Manila, P. I., Sept. 25.—Allied warships, believed to be British vessels, are again active in territorial waters of the Philippines and half a dozen inter-island vessels have been overhauled, halted and examined during the past few days. The procedure is generally to halt a ship, send an armed landing party aboard, examine the ship's papers, ask for information as to the nationality of the passengers and inquire whether the ship carried cargo or mail addressed to Teutonic subjects. So far there has been no interference, either with passengers, mail or cargo.

A large cruiser, believed to be British, created a sensation recently by dashing into Manila bay and coming within four miles of the harbor. Then it turned tail and as suddenly made for the open sea again. No effort was made to stop it by the American warships in the bay, which have charge of enforcing neutrality regulations, but it is understood that the matter was the subject of correspondence between the governor general's office and the British consulate.

Four German Counter Attacks Are Beaten Back by Russians

Petrograd, Oct. 7.—(Via London.)—German troops yesterday made four consecutive counter attacks in an effort to recapture ground lost to the Russians on the Genuvaka and Zlora Lipa rivers, in Galicia, says the official statement issued today by the Russian war department, but each time the attacker was repelled with heavy losses.

Woolly-Headed Henry, Goose-Loving Adolph and Five Others Free Again

Juvenile Judge Leslie's "honor system" saved seven boys from the state industrial school at Kearney when they came up in batches of two and three to face charges brought by Probation Officer Miller's staff of "big brothers" and "big sisters."

Billy, Adolph, Chuck and Tony were all paroled to their parents. Billy 'fessed up to stealing a chicken and selling it to a housewife after he had plucked the feathers. He admitted spending the 30 cents at the carnival grounds.

Adolph became imbued with the carnival fever and after learning of Billy's success at chicken stealing went forth to purloin a fatter piece of poultry that promised greater remuneration. Adolph hooked a goose. "It was a good big goose, too," explained the 10-year-old offender, "but the lady said it was an old one and gave me only 30 cents for it." Adolph then plunged into revelry at the carnival grounds.

Chuck and Tony, both Italians, were charged with persistent "mooning" on the street and petty thefts. "Buster" Lowry, 14, a habitual truant, brought into court by Truant Officer Carver, was consigned to the

Riverview home, where he will be forced to attend school. He goes with a suspended Kearney sentence hanging over his head.

Then poor bewitched Henry, the woolly-headed little midget of 10 years, who has been given three chances and the promise of a Christmas present from Judge Leslie if he would refrain from beating up his playmates and attend school regularly, appeared again, charged with truancy. Henry was this time given a suspended Kearney sentence and again paroled to his mother. Henry is the avowed pet of juvenile court.

Judge Leslie has established an honor system that has made better boys. By insisting on them reporting regularly to juvenile authorities, demanding that they shun bad companions, stop smoking cigarettes and the use of profanity, only a few have violated the trust imposed in them.

Almost Half of German Uni Students Are Women

(Correspondence of The Associated Press.) Berlin, Sept. 23.—The number of women at German universities underwent a further considerable increase during the past summer semester. The total was 5,450, which denotes a gain of some 1,300 over the number when the war broke out. Out of every 100 students present at the universities 10.5 are women, whereas the proportion before the war was only 5.7, and if the resident women students be taken into account, not less than 42.3 per cent of the students present are now women.

SUNNYSIDE GIVEN PRAISE BY WOMEN

Hastings Woman's Club Comes in for Compliment at Convention.

GET MONEY FOR SUFFRAGE

Hastings, Neb., Oct. 7.—(Special Telegram.)—The twenty-first annual convention of the Nebraska Federation of Woman's Clubs closed a three days' session yesterday amid a universal feeling that the convention had been eminently successful.

Mrs. H. H. Wheeler voiced the sentiment of the convention regarding Sunnyside. "Indeed," said Mrs. Wheeler, "I know of no club activity in any other state that seems to me quite to equal Sunnyside."

"The dollar march through Nebraska," was inaugurated by Mrs. W. E. Barkley of Lincoln, president of the Nebraska Equal Suffrage association, following the suggestion of Mrs. J. Rowan of Alliance, corresponding secretary, that the Nebraska federation is in need of an endowment that will furnish the revenue to defray state convention expenses.

Through the activity of Mrs. Barkley \$83 to begin the endowment was raised this morning. Mrs. John Slaker of Hastings was appointed chairman. The plan is to have the members of the various clubs contribute a dollar each to the fund. The other members of the committee are Mrs. J. Rowan of Alliance and Mrs. Widener of Lincoln. An attempt will be made to raise \$10,000.

A resolution adopted today embodies the demand of the federation

What President Woodrow Wilson Thinks of Vaudeville

Saturday Evening Post, Under Heading "A TALK WITH THE PRESIDENT," by Samuel G. Blythe, says:

"I like the theater, too, and especially a good vaudeville show, when I am seeking perfect relaxation; for a vaudeville show is different from a play, though I am intensely interested in the drama in all its phases.

"Still, if there is a bad act at a vaudeville show, you can rest reasonably secure that the next one may not be so bad; but from a bad play there is no escape."

Vaudeville Such as the PRESIDENT Likes, Can Be Seen at The ORPHEUM EVERY DAY.

Daily Matinee 2:15. Evening 8:15. Prices Never Changing.

To You Who Are Sick

A perfect spinal column means uninterrupted nerve impulses to all parts of the body. Let one or more of the vertebrae in your spinal column become subluxated (displaced) then you have an impingement of the nerves centered there and the organ or parts controlled by those nerves become diseased.
