BEN EARL VICTOR IN FEATURE RACE

Horse Owned by Edward Peterson of Omaha Takes Preliminary Pace.

ALTAWOOD WINS 2:07 PACE

At Ianta, Ga., Oct. 19.—Ben Earl, the 2:00 1/4 gelding owned by Edward Peterson of Omaha, took first money in the Grand Circuit's \$2,000 Piedmont hotel cup class pacing race in straight heats here today. Coming in for second, third and fourth places, respectively, were Spring Maid, Young Todd and Peter Pointer.

The most sensational performance of the card was the third event, a 2:07 class pacing race, won by Altawood, with Murphy driving. The little gray mare took the first, second and fourth heats, making only third place in the third. Birdonna, driven by Stout, fought every inch of the way for first place in the first, second and fourth heats and was beaten only by a nose.

The second event, 2:18 class trotting, for \$1,000, was won by Ridge-mark, a bay gelding piloted by Traylor, who came in third in the first heat and then took three first places in succession. Truesada, a bay mare, driven by Cox, was first under the wire in the opening heat.

Ben Earl came out between scheduled events in a trot to lower the track of 2:05 1/4 made by Goldie C last Tuesday, and did it easily, covering the oval in 2:04 3/4.

Lee Axworthy will trot against his world championship record tomorrow.

Bellevue to Tangle With Trinity College

The Bellevue college squad went through an hour's signal practice yesterday afternoon. Two full teams were out, but no scrimmage was indulged in. The team is in first-class condition.

The coach is still in doubt as to which set of backs to use this afternoon in the game with Trinity college. Both sets showed up well yesterday afternoon, although the "varsity" men seemed a little faster. Evans was used at quarter with both sets, alternating with Mincer. The "pony" backfield, consisting of Shainholtz, Dunlap, Stewart and Evans. Four scores and three touchdowns on the varsity Wednesday. Evans getting away for a long run on two different occasions. The first team scored once. There is little doubt as to who will start on the line today. Erwin and Williams at the ends, Gustafson and Ebersole at the tackle, Allen and Daugherty at the guards and Kinner at center, are practically certain. Primrose and J. Kinner are making fast strides and get in at the guards before the game is over. The game will be called at 3:30 o'clock. "Bud" Kearns will referee.

HAMMER IS BESTED BY BENNY LEONARD

New York Lightweight Scores Technical Knockout When Manager Stops Bout.

ENDS IN TWELFTH ROUND

Kansas City, Oct. 19.—Benny Leonard, New York lightweight, scored a technical knockout in the twelfth round of his fight with Ever Hammer of Chicago, here tonight. Hammer's manager stopped the bout to prevent his man being punished further, after Hammer had been knocked down for the count of three. The fight was to have gone fifteen rounds.

The knockdown in the twelfth round was the only one scored during the bout. Of the eleven full rounds fought by the two men, Leonard had eight. Hammer led in two, while one was even.

Charlie Leonard, a brother of Benny, was unable to meet Harvey Thorpe of Kansas City in a preliminary, because of illness. Thorpe and Eddie Shannon of San Francisco, lightweight, fought a ten-round draw.

Minneapolis, Oct. 19.—Rev. C. L. Hall of North Dakota, for forty years a missionary on the Fort Berthold reservation, declared in an address before the American Missionary association today, that the Indian and white races will be completely merged through intermarriage within the next fifty years.

"Despite the fact that the Indian birth rate is rising and the death rate falling, I believe that the Indian race will have disappeared fifty years from now," the speaker said.

Hughes and Fairbanks Club Is Organized at Arapahoe

Arapahoe, Neb., Oct. 19.—(Special.)—A Hughes and Fairbanks club of 100 members was organized here Tuesday night by R. R. Waite of Minden. A very enthusiastic meeting was held and many democrats signed the Hughes and Fairbanks' club role. The club plans to have meetings every Thursday until election. J. E. Swanson was elected president; Harry Crowell, vice president; Frank Ware, secretary; C. S. Fuller, treasurer. A membership committee and speakers' committee were named by the chair.

Blacksmiths Consider Raise in Price List

Hastings, Neb., Oct. 19.—(Special Telegram.)—The proposed price list including several increases is the big question which faces the convention of the Nebraska Association of Blacksmiths, Horseshoers and Wheelwrights, now in session at the court house. It is maintained by the supporters of the proposed changes that the advance in the prices on iron and wood have made increased prices on the work of blacksmiths imperative. The convention opened this morning with about 350 members in attendance.

AMATEURS HOLD ANNUAL MEETING

J. J. Isaacson for Fourth Time Elected President of Base Ball Association.

FORM MID-WEST LEAGUE

The annual meeting of the Omaha Amateur Base Ball association was held Wednesday evening following a banquet given by the board of directors at the Paxton hotel.

J. J. Isaacson, for three years president of the association, was re-elected to the office for a fourth term. Isaacson has been president of the amateur association since its organization. William Blozies was elected to fill the office of vice president, which was created at the meeting Wednesday evening. Blozies has been secretary for the last three years. Jimmy Milota was elected secretary and F. S. Hunter re-elected treasurer.

Two directors-at-large to act during 1917 were also named, George Clark and Robert Kroll.

The board directed President Isaacson to make inquiries into the feasibility of starting the organization of a Midwest Amateur Base Ball association. The two national associations did not enjoy very successful seasons this year and several of the middle western cities are dissatisfied. It is believed that Lincoln, Des Moines, St. Joseph, Kansas City, St. Louis, Minneapolis, St. Paul and Duluth would be glad to accept franchises in a middle west body if Omaha would take the lead in the organization of such.

It was also decided that an advisory board of Omaha business men be named to advise and make suggestions to the board of directors. Crowds in all places will be asked to submit a list of names for this advisory board at the first 1917 meeting.

Huskies Practice Last Time Before Finishing Trip

Nampa, Idaho, Oct. 19.—(Special Telegram.)—The University of Nebraska football team held its last practice before reaching Portland at Nampa. This was the fourth stop of the day. The band played at Pocatello, Shoshone, Glens Ferry, Mountain Home and Nampa.

Crowds in all places were enthusiastic in their reception of the band and the team. Members of the band who go in quest of food at every stop, have trouble in catching the train as it has nearly always started before all have returned and a lively chase ensues.

The common purpose of all those who are making the trip has bound them together in the most congenial and social party imaginable. Today is a much different from yesterday as winter from summer. The sun has shone brightly all day inviting the many amateur photographers out at every stop. Excitement is approaching fever heat as the scene of the gridiron battle draws nearer.

War Summary

DESPITE the unsettled conditions in Greece, which apparently have militated against a determined pushing of the enterprise on the Macedonian front, fresh and successful attacks by French and Serbian troops are reported. The Paris river region, southeast of Monastir, where the town of Brail, within the bend of the river, is situated, has been wrested from the Bulgarians, who recently captured it. A delayed report from Brail announced that the French and Serbian forces had failed of success.

FIRST SNOW OF THE SEASON ARRIVES

Considerable Drop in Temperature Followed by Rain, that Turns Into Snow.

COVERS THE ENTIRE WEST

Preceded by a drop in temperature of 26 degrees one of the earliest snow storms of any marked severity that has ever visited Nebraska held Omaha and practically the entire state in its grasp yesterday. Late Wednesday evening, a blizzard, struck western Nebraska and swept rapidly eastward. Early today it started to rain in Omaha and at 7 o'clock a temperature of 33 degrees was recorded. Shortly afterward the first flakes of snow fell and soon the storm was at its height, accompanied by a cold wind, which in some parts of the state attained a maximum velocity of twenty-five miles per hour.

Although low temperatures were predicted for last night, the bulletin issued by the local office of the United States weather bureau forecasts that the storm will have spent its fury by late today and will have passed on eastward. Tomorrow will be fair, it is predicted, with a gradual rise in temperatures throughout this section.

While snow in October in this district, is not an unusual occurrence, traces having been recorded many times, it is seldom that snow in any quantity has fallen this early in the season and indications are that the present storm will hang up a new record for snowfall for this month. But once since the local weather bureau was established on November 1, 1870, has snow in an appreciable quantity fallen previous to October 20. This was in 1898 on October 17 and 18, when 5.2 inches of snow was recorded. There were traces of snow in October in 1885, 1887, 1888, 1893, 1894, 1895, 1896, 1903, 1910, 1912, 1913, but in most cases they occurred later in the month. The late President William McKinley was in Omaha at the time of the storm in 1898.

More Severe in West. In Wyoming and South Dakota the storm seems to have been most severe. Temperatures as low as 8 and 10 degrees are reported from these states, while snowfalls of between five and six inches were recorded. In western Nebraska the temperature and amount of snowfall were about the same as those reported from South Dakota and Wyoming.

At Lander, Wyo., and west of there temperatures of 10 degrees were recorded and in the Yellowstone National park the mercury descended to 8 degrees. It was 14 above in Cheyenne and points in eastern Wyoming and western and northern Nebraska.

Word received from North Platte, Valentine and other towns west of Omaha reported three or four inches of snow, and with snow still falling. A twenty-mile wind is also reported in those sections.

Four Inches at Norfolk. Although railroads and telegraph and telephone companies report little, if any, difficulties in this section, dispatches from Norfolk state that railroad schedules on all lines have been upset and that telephone and telegraph communication is hampered by a heavy northwest wind and wet snow. At an early hour today the snowfall at Norfolk had reached four inches.

Omaha offices and business houses were permeated by the odor of moth balls. Knee lengths had given way to undershirts of a more substantial character and overcoats and furs that had been in cold storage throughout the summer months had been resurrected. Street cars were taxed to capacity by persons who ordinarily walk to work and the streets seemed half deserted by pedestrians. In today's weather bulletin shippers are cautioned to protect shipments of the next twenty-four to thirty-six hours from temperatures of 15 north and west, 25 east and 30 south.

Two Inches at Sioux City. Sioux City, Ia., Oct. 19.—Two inches of snow covered the ground in this section, and is still falling. It is the first snow of the season.

Sioux Falls, S. D., Oct. 19.—Sioux Falls awoke this morning to find a snow storm of the blizzard variety raging in the northwest. A temperature but slightly below the freezing point prevented drifting, but a blanket of snow two inches deep covered the city. The storm began shortly before midnight and was continuing unabated at 8 o'clock this morning.

Storm at Shenandoah. Shenandoah, Ia., Oct. 19.—(Special Telegram.)—Snowfall that began about 9 o'clock this morning entirely covered the ground and trees. South-west Iowa was blanketed by the edge of a blizzard that raged over Nebraska and South Dakota. The thermometer dropped below freezing and the snow remained on the ground.

Train Schedule Affected. Beatrice, Neb., Oct. 19.—(Special Telegram.)—The first snowstorm of the season, at times assuming the proportions of a blizzard, visited this section today. Snow has fallen to the depth of about five inches and is drifting badly this evening. Trains are all behind time on account of the storm.

HUGHES' STRENGTH ON THE INCREASE

A. W. Jefferis Says Visit to State Made Him Much Stronger.

SITUATION IN HAMILTON

(From a Staff Correspondent.) Lincoln, Oct. 19.—(Special.)—The visit of Charles E. Hughes to Omaha brought about a change of sentiment favorable to the republican candidate for the presidency, which is marked on every hand, according to A. W. Jefferis of Omaha, member of the executive committee of the republican state committee, who had business in the supreme court today and held a conference with Chairman Beach of the state committee after the case he had in court had been argued.

"I know many men in Omaha who were openly advocating the re-election of Mr. Hughes," said Mr. Jefferis. "The masterly address of Judge Hughes satisfied them that he was the man to handle the affairs of this nation during the next four years, when the greatest problems a nation ever had to settle will come up. I think his visit to Nebraska simply means that Nebraska can be counted for Hughes. I can see no other ending of the campaign but that, because of the rapidly changing sentiment."

This appears to be the opinion of every man who visits headquarters. F. E. Edgerton of Aurora and Judge R. R. Smith of the same city, who visited Chairman Beach today, both gave the opinion a change is taking place which means much for the republican candidate for the presidency.

The candidacy of Henry T. Clarke, chairman of the State Railway commission for re-election is meeting with favor by the voters. The apathy which appeared to exist during the first part of the campaign has been brushed away by the incendiary speeches of his opponents, Mr. Wilson, who has shown so much radicalism in his attacks upon the commission that even some of his friends have criticized the wisdom of putting such a man on the commission.

Niobrara, Neb., Oct. 19.—(Special.)—Yesterday the cornerstone of the new \$25,000 school here was laid by the Lodge, Ancient Free and Accepted Masons, No. 87, under Grand Master Andrew Vile, Norfolk, assisted by Grand Marshal Sam L. All business places were closed during the ceremonies and a vast crowd attended. The Niobrara Valley band furnished music by playing national airs and when they played "America" everybody sang that old familiar song, with the Stars and Stripes waving in the gentle autumn breeze above their heads.
