Bootlegging Case
Witness in Court
Swallows Evidence

North Platte, Neb., Oct. 20.—(Special.)—Despite the frantic shouts of County Attorney Gibbs and the emphatic rattle of Judge Miltonberger's gavel on the desk, Charles Hampton, colored, succeeded in drinking half the evidence in a bootlegging case in police court here before the bottle could be taken away from him.
Attorney Grant, representing John Shaffer, the defendant, had called Hampton to test the liquor and determine whether it was whisky after Clifford Mattson had testified to purchasing that particular bottle from the defendant.
Hampton was rapidly guzzling the evidence when stopped by the court. George Rodgers, another negro called as a witness, was ordered to limit his sampling to "one finger" in order that sufficient evidence might be left for introduction in district court, to which Mattson was bound over in the sum of \$300.

Gage County is
Planning for New
Jail at Beatrice

Beatrice, Neb., Oct. 20.—(Special.)—The Board of Supervisors yesterday adopted plans furnished by Architect Grant for a new county jail and jailer's residence for Gage county. The structures will cost about \$35,000, and the board will meet again soon to take some definite action in the matter. The present jail has been in use for the last forty-five years.
Martin, the 20-year-old son of Mr. and Mrs. J. T. Whalen, old residents of Cortland, died last evening at a local hospital of asthma, from which disease he had been a sufferer for some time. The body was taken to Cortland today for burial.

The \$3,000 damage suit brought some weeks ago by O. J. Clark of Lincoln against Constable J. W. Ashenfelter of this city was dismissed yesterday by the plaintiff. The officer recently levied upon the household goods of Clark to satisfy a claim of \$48 held by Cecil Shaw, a plumber. The goods were sold at auction and Clark later brought suit for damages, charging that heirlooms, a family Bible, etc., were disposed of without his being properly notified by the officer.

A big touring car driven by a young man named Hunting crashed into a taxi in charge of Mathias at Sixth and Grant streets last evening, badly smashing it. The driver escaped unhurt. It is alleged that the big car was running without lights.

Republicans Active
In and About Deshler

Deshler, Neb., Oct. 20.—(Special.)—A Hughes and Fairbanks club was organized here by the election of the following officers: President, F. W. Viesselmeyer; vice president, H. J. Struve; secretary, Dr. F. B. Hense; treasurer, Frank Hermentover. Much enthusiasm prevailed at the meeting and it was decided to wage an effective campaign in an effort to carry the county for Hughes and Kennedy by a large majority.

The recent visit of Judge Hughes to this section of the state has given republicans increased energy, owing to the fact that many long-time democrats have declared their intention of supporting the republican candidate for president.

M. B. Russell, Seward, and Burt E. Powel, Hebron, organized the Deshler club. Mr. Powell is one of Thayer county's most active and effective republican workers and is doing some splendid work for the national ticket.

Noyes, Former Fremont
Boy, Dead in the East

Fremont, Neb., Oct. 20.—(Special.)—Word has been received announcing the death at Pittsfield, Mass., of Robert Noyes, a former Fremont boy, who was a victim of infantile paralysis. He had been ill only three days. For several years he had resided at Brooklyn, where he was employed as instructor in the Platt institute.
When the infantile paralysis plague broke out last summer, Mr. Noyes gave up his position and went to Pittsfield in order that his children would be out of danger. He was employed in the laboratory of the General Electric company.

He was the son of Mr. and Mrs. C. B. Noyes of Fremont, and spent most of his life in Fremont. He graduated from the Fremont high school and of the engineering department of the state university. A wife and two daughters, besides his parents, two brothers and one sister, who is a missionary in the Philippines, survive. It is probable burial will be made at Pittsfield.

STORM FAILS TO
STOP GOOD WORK

Campaign of Kennedy and
Warner Goes on in State
Regardless of Blizzard.

HUGHES SENTIMENT GROWS

Dakota City, Neb., Oct. 20.—(Special.)—The onward march of republicanism goes on in spite of snow and blizzard. Although John L. Kennedy, republican nominee for United States senator, and W. P. Warner, republican candidate for congress from the Third district, were obliged to abandon their automobile campaign temporarily they will continue by train to hold meetings as planned.
Hans Knudsen, Jackson; J. J. McCarthy, Ponca; Elmer Robinson, Hartington; David Paull, Concord, and W. F. Filley, Allen, report that Hughes sentiment is growing in their sections of the state, and that since the speech in Sioux City, the party sentiment has been crystallizing rapidly, and that Hughes will get the normal republican vote this fall, and that Kennedy and Warner will run far ahead of the republican state ticket. Outside of one or two exceptions, the towns in which the saloons are plastered with Neville and Hitchcock posters, Judge Sutton will get a heavy vote for governor in the Third district. You can tell the saloons in these towns a block away by the number of Hitchcock and Neville posters in the windows.

Comments on Partisanship.

Judge J. J. Eimers, Dakota City, commenting on the partisanship of the democratic papers, stated that recently one of these papers had placed a head, showing an endorsement of President Wilson and the democratic administration, over a news story which merely described an accident in which two automobiles had run together. Much displeasure is expressed here because of the refusal of these democratic papers to print the news.
The discovery of an obsolete law in Iowa which provides the right to vote to the militiamen on the Mexican border, and stationed at the border, following an act of the Wisconsin legislature providing a similar right to the Wisconsin soldiers, has set the people in northeastern Nebraska talking. They are wondering why the Nebraska legislature is not convened and the right to vote extended to the Nebraska boys on the border.

It is reported here that the border soldiers are for Hughes, and that they want to get home in time to vote.

Box Butte Needs
Cars in Which to
Ship Out Potatoes

Alliance, Neb., Oct. 20.—(Special.)—The potato industry of Box Butte county will suffer a great injury unless the car shortage situation is changed at once. It is reported through railway circles that no cars of any kind or description will be available for a week at least.
After a conference with Superintendents Weidenhamer and Young Secretary Bushnell of the Commercial club advised all farmers to prepare everything possible to save the crop their potatoes for storage and do at this time. The railroad officials are apparently doing all within their power to remedy the situation, but the nation-wide car shortage will prevent any help for some little time. The Nebraska Railway commission has been advised of conditions in the hope that the potato growers can protect their wonderful crop by receiving cars at once to ship their potatoes.

Aldrich Talks to
Newman Grove Men

Newman Grove, Neb., Oct. 20.—(Special.)—Tuesday evening ex-Governor Aldrich delivered an address to the voters of this locality. It was an open air meeting.
The first snowstorm of the season came yesterday. Corn husking has just begun and the storm is going to work considerable of a hardship among farmers.
Since last week when the two extra passenger trains were taken off, people are again struggling along under the most deplorable train service in the state, depending upon a freight train by way of Oakdale for the eastern mail. This train does not arrive early enough in the day to bring important mail in time to be of any value.

One Minute Store Talk

A famous New York retailer (a recent visitor to our store) in going through our clothing stocks said: "The best balanced selections I have ever seen."
Well-balanced stocks are a rarity, indeed. Too often a store leans to college clothes, or conservatives, or some one maker's productions—hobbies that play havoc with store service. What a difference here where each subject is treated as a distinct specialty. Volume of business enables us to offer assortments as broad as your wishes—each section is practically a store in itself—each line a highly-specialized feature. Here's store service that stands supreme in men's wear selling.
