

CHEERING HOST GREETES HUGHES

Republican Presidential Candidates Get Wonderful Welcome.

TELLS THEM NOT FOR WAR

(Continued From Page One.)

They seemed deeply impressed with the candidate's brief resume of the issues of the campaign and joined in cheering when Hughes said the American flag should mean full protection to every American citizen abroad.

The first stop of the train on the Nebraska itinerary was suspicious. Telegrams were received from towns not scheduled for stops.

Extra stop will be made at Fairmont, the home of State Chairman Beach.

New Falls City Club.

In the demonstration at Falls City were 400 members of the newly organized Hughes and Fairbanks club, under the leadership of Roy Heacock. One of the members of this club is John Herring, democratic section foreman on the railroad at Shubert. He says railroad laborers are not enamored of the so-called Adamson eight-hour law and they will vote for Hughes.

There is marked inclination among Germans of Richardson county to support Hughes and Fairbanks. Louis Simmerman, forty-six years a farmer near Falls City, brought three sons to hear Hughes. He said most of the Germans of the county are for Hughes and for good reasons.

Victor Rosewater of the advisory council of the national republican committee and National Committeeman Howell joined the train at Falls City.

Great Crowd at Beatrice.

Beatrice, Neb., Oct. 14.—(Special Telegram.)—The Hughes special train was received by a large gathering at the depot here. Bands and automobiles led the parade to Athletic park, where Mr. Hughes addressed a crowd that exceeded seating capacity.

Mrs. Hughes is an interested attendant at all meetings and is solicitous of her husband's welfare, which is being taxed by frequent greetings, conferences and talks.

Crowd Gathers at Wymore.

While changing engines at Wymore a crowd gathered at the depot. Several hundred railroad men went to the train and Mr. and Mrs. Hughes appeared on the platform.

Introducing Mr. Hughes to a great gathering in Athletic park, Beatrice, Peter Janssen said, "He is a man who would be absolutely untrammelled in office."

The Beatrice gathering approved the candidate's expression that this country must have a protective tariff to meet the exigencies of the world, keen and anxious to invade our markets after the war.

"You ask me what I would do in Mexico, I do not know. I do not know what kind of a mess there will be next March. Correct policies spell peace.

Falls City, Neb., Oct. 14.—Charles E. Hughes today opened his campaign in Nebraska from the rear platform of his car to a crowd of farmers at the station here.

Mr. Hughes assailed the administration for its Mexican policy. He declared that extension abroad of American trade would not be accomplished unless American rights were fully maintained.

Protection for Flag.

"We must remember," Mr. Hughes said, "that it is perfectly idle to ask American merchants, American engineers, American traders, the boys who go forth in the various opportunities that are afforded in connection with branch houses abroad; it is perfectly idle to ask them to go forward in the interest of American enterprise if the American flag does not mean full protection to every citizen lawfully engaged, wherever he is.

Mexican, an Ignoble War. "Nothing to me is more extraordinary than the claim of this administration that it has kept us out of war. Only inexcusable blundering could have gotten us into war.

"We did not have peace in Mexico.

We had war. It was an ignoble war; it was a personal war. It was not based on anything that is sanctioned by international law.

"We have had no proper policy of peace in Mexico. I desire to see peace maintained, but it will not be maintained unless we have it understood that we do not propose to meddle with things that do not concern us and, in the next place, that the just rights of our citizens with respect to their lives and property will be maintained."

Federal Farm Loan Board Is Out With a Warning to Farmers

Washington, Oct. 14.—The Federal Farm Loan board's warning to farmers against swindlers seeking to profit by organization of land banks has begun to bring in many reports of victims. The board recently announced that it would refuse charters to any banks in whose organization money had gone for promotion purposes.

Jacob J. Blumer, Bencland, Mont., wrote the board that an agent of a promotion concern pretended to have been employed by the government and got from him a \$250 check for ten shares of stock and that he later received notice to pay \$750 more.

S. A. Altman of Lincoln, Kan., wrote he had paid \$300 on a similar proposition.

The board today issued this supplemental warning: "Farmers who borrow through the National Farm Loan associations are not required to pay any advance commissions. So all of these enterprises requiring payments from farmers are declared by the board to be fraudulent and the attention of the Department of Justice has been called to the matter and an attempt will be made to bring the offenders to justice."

Sent to Prison for Trading with Enemy

Paris, Oct. 14.—William Chester Silbermann, New York, has been sentenced by the correctional court to five years in prison and 500 francs fine on a charge of trading with the enemy.

Silbermann, according to the prosecution, came to Paris armed with papers describing him as the representative of the Knight Rubber company. On the strength of these papers he obtained several important orders. He was finally denounced by a Serbian who had known him in New York and who said he was acting for Gottwick Scheffler & Co., 309 Broadway, New York, a firm with German affiliations.

To Meet to Consider The Eight-Hour Law

Denver, Colo., Oct. 14.—Meets of meeting the requirements of the Adamson eight-hour law are to be considered at a meeting of the American Railway association here November 17, according to announcement to-night.

Local railroad officials received word today that a number of executives and organizers who participated in the recent conferences with President Wilson and representatives of the railroad brotherhoods preceding the enactment of the Adamson bill would be here. Proposed methods of meeting the extra expenses and its distribution are expected to be announced at that time.

HUGHES IS FOR PEACE, TELLS NEBRASKANS

(Continued From Page One.)

Important thing for the purpose of safeguarding the peace of the land is correct policies. That is important in this hemisphere; that is particularly important in Latin-America. That was very important in Mexico. Instead of having a policy of peace based upon a correct attitude with regard to that unfortunate country, our administration, this present administration, entered into a policy of officious intermeddling with matters which did not concern it, and embroiled this country in actual war. That is the real fact of the case.

Threat Indefensible.

Mr. Hughes reviewed the administration's policy with respect to Huerta. "I stand here to say, and I challenge contradiction, that that threat to make war upon that individual and to use whatever force was adequate to put him out of the government, which, whether we recognized it or not, others had recognized, was utterly indefensible in law or in morals," Mr. Hughes declared.

Reverting to the tariff, he said: "We must equip ourselves to take care of our own vital interests. We can't do that unless we faithfully ap-

ply as wisely, as intelligently, as we know how the doctrine of protection of American enterprise and interests. We have had some suggestion on the other side of an appreciation of this situation.

"They have not been very definite about it, they have not told us exactly what they stand for. If they do not stand for more tariff for revenue only, they do not stand for anything at all, so far as I know, in connection with the tariff. If they are not for that principle, so far as the tariff is concerned, they are without principle, because they certainly have not declared their faith in any other principle.

Not for Special Privileges.

"They have, however, told us that they will give us a tariff commission. I sincerely believe that we should have every possible aid to an understanding of the facts affecting these problems. I do not believe in going it blind. I have not come to this place of candidity, leaving the career of which I spoke, for the purpose of parceling out special privileges at the expense of the public welfare to any class or to any group.

"I want to see this difficult and important matter attended to with the utmost care and fairness. It can be done if we get the facts that apply to each situation; and I believe in a tariff commission, but it is perfectly idle for anybody to talk to the American public as if a tariff commission were a solution of tariff difficulties. Tariff commissions don't legislate."

Youth, Adult and Aged

Three generations have tested Peruna and pronounced it a reliable family tonic. It's useful because it has met the demands of the youth for a strength builder, the adult for conserving strength, and the aged for a healthful invigoration. It always inflammation of the mucous membranes, dispels the inflammation we call catarrh, and aids digestion. It helps rid the system of colds and coughs, and builds up the strength to resist grip, as well as helping remarkably in convalescence.

Nearly Fifty Years have passed since Peruna was introduced to the public. The original formula has been retained somewhat unaltered as shown the way, but it remains the same remedy that has accomplished so much for the health of the people.

It may be obtained in tablet form or in liquid form—both made after the same formula, the tablets dissolving the solvent, and it is ready to do for you what it did for your father and his father.
