

HUGHES SPEAKS TO THE FARMERS OF EMPIRE STATE

Nominee Declares America Can Have Neither Peace Nor Security Till It Prepares to Maintain Rights.

DEM PROMISES ARE BROKEN

Traditional Policy of Democratic Party Not Suited to Economic Needs Just Now.

FLAG MEANS PROTECTION

Newark, N. Y., Oct. 28.—Charles E. Hughes today told an audience of farmers here today that America could have neither peace nor security until it was prepared to maintain unflinchingly the known rights of its citizens on land and sea.

"Our opponents have told us in very explicit terms," he said, "that the constitutional rights of American citizens should follow them throughout the world and that whenever they were lawfully following their business they should have full protection for their lives and property. That principle I believe in, but performance has not matched promises.

"We shall have no peace, no security, unless we maintain our self-respect; unless we have the esteem and friendship of all nations, unless the American flag means justice, courteous treatment, but firm and unflinching insistence upon American rights with respect to lives, property and commerce on land and sea throughout the world."

The candidate assailed the broken promise as one "of broken promises," citing among other things, the alleged failures to observe the merit system in making appointments, and to reduce the high cost of living.

"Our opponents told us they were going to reduce the high cost of living," he said. "We now have the higher cost of living. They have had a certain policy to which for generations they have adhered. I do not regard it as American policy. It is very obviously unsuited to the economic needs at this time.

"We have a temporary prosperity due to the abnormal conditions brought about by the European war. But what are the conditions we have had? Is it possible that we can now forget the conditions that existed in this country before the war? Consider the business depression before the war, consider the serious condition throughout this country. Plants were closed, others were reduced, thousands of men were walking the streets of our large cities looking for work. It was a day of soup kitchens."

Mr. Hughes declared that to prevent a "repetition" of business depression when the war ends it would be found necessary to apply "the sound republican doctrine of protection to American industries."

In "Fool's Paradise."

Oswego, N. Y., Oct. 28.—Charles E. Hughes in his speech here today told an audience that "We are living in a fool's paradise if we expect our present prosperity to continue when the abnormal demands of Europe have spent their force after the war."

"Do not deceive yourself," Mr. Hughes said, "with the idea that after this war there will be an entry into the commercial rivalry of nations so impoverished, so wasted, that they will be unable to give an effective competition. We are cherishing the notion of a prosperity suddenly created and destined to cease when the European war ends.

"Let not American labor deceive itself with the delusion that we can maintain the prosperity we now enjoy based on the exceptional demands of the war after those demands have been satisfied. This competition is coming; you can't dispose of it by phrases; you can't mock it by words. It is there; it is going to come.

"You have got to meet the situation by application of the sound republican principle of a protective tariff. What a vain thing it is now to tell labor that it is in a state where it can congratulate itself upon the present prosperity."

The special train of Charles E. Hughes narrowly missed running down the republican presidential candidate, who was in an automobile when he returned to the railroad station after making a campaign speech here today.

Mr. Hughes' automobile drove directly in front of the train, which, having left the station to turn around while the candidate was speaking, was not visible around the curve as it was pulling back into the station.

The automobile backed away in time to avert an accident.

Man Who Threatens President Escapes From Sanitarium

Pittsburgh, Pa., Oct. 28.—Morris Diamond of Bay City, Mich., who was sent to the city home at Marshalsea, a month ago, after his arrest here for sending threatening letters to President Wilson from Cleveland, escaped from the institution last night. Diamond has been under observation by physicians to determine his sanity. His escape was reported to the federal authorities, and secret service men were at once sent to Marshalsea to join the searching party sent out from here. When Diamond was arrested he told the police that mysterious voices were calling on him to kill the president.

MEXICAN CHARGES WILSON WITH LAX BORDER METHODS

Chairman Cabrera of Mexican Mediators Attacks Administration for Playing Into Hands of Villa.

STATEMENT IS A SURPRISE

American Officials Pronounce It Extraordinary and Say State Bureau May Act.

PLOTTERS ON THIS SIDE

Nogales, Ariz., Oct. 28.—Two Americans, Charles England and Fritz Schultz of Milwaukee, mining men, were executed in Chihuahua City by direct orders of General Trevino, a Carranza officer, on September 19, according to Richmond Von Dohlen, a naturalized German-American citizen, who arrived here today.

Washington, Oct. 28.—In a statement issued today, Luis Cabrera, chairman of the Mexican section of the Mexican-American joint commission, assailed American officials for alleged laxity in dealing with anti-Carranza propagandists along the border. Officials pronounced it "extraordinary" and gave some indications that it might be the subject of action by the State department.

Carranza Shifts Garrison.

Columbus, N. M., Oct. 28.—The Carranza garrison which was stationed at El Valle, forty-five miles from American field headquarters at Colonia Dublan, evacuated that town late Thursday night and is riding toward Chihuahua City, it was learned here today from sources which have been considered reliable in the past.

This Carranza garrison has been stationed at El Valle for several weeks and has occupied a position between the American field headquarters at the extreme southern outpost of the American forces.

It was reported here that the El Valle garrison commander received a hurried order to report to General Trevino in Chihuahua City to participate in the enveloping movement against Villa and started at once on a ride of approximately 150 miles, a greater part of which was through territory nominally in control of the Villa forces.

Causes Surprise.

The statement, which caused officials much surprise as coming from the head of a Mexican delegation now attempting to adjust border troubles, was issued by the Mexican news bureau, which acts for the Mexican embassy. It follows:

"A broad interpretation of the federal laws of the United States dealing with neutrality and regulating immigration with a strict, consistent and efficient administration of these laws by the executives to whom their administration is delegated, would go a long way toward correcting the border disturbances and allay much of the unrest which at present pervades that region.

"In the United States are many Mexicans and groups of Mexicans inimical to the Carranza government. Plottings and schemings without end are engaged in, not alone by the extreme conservatives, who are striving to bring on intervention with the hope that the constitutional government shall be restored by the aid of American armies, but also there are groups of extremely radical malcontents, whose hope is the destruction of the Carranza government, that license, banditry and rapine may continue and multiply until human rights and property rights all are destroyed.

Promoted by Plotters.

"The conservatives and reactionaries are taking advantage of the situation created by the ultra radicals. The importation of arms and munitions for the use of Villa, Zapata and the other bandits and brigands, is conducted under the very eyes of supreme officials whose business it would be to hinder their transmission across the border.

"The propaganda of revolt against constituted order is being promoted by scores of conspirators, known both to the Mexican and the American officials who, by even the most strictly interpretation of America's immigration laws should be deported from the United States.

"That the American government is competent to restrict and restrain the

German Chancellor Asks for Twelve Billion Marks More

Berlin, Oct. 28.—(By Wireless to Sayville.)—Count von Roedern, secretary of the imperial treasury, in his speech before the Reichstag yesterday when he asked the members to vote a new war credit of 12,000,000,000 marks, said it was evident up to the present that Germany's financial burdens, compared with the efforts and results, were lighter than those of its adversaries.

After stating that the monthly German expenditure had reached 2,187,000,000 marks because Germany had extended its front into Transylvania and Dobruja, Count von Roedern said:

"To this sum there must be added in the present month 250,000,000 marks, which amount is to be repaid to federal states or townships for relief advanced to families."

Demos Resort to Ruse to Make Short Woodrow Wilson Parade Seem Long

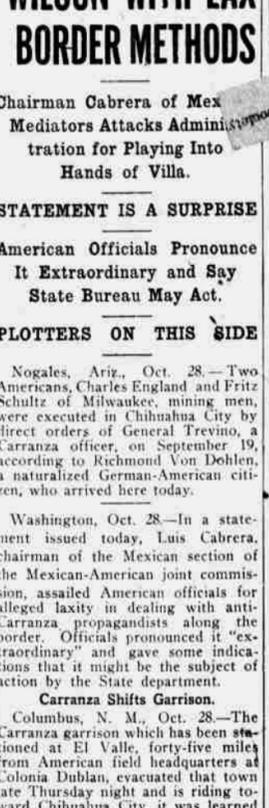

Once upon a time a merchant in a certain town not far from the banks of the Missouri river discovered that business was unusually quiet. He thought and he thought, and then unto his clerk he said: "Drive the wagon to the front door, load up and drive around to the back door and unload and repeat that several times."

The result was people who thought he was doing quite a business until some told about it at the town barber shop.

By doubling back yesterday afternoon, the democrats held what appeared to be an automobile parade of considerable length, but which in fact consisted of 176 machines out of 530 announced as the number volunteered for the occasion. When the same faces appeared twice along Farnam street pedestrians in front of republican headquarters could not restrain their laughter.

The original plan was to hold a "Wilson Day" auto parade, but the demonstration resolved itself in a parade of democratic candidates and officials and employees of the city administration, plus their families and

RUSSIANS BEGIN NEW OFFENSIVE IN UPPER GALICIA

Report from German Sources Indicates Beginning of a Tremendous Drive in Eastern Arena.

FIGHTING IN ROUMANIA

Teutons Continue to Gain in Transylvania and Dobruja Regions.

WEST REPORTS CONFLICT

London, Oct. 28.—A telegram received in Rome from a German source reports there are indications of the beginning of a tremendous new Russian offensive in Galicia and Poland, says a dispatch from the Italian capital received by the wireless press.

Teutons Continue Drives.

The Teutonic drive against Roumania continues with little diminished velocity, new successes for both Field Marshal von Mackensen and General von Falkenhayn being announced. Herova, on the Danube, was occupied by the Bulgarians. Yesterday's official statements reported Field Marshal von Mackensen's advance forces to have reached this district, whence their line stretches across Dobruja, forty to sixty miles north of the Constanza-Tchernavoda railway, to Casapeui, on the Black Sea side.

According to unofficial reports from Petrograd, a notable advance has been made by the Austro-German forces invading Roumania from the north. General von Falkenhayn's forces are now said to have reached Campulung, twenty miles south of the Roumanian frontier. From Campulung the plain stretches away toward Bucharest, eighty miles distant.

Reports in West Conflict.

The French are pressing their new offensive in the Verdun region and, according to Paris, have captured in a hand grenade attack the quarry northeast of Fort Douaumont. Berlin declares several French attacks yesterday in the Douaumont region and along the line of the new French advance were sanguinarily repulsed.

On the Somme front Berlin announces the resumption of strong attacks by both the British and French yesterday in the Guedecourt-Les Boeufs and Morval regions, north of the Somme.

French Capture Quarry.

Paris, Oct. 28.—French forces in the region of Verdun last night captured by the use of hand grenades the quarry held by the Germans to the northeast of Fort Douaumont. It was officially announced by the French war department today. A brisk artillery duel continues in the region of Douaumont. On the Somme front last night, the statement adds, there was an intermittent artillery bombardment.

Bryan Democrats Fight Hitchcock

Democratic Senator's Alliance With "Wet" Workers Angers Those Demanding Moral Leadership.

OPPOSE NEVILLE, ALSO

Nebraska democrats who believe that the leadership of William J. Bryan has been a moral leadership, and who also believe that Senator Hitchcock and Keith Neville are being supported by the brewers, distillers and saloonkeepers, have started a movement for the defeat of Hitchcock and Neville and the election of John L. Kennedy and Ben S. Baker.

These voters represent class who still have faith in Mr. Bryan and who maintain that the election of Hitchcock and Neville will do injury to the party and the state.

Type of Opponents.

Prominently identified with this movement are these men: R. C. Roper of David City, prominent democrat and former county judge; N. W. Kalmeyn of University Place, lumber and coal merchant and well known in democratic affairs; Frank S. Allen, another business man of University Place; L. J. Quinby of Omaha, former state senator; I. K. Holmes, business man of Fairbury; A. J. Knepper of Lincoln, retired business man, ten year county commissioner of Butler county, and prominent in politics and business; W. G. Kline of Lincoln, president of Wilson and Marshall club; John R. Street of Broken Bow, prominent democrat; Dr. WIT. Hurst, president of democratic club at Broken Bow; W. R. Patrick, Omaha, former state senator from Sarpy county; Frank E. Tinker, resident of Fairbury forty years and former mayor of that town.

These men have started an effective movement for the defeat of Hitchcock and Neville. They are men of political influence in their respective communities. Their position is that for the welfare of democracy in this state, Hitchcock and Neville must be eliminated. They express loyalty to President Wilson.

These prominent Nebraskans have subscribed their names to the following statement of their position:

"To the progressive democrats and populists of Nebraska: The democratic party in Nebraska has reached a crisis where it will take heroic treatment to preserve its usefulness. Twenty-two years ago Mr. Bryan rescued the democratic party from the control of the public service corporations. The democratic party in Nebraska became the leader of thought and action for the democratic party of the nation. The legislation that has been enacted by President Wilson and a democratic congress is a fulfillment of the pledges made to the people by Mr. Bryan twenty years ago and consistently advocated by him and by the democrats of Nebraska until those pledges have been carried out. Is the democratic party in Nebraska going now to strike its colors and go over to the enemy?

Posted by Liquor.

"For the last two years there has been forming within the democratic ranks a combination of the various special interests under the leadership of the liquor interests that has culminated in the nomination of Mr. Hitchcock and Mr. Neville. This same combination of the special interests and immoral elements of the state, through misrepresentation in the columns of so-called democratic newspapers and the lobbyists and agents of the liquor interests, defeated Mr. Bryan as a delegate to the national convention at St. Louis. The delegates from Nebraska representing the liquor interests at the St. Louis

Bryan Democrats Fight Hitchcock

Democratic Senator's Alliance With "Wet" Workers Angers Those Demanding Moral Leadership.

OPPOSE NEVILLE, ALSO

Nebraska democrats who believe that the leadership of William J. Bryan has been a moral leadership, and who also believe that Senator Hitchcock and Keith Neville are being supported by the brewers, distillers and saloonkeepers, have started a movement for the defeat of Hitchcock and Neville and the election of John L. Kennedy and Ben S. Baker.

These voters represent class who still have faith in Mr. Bryan and who maintain that the election of Hitchcock and Neville will do injury to the party and the state.

Type of Opponents.

Prominently identified with this movement are these men: R. C. Roper of David City, prominent democrat and former county judge; N. W. Kalmeyn of University Place, lumber and coal merchant and well known in democratic affairs; Frank S. Allen, another business man of University Place; L. J. Quinby of Omaha, former state senator; I. K. Holmes, business man of Fairbury; A. J. Knepper of Lincoln, retired business man, ten year county commissioner of Butler county, and prominent in politics and business; W. G. Kline of Lincoln, president of Wilson and Marshall club; John R. Street of Broken Bow, prominent democrat; Dr. WIT. Hurst, president of democratic club at Broken Bow; W. R. Patrick, Omaha, former state senator from Sarpy county; Frank E. Tinker, resident of Fairbury forty years and former mayor of that town.

These men have started an effective movement for the defeat of Hitchcock and Neville. They are men of political influence in their respective communities. Their position is that for the welfare of democracy in this state, Hitchcock and Neville must be eliminated. They express loyalty to President Wilson.

These prominent Nebraskans have subscribed their names to the following statement of their position:

"To the progressive democrats and populists of Nebraska: The democratic party in Nebraska has reached a crisis where it will take heroic treatment to preserve its usefulness. Twenty-two years ago Mr. Bryan rescued the democratic party from the control of the public service corporations. The democratic party in Nebraska became the leader of thought and action for the democratic party of the nation. The legislation that has been enacted by President Wilson and a democratic congress is a fulfillment of the pledges made to the people by Mr. Bryan twenty years ago and consistently advocated by him and by the democrats of Nebraska until those pledges have been carried out. Is the democratic party in Nebraska going now to strike its colors and go over to the enemy?

Posted by Liquor.

"For the last two years there has been forming within the democratic ranks a combination of the various special interests under the leadership of the liquor interests that has culminated in the nomination of Mr. Hitchcock and Mr. Neville. This same combination of the special interests and immoral elements of the state, through misrepresentation in the columns of so-called democratic newspapers and the lobbyists and agents of the liquor interests, defeated Mr. Bryan as a delegate to the national convention at St. Louis. The delegates from Nebraska representing the liquor interests at the St. Louis
