Short Story in the Life of J. Williams, Burglar. J. Williams, who gives Detroit as his address, decided to break into a room in the Merchants' hotel. Out of something like 100 rooms Mr. Williams chose the one occupied by Montana Jack Sullivan, which shows Mr. Williams is a poor picker. Jack discovered Williams in the room and promptly uncoupled that justly celebrated right with which he made a name for himself in the prize ring for a number of years. Williams went down for the count and didn't move until the police arrived. The police magistrate bound him over to the district court with bonds fixed at \$750.

IF BACK HURTS TAKE SALTS TO FLUSH KIDNEYS. Says Backache is sure sign you have been eating too much meat.

Uric Acid in meat clogs Kidneys and irritates the bladder.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine.

This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Adv.

50,000 QUALIFY TO VOTE AT ELECTION

But Few Thousand Short of That Now Registered in Greater Omaha.

1,800 ARE ADDED FRIDAY

The total registration of voters in Greater Omaha will be within a few thousand of the 50,000 mark, it is estimated by Harley G. Moorhead, election commissioner. While the official registration figures probably will not be compiled until Tuesday or Wednesday of next week, it is practically certain that all records for Douglas county and all pre-elections will go by the boards.

A whirlwind finish marked the close of registration at the office of the election commissioner, in the neighborhood of 1,800 prospective voters being taken care of Friday. The election commissioner's office was jammed to the guards all day long. In front of the registration desk, shortly before 6 o'clock, a solid mass of men, four and five deep, waited patiently for a chance to qualify for their right for franchise.

Thousands a Day. The average for the week was about 1,000 registrations a day. The office force had to be increased each day, until Friday night thirty-five clerks were at work taking the names of the voters. The office was open until 10 o'clock at night on the closing day.

The list of names on file in the election commissioner's office on August 1 totaled approximately 39,000. This list included, however, what is known as the "dead timber"—several thousand names which had to be stricken from the records on account of changes of address, removals from the city and deaths. In the neighborhood of 5,000 voters who changed addresses re-registered.

Omaha Hay Exchange Needs Better Trackage Service. The heavy movement of hay from out in the state is beginning to be felt in Omaha and the officers of the Omaha Hay exchange have been negotiating with the railroads for better trackage facilities. It is said that during the winter the present trackage facilities will be inadequate to handle the large hay business.

Appeal in The Bee Brings Two Wheel Chairs to the Needy

Mrs. W. R. Adams, "mother" of the Visiting Nurse association, is happy over the response to her appeal in The Bee last week for an invalid chair.

One invalid chair was sent her from out in the state for the needy sufferer and the price for another chair was collected by an Omaha woman. Mrs. Adams says the second chair will also be used in some needy case.

"77" HUMPHREYS' SEVENTY-SEVEN FOR GRIP, INFLUENZA COLDS

Taking Cold is the cause of more numerous diseases than is any other single known cause. One half of the diseases of the human race is caused by taking Cold.

The more common diseases due to taking Cold are catarrh, influenza, bronchitis, asthma, quinsy, sore throat, croup, pleurisy, rheumatism, erysipelas and neuritis.

Why risk having any of these when the use of "Seventy-seven" at the first chill or shiver will break up the Cold in its inception?

"Seventy-seven" contains nothing harmful nor injurious and leaves no bad after effects. A small vial of pleasant pellets fits the vest pocket; handy to carry, easy to take. 35c. at all drug stores in all America.

Woman's Tongue And Leather Lungs Win Boy's Liberty

Judge Leslie has resigned to the belief that the only instrument that becomes keener with constant use is a woman's tongue. Sitting in juvenile court, Judge Leslie sentenced a wayward lad to Riverview home. Then the storm broke. The angry mother sent up a wail that could be heard in the remotest corner of the county jail, three floors above. She protested in a shrill tone of voice that the "judge didn't dare send her son to Riverview."

When the judge ordered her removed from the juvenile court room she stood outside the door and continued to yell, scream and otherwise voice her disapproval.

Judge Leslie finally quieted the uproar by calling her back into the court room and telling her that he'd give the boy "one more chance."

"When" exultated the judge as he saw the leather-lunged mother leading her "young and innocent" home. "I certainly do hope that boy behaves in the future; that woman got on my nerves."

Are Street Cars to Stop On Near Side?

Maybe the old near-side stop for street cars is to come up in Omaha again. The Commercial club is discussing it for the downtown business district. It was tried some time ago all over town, but proved unpopular because it was city-wide, and therefore caused stops to be made in the mud in the districts that are not paved.

Duffy's Reputation for Reliability cannot be usurped by "something just as good." If a dealer considers an imitation of Duffy's "just as good," why does he attempt to sell it to you? He knows imitations are not "just as good" as Duffy's Pure Malt Whiskey.
