STRONG TO HUGHES**

**Letters to Republican Committee Reveal Presidential Candidate Far in Lead.**

**VOTERS SHOW ENTHUSIASM**

(From a Staff Correspondent.)

Lincoln, Oct. 14.—(Special)—That there is a growing sentiment favorable to Charles E. Hughes for president is apparent from reports coming to the republican state committee from all parts of the state. Letters have been pouring in during the last week which indicate that should the same changes continue until election day, Hughes will carry the state by not less than 20,000.

This appears to be the opinion of many who have been traveling over the state and who have been in close touch with conditions. The day after Leslie M. Shaw spoke in Falls City, a Hughes and Fairbanks club was organized with 400 names on the list. When Mr. Shaw spoke there the crowd did not number over fifty people, but the sentiment aroused by his able arguments and convincing statements opened up a degree of enthusiasm, according to reports coming to the state committee, which resulted in the formation of the club within a short time. These reports also carry the information that twenty-eight Wilson men changed to Hughes after hearing Mr. Shaw's speech.

A letter from McCook, where Mr. Shaw spoke Thursday night to a good crowd, brings the information that the railroad men are thinking seriously over the situation and that there has been a degree of interest aroused which will mean much to the republican ticket.

**Big Demand for Speakers.**

Other speakers who have been touring the state are bringing in like reports. Requests for buttons, literature, and speakers are flooding the headquarters of the committee. It is understood that Governor Shaw may be expected back in the state for a few more speeches before the campaign closes and today the speaker's bureau had to refuse request for a return of R. W. DeVoe, republican candidate for attorney general, for speeches in Polk county.

A condition which is especially pleasing to friends of Henry Clarke, republican candidate for re-election as railway commissioner, is the rapidly changing feeling all over the state that to put a green man on the commission at this critical time, when rates are reaching a crisis for settlement, would be decidedly unbusinesslike. Just now experience and sound judgment is needed and they are pointing to the fact that it would be a sad mistake to put a man on the commission who is so radical in his views as the democratic candidate for the commission, Mr. Wilson.

"We want a man of experience, not a hot air expert," said a man today who is interested in seeing the difficulties confronting the state settled for the best interests of everybody. "Clarke has been square with everybody and right now more than ever an exemplification of the square deal is needed."

**Parade to Fontenelle.**

The line of automobiles will form a parade in leaving the Union station. They will drive north on Tenth street to Farnam, west on Farnam to Eighteenth street, then north to the Hotel Fontenelle. Mr. Hughes is then to be driven to one side, while the line of autos passes him at the hotel, thus giving him an opportunity to review the parade from his car.

Mr. Hughes is then to be shown to his room where he will rest, dine in private and prepare for the evening meeting at the auditorium. The Hughes activities in Omaha are to be free from social feature, and Mr. and Mrs. Hughes have requested that there be no dinner or luncheon arranged, since the time is short between the arrival and the hour for the address at the auditorium at 8 o'clock.

**All Seats Free.**

The meeting at the auditorium is to be free to all. The auditorium is to be opened at 7 o'clock. With the exception of the seats reserved on the stage for the members of the committee, and a few seats reserved in the front rows in the auditorium proper for old soldiers, there are to be no other reservations. Officers of the three army posts have been placed

**Kennedy Draws Big  
Crowds at Crete**

Crete, Neb., Oct. 14.—(Special)—John L. Kennedy, republican candidate for United States senator, addressed a large crowd of voters here Friday.

He made an appeal for the republican candidates both state and national, saying that he had helped elect Sutton to the bench twelve years ago and knew the character of the man. If Sutton was elected, he said, he would be the governor. He pointed out the splendid record of Hughes as governor of New York in cleaning up the race track gambling, etc.

Kennedy said that by the administration's war tax the poor were paying the bills, when the rich should do so. He also made a plea for the protective tariff.

**Keeps Kidneys  
Active With a  
Glass of Salts**

Must flush your kidneys occasionally if you eat meat regularly.

Noted authority tells what causes Backache and Bladder weakness.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poison from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment that you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.—Adv.

**SENATORIAL CANDIDATE, WITH  
CONGRESSMAN SLOAN, IS  
WELL RECEIVED.**

**JOIN IN FOOT BALL SHOUTS**

Hebron, Neb., Oct. 14.—(Special)

—Saline and Thayer counties were the scene of spirited republican campaigning yesterday. John L. Kennedy, republican candidate for United States senator and Congressman Charles H. Sloan of the Fourth district, with two campaigning parties, held street meetings all day today in various parts of the counties, and closed the day with a rousing meeting in the city hall here.

The Hebron band played and paraded and the Payson male chorus furnished a musical program at the city hall before the speaking. The hall was filled with a mixed audience of democrats and republicans and many farmers were present who cheered and applauded the exposition of the sectional and discriminatory tariff of the last administration.

Ernest E. Correll, editor of the Herald Journal, presided and introduced the different speakers with very clever witicism, which pleased the audience immensely.

**Compliments for Thomas.**

Superintendent A. O. Thomas, who is a candidate on the republican ticket for re-election, was here today attending teachers' institute and he sat upon the platform and was complimented by each speaker for his splendid record.

Both Congressman Sloan and Mr. Kennedy spoke for the republican national and state ticket. Mr. Kennedy urged particularly the election of Judge Sutton for governor and Robert W. DeVoe for attorney general to assist him in the enforcement of the laws of the state. The audience was a Hughes audience and much enthusiasm was expressed at every mention of Mr. Hughes' name. The coming of Mr. Hughes has roused republicans and they are rallying to the standard and the party line is apparently going to hold. It is the common expression that Mr. Hughes is much stronger than he was a few weeks ago.

Mr. Kennedy and his party drove

from Wahoo to Crete. A meeting, which was well attended, was held on the street at Crete. Mr. Kennedy was introduced by R. R. Hastings, county chairman of Saline county, who later accompanied Mr. Kennedy over the county.

At Dorchester another street meeting was held and there Mr. Kennedy was met by Jerry Wilhelm, veteran of the civil war and active republican worker and committeeman. He introduced Mr. Kennedy and accompanied the party to Friend, where dinner was had and another street meeting held. In the afternoon street meetings were held all along the line Henry Keller, sr., met Mr. Kennedy at Western and introduced him to an audience of interested farmers and townspersons. Mr. Keller is one of the liveliest of the old time republicans. He promises to produce a three-to-one republican majority.

**Shout With Foot Ball Team.**

At Alexandria, while Mr. Kennedy was speaking, a crowd of school boys rode down the street cheering lustily over a victory at foot ball. Mr. Kennedy stopped and joined in the cheering. There he said was the safety of America in the future, in the youthful and earnest and clean life of the younger set. The audience applauded thus expressing their approval of the sentiment. The patriotic atmosphere of this stop was perfected by the exhibiting of the original Bunker Hill sword by John B. Demerritt.

The county candidates from Thayer county accompanied Mr. Kennedy and Mr. Sloan were Thomas Lahmeyer for state senator, E. F. Wild and Thomas E. Conley for state representatives. Paul Grune for state treasurer, B. A. Young for clerk, H. L. Boys for clerk of the district court, J. H. Dorsey for superintendent, C. L. Richards for county attorney, Burt F. Powell for assessor and George Wilson for county commissioner.

**Injunction Denied.**

Lindsay, Neb., Oct. 14.—(Special)—The laying of the extension to the water main was delayed yesterday when John Freschau tried to get an injunction, alleging that he had the street fenced for the last eighteen years, having the sidewalk on the outside of the disputed twelve feet, demanding ownership by right of company. The records show that the deed was filed to his lots in 1903. His claim to an injunction and right to ownership was denied and the town board ordered the work to proceed.
