

Cut Out Meats If Kidneys Are Troubling You

Uric Acid in meat excites Kidneys and Irritates the Bladder.

Noted Authority says we must flush Kidneys with Salts if Back hurts.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink; and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.—Advertisement.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

WHY MEN CHEW TOBACCO

It's the Only Way That Real Tobacco Hunger Can Be Entirely Satisfied

"OLD KENTUCKY" IDEAL CHEW

Since tobacco was first introduced to civilization, nobody has ever discovered so supremely satisfactory a way to get all the flavor and enjoyment out of it as chewing it. And no other form of chew can give you the hearty, wholesome, juicy flavor that you get from a delicious high-grade plug tobacco like Old Kentucky.

The secret of the greatest chewing satisfaction lies in the selection of your chew. Among plug tobaccos the brand that gets the most enthusiastic endorsement is undoubtedly Old Kentucky. The reason for this is not hard to find.

Old Kentucky is made exclusively of ripe Kentucky Burley—the most richly-flavored chewing tobacco that grows. Still more, only the very choicest of all the Burley leaf is used for Old Kentucky.

This choice leaf is selected with the most painstaking care, is stemmed by hand, is thoroughly washed free of all foreign matter and is pressed into plugs so slowly that not a drop of juice or an atom of flavor escapes. Moreover, Old Kentucky is made under the most rigid, cleanly and sanitary conditions.

The result is a sweet, mellow, luscious, satisfying chew that cannot be obtained in any other tobacco than Old Kentucky. Try a 10c pocket plug to-day. —Advertisement.

Nebraska

ASKS HITCHCOCK ABOUT HIS RECORD

North Platte Man Wishes to Know How His Votes in the Senate Aided Nebraska.

HELPS SOUTH, NOT WEST

North Platte, Neb., Oct. 25.—(Special.)—Should United States Senator Gilbert M. Hitchcock answer certain questions propounded to him by J. E. Evans, former receiver in the United States land office here, in an open letter addressed to Nebraska's representative in the senate, his record of "aiding Nebraska and the west" might not be so clear. Mr. Evans asks many pertinent questions concerning the senator's vote on various bills that lacked much in aiding the west, but is not anticipating an answer from Mr. Hitchcock. Mr. Evans' letter follows:

"I have been for the last few years a diligent reader of the Congressional Record, where we get the facts and do not need to read self-laudatory campaign circulars to know how you stood and what you helped to do as a senator.

"Standing by Nebraska. In your letter you say you think your record should justify the support of voters who want their senator to stand for the interests of the people and to represent the west.

"Were you, senator, standing up for the interest of the people when you voted millions to pump water into dry rivers like the Trinity and the Brazos to make dry creek beds navigable?

"Were you, senator, representing the west when you voted to donate \$9,000,000 to reclaim deeded land in the south while you compel our own people around Scottsbluff and elsewhere in the west to pay \$55 an acre to get water on their land?

"Were you, senator, standing up for the west when you voted to place a protective tariff on everything grown in the south and to place everything grown in the west on the free list?

"Ticking the Germans. Were you, senator, playing politics when you introduced the ammunition embargo, but which the president sat down on, or did you introduce the bill to 'tickle the Germans'?

"Now you are asking support because you have supported the administration. No doubt, senator, you thought introducing that bill a smart political move. You should not have boasted about 'ticking the Germans.' It looks as though you did not mean it.

"No, Mr. Senator, I do not intend to give you my support, after reading your record upon caucus rule extravagance, your neglect of the interests of the country as a whole and especially of the west, your buncombe embargo bill to 'tickle the Germans,' and the many hundred roll calls you failed to vote. All of which leads me to believe we would be much better represented with Mr. Kennedy in the senate."

(Signed), "J. E. EVANS."

Sage Tea Turns Gray Hair Dark

It's Grandmother's recipe to bring color, lustre and youthfulness to hair when faded, streaked or gray.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients for 50 cents a large bottle, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous. This ready-to-use preparation is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.—Advertisement.

Mr. C. F. Harrison,

October 16, 1916.

Dear Sir—

Relative to the effect of prohibition on the retail grocery business of Portland, Oregon, I believe I am in a position to state as a positive fact, susceptible of proof, that prohibition has increased grocery consumption twenty per cent and that collections have improved fifty per cent since the law went into operation. Whatever statements may be made to the contrary, the fact remains that prohibition has greatly improved business conditions in all branches of the mercantile life. Our people are wearing better clothes, buying more automobiles, improving their property, spending more time with their families. Personally, I was opposed to prohibition, but prohibition has made me a prohibitionist.

Yours very truly,
