Stewart Decides To Take Two Full Teams to Oregon

Lincoln, Neb., Oct. 16.—(Special Telegram.)—At the last minute tonight Coach Stewart of the Nebraska Huskers decided to take two full teams on the trip to the Pacific coast, where the Huskers play the Oregon Aggies at Portland, next Saturday afternoon.

NEW CATTLE RECORD, TOO

All records for live stock receipts on the Omaha market, both in the number of cars and head of stock received, were broken Monday. The total number of cars received up to noon was 1,006, surpassing the mark of 953 cars established on October 11, 1915.

A new record for cattle receipts also was established Monday. Over 21,000 head were received this morning. On October 11, 1915, the date of the previous record, 735 cars, containing 19,747 head, were received.

Commission men anticipated the unusually heavy run by starting the day's work at 5:30, half an hour earlier than usual, in order to handle the big run more easily.

Why Tom Moore is a good, steady-diet cigar

IN a word, because it will not over-smoke a man. Cigars that are "heavy" are very apt to.

It is no trick to make a heavy-smoking Havana-filled cigar. But it is a distinct achievement to make a cigar that smokes as mildly as Tom Moore and still keep it Havana-filled.

One or two factors may interest you.

To guard against the selection of inferior leaves for Tom Moore filler, we operate direct in the to-

bacco districts of Cuba. We have our own buyers and our own warehouses there.

Then to be sure that this Havana will smoke with velvety smoothness, we store it in "ageing rooms" for an average of two years.

In fact, our entire effort is to make Tom Moore the type of cigar that will satisfy a man's delight in Havana fragrance, but will not prove at all heavy when smoking or after smoking.

For this reason we believe you will find Tom Moore a good "steady diet" cigar, and will be pleased if this advertisement leads you to smoke one or two.
