

GERMAN WOMAN BOAT COMMANDER

Government of Wurttemberg Recognizes Fair Sex at Friedrichshafen.

Geneva (Via Paris), Oct. 14.—A woman has been commissioned by the government of Wurttemberg as second in command of a small gunboat on Lake Constance which is employed in guard duty at Friedrichshafen, where the Zeppelin works are located. She has been given the rank and uniform of a lieutenant.

Women employed on south German railways, according to a new order, must wear uniforms, consisting in part of loose trousers and gaiters.

Robert Bacon Resents Insinuation Made by President Wilson

New York, Oct. 14.—(Special Telegram.)—Replying to the attack made upon him by President Wilson in the course of his speech at Shadow Lawn last Saturday, Robert Bacon has addressed the following open letter to Mr. Wilson:

"Sir—In your capacity of candidate for public office you have seen fit, in a public address, to criticize more than 140,000 citizens of this state who honored me with their votes at the recent primaries, with the intention of making it appear that my candidacy for the republican senatorial nomination was supported by men who would involve this country in war. You spoke of me as a man whose avowed position in respect of international affairs

was unneutral, and whose intention was, if he became a member of that great council upon international affairs at Washington, to promote the interests of one side in the present war in Europe, and you argued that if the republican party should succeed, one very large branch of it would insist upon a reversal from peace to war.

"The statement that it was my intention, if elected senator, to promote the interests of one side in the present European war, and thereby violate my oath of office, is beneath contempt. My respect for the office of president of the United States prevents me from characterizing such a statement as it deserves. I leave the

judgment of its falsity to the public. Either you have not read what I have said many times publicly on the subject of our neutrality, or you have deliberately misstated my attitude in an attempt to raise a false issue. With the accurate, carefully considered arraignment of your foreign policy by Mr. Hughes, Mr. Roosevelt and Mr. Root, I am proud to agree. In your anger and desperation as the ring of truth closes in upon you, you seem to be trying to make a false issue.

"You say that your re-election means peace and that Mr. Hughes' election could be further from the truth. It is inconceivable that a president of the United States should so insult the intelligence of the American people. The statement that a large number of your fellow citizens, because they condemn your weak, vacillating policy, wish to plunge this country into the horrors of war, is preposterous. The contention that you or the democratic

administration have kept this country out of war is specious and unfounded in fact. Vaccillation, timidity, weakness in asserting our rights, inability to perform our duties, confusion of words, a constant change of attitude, threats unsupported, cannot possibly keep this nation or any other out of war. It is the fear of those who will vote against you that such conduct of our foreign affairs will inevitably lead us into war. Strong, determined, clear policy can alone preserve for this country the respect of other nations, which will insure peace. It is unworthy to assert that a large number of your fellow men, Americans of undivided allegiance, of whole faith, of sublime trust in the honor and righteousness of their country, would seek to plunge the United States into the horrors of war. Such a statement you must know to be false. If a million votes were to be yours for making such misstatement, if you believe it to be the only way to win a desperate

cause, you should scorn to misrepresent the people of a country which has elected you to its highest place of trust. The issues of this campaign are vital to the welfare of the nation. I appeal to you, sir, as a candidate for the highest office, to present the issues squarely and fairly to the people and abide by their decision without stopping to inflame the prejudices of one class against another, or unworthily to impugn the motives or to insult the patriotism of loyal Americans who may differ with you. The American spirit, the spirit of our fathers who believed in plain words backed by deeds, who stood for fair play, justice and courage, has always been the safeguard of Americans. The democratic party and the republican party need not be afraid to trust to this spirit now and to state the issues clearly with honest speech. I have the honor to be, sir, very truly yours.

"ROBERT BACON."

Omaha Might Soon Be Big Oil Center

Prospecting for oil will soon begin in Dawes and Sheridan counties, Nebraska. Through John L. McCague of Omaha, the Midwest Oil company, the leading oil development concern in Casper, Greybull and Thermopole, Wyo., has leased 30,000 acres of oil lands in Dawes and Sheridan counties.

If oil is struck in expected quantities the possibilities of a pipe line into Omaha immediately leap into new life. A pipe line from the oil fields of Casper, Wyo., has long been talked of, but thus far nothing definite has been done. The industrial committee of the Commercial club is keenly interested in the development and especially in the pipe line to Omaha, where refineries could be established.
